### **NE 5<sup>th</sup> Street Improvements Project**

**Phase 4 of the pavement reconstruction work on 5<sup>th</sup> Street, from Lafayette Avenue west to the railroad tracks, is scheduled for Monday, May 22<sup>nd</sup> through Friday, May 26<sup>th</sup>. The new traffic signals on 5<sup>th</sup> Street are scheduled to be activated the evening of May 31<sup>st</sup>.**

The final phase of the street reconstruction on 5<sup>th</sup> Street, between Lafayette Avenue and Irvine Street, will begin Monday, May 22<sup>nd</sup> and is expected to be complete on Friday, May 26<sup>th</sup>. Motorists should expect road closures to through traffic on 5<sup>th</sup> Street between Lafayette Avenue and the railroad tracks during this time. Traffic control signage and detour routes will be in place. Pedestrians and motorists are urged to use caution when using the corridor and obey traffic control devices and pedestrian detour routes for the safety of all.

The new traffic signals along the 5<sup>th</sup> Street corridor are scheduled to be activated on Wednesday, May 31<sup>st</sup> beginning at 7pm. Short term lane restrictions will be required when activating the signals and signs warning motorists of traffic control revisions will be in place. All of the new traffic signals along the corridor are expected to be operational, and the signal at 4<sup>th</sup> & Adams removed, by 11pm.
