

Kent Taylor Civic Hall Council Chambers 200 NE Second Street McMinnville, OR 97128

Budget Committee Meeting Agenda Monday, May 24, 2021 6:00 p.m.

Welcome! The public is strongly encouraged to participate remotely but there is limited seating at Civic Hall for those who are not able to patriciate remotely. However, if you are not feeling well, please stay home and take care of yourself. In accordance with State of Oregon guidelines, **all who wish to attend public meetings must wear a face mask or some kind of face covering is required while in the building and you must maintain six feet apart from others.**

Submitting public comment prior to the meeting is encouraged. Comments or questions regarding the budget or the use of state shared revenues received by <u>Friday, May 21, 2021</u> will be compiled and distributed to the Budget Committee members prior to the meeting. <u>www.mcminnvilleoregon.gov/finance/webform/budget-public-comment</u>

Public comment may also be given in real time by joining the zoom meeting. If appearing via telephone only please sign up prior to the meeting by emailing the City Recorder at <u>Claudia.Cisneros@mcminnvilleoregon.gov</u> as the chat function is not available when calling in. All others may join zoom and send a chat directly to City Recorder, Claudia Cisneros, to request to speak and use the raise hand feature in zoom to request to speak, once your turn is up we will announce your name and unmute your mic.

> You can live broadcasts the City Council Meeting on cable channels Xfinity 11 and 331, Frontier 29 or webstream here: <u>www.mcm11.org/live</u>

You may join online via Zoom Meeting: <u>https://mcminnvilleoregon.zoom.us/j/95046589287?pwd=ZkU1KzhTRmVycGRRdUtYSU5pdURrQT09</u> Zoom ID: 950-4658-9287 Zoom Password: 933095

> Or you can call in and listen via zoom: 1-253- 215- 8782 ID: 950-4658-9287

- 1. RECONVENE CITY BUDGET COMMITTEE MEETING FROM MAY 19, 2021
- 2. ROLL CALL
- 3. CONTINUE REVIEW AND DISCUSSION OF PROPOSED 2021-2022 BUDGET
- 4. BUDGET COMMITTEE RECOMMENDATION TO APPROVE THE 2021-2022 BUDGET AS PROPOSED OR AMENDED AND TAX RATE
- 5. ADJOURNMENT

The Urban Renewal Agency Budget Meeting will immediately follow

Kent Taylor Civic Hall is accessible to persons with disabilities. A request for an interpreter for the hearing impaired or for other accommodations for persons with disabilities should be made a least 48 hours before the meeting to the City Recorder (503) 435-5702. For TTY services, please dial 711.

BUDGET MESSAGE

7 of 570

May, 2021 The Honorable Scott Hill, Mayor City Council and Members of the Budget Committee

I. INTRODUCTION

Do not get lost in a sea of despair. Be hopeful, be optimistic. Our struggle is not the struggle of a day, a week, a month, or a year, it is the struggle of a lifetime. Never, ever be afraid to make some noise and get in good trouble, necessary trouble.

~John Lewis

The continuing social and economic impacts of the COVID-19 Pandemic has created hardships for the City and forced creative and innovative approaches to service delivery, some short term in nature and others longer term. As with every budget, the work this year has required the attention of dozens of City employees. In addition, we have met with many more employees than in a typical year to inform them about key aspects of the budget.

The initial gap to balance and start Fiscal Year (FY) 21-22 with about one-month reserve was approximately \$3.5 million. The gap was significant and was also viewed as short term as the City works towards the possibility of a Fire District which would create additional long term financial capacity. By updating revenues and expenditures and reassessing FY21-22 requests based on historic spending rather than historic authority the gap was closed to \$2 million. Round one budget proposals included revenues and expenses that were incrementally higher than current year (3% and 6.4% respectively, typical historic growth) and, in some cases presumed growth based on historic appropriated amounts. Most information was based on end of calendar year-to-date experience. Initial capital requests of \$1.3 million (about two times recent amount) were reduced, based in part on the decision to not do any internal borrowing to support the expenses.

Revenues and expenses were updated based on actuals through February. All forecasts are based on experience and do not presume additional COVID or disaster relief that is not already received or committed. Decisions were made to hold certain vacancies open in Police, Fire, Parks & Recreation, Park Maintenance, Administration (all vacancies will be reviewed for budget and service impact prior to filling). Essential expenses only for balance of FY have been implemented in some departments. A furlough program for non-union positions has been crafted, communicated with employees and was implemented the week of April 5 (more detail is provided below). Outside, but concurrent with this budget process, some revenue initiatives will be evaluated and presented to the City Council and Budget Committee for consideration. Information will be provided in early May before the Budget Committee meets to consider this proposed budget. Community input and engagement will be part of any revenue strategy, and initial polling on revenue options will be the focus of the presentation. Staff would encourage a thoughtful policy approach, including significant research, analysis and public engagement prior to implementing any new revenue or significantly expanding existing revenue streams, thus this balanced budget is presented without recommendations for new revenue sources.

Each department was asked to present second round requests that were 10% lower than first round numbers. Those proposals included both expense reductions and revenue increases and were reviewed individually with departments and the Budget Team as well as by the whole Executive Team. Many of those changes were incorporated in the budget, some were not based on an assessment of equity and service impacts and in a couple of cases additional changes were requested and ultimately included.

While we will see reduced services from current levels and are not yet making capital investments of the scale needed, we believe that the service impacts are short term in nature and that we have met the charge to move the General Fund Reserve closer to the Council's policy

direction by having more operating reserve as part of this budget than there was in the FY20-21 budget.

Through all of this effort, we have continued to make decisions consistent with Mac-Town 2032. One of our goals is to: Strengthen the City's ability to prioritize and deliver municipal services with discipline and focus.

Furlough Program

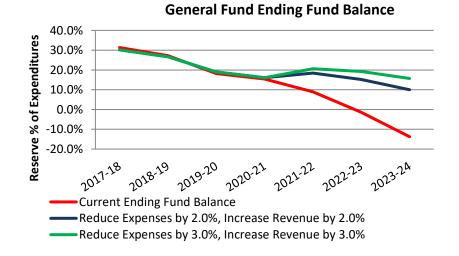

Nearly 80 employees, including the City Manager, the entire Executive Team and most other non-union employees will take approximately 23 unpaid days (about one a week) between the beginning of the program and early September. The City will participate in the Oregon Employment Department's Work Share Program which will allow the City to recover the full value of unpaid wages and will allow eligible employees (the vast majority of those furloughed) to access unemployment benefits. This equates to 20% fewer days worked by these employees and will have a service impact, mostly in terms of limited access and delays in response and delivery of some programs and services. Each department will be responsible for describing and effectively communicating the specific impact in their work groups. In addition to most General Fund work groups, the Street and Building Funds will also furlough employees. The Wastewater Utility will not furlough. In addition, the City will explore opportunities for cost savings with the Police and Fire Unions in the context of collective bargaining. We expect this program will generate about \$650,000 in savings. The program will be evaluated mid-summer for possible extension or termination.

American Rescue Plan Act of 2021

The City expects to receive approximately \$7 million in federal funds to help address the negative impacts of the COVID-19 Pandemic. The funds will be received in two payments (likely in June of this year and next) and must be spent by December 31, 2024. While we expect that these funds can be used to support general operations, stabilize reserves and initiate or complete key projects, they are one-time dollars and we should be both strategic and prudent about how they are spent. We will actively engage the Council, Budget Committee, key partners and stakeholders and the community at large as we bring forward proposals for these important funds.

Stabilize General Fund Reserves

Maintaining a healthy reserve was a primary factor that allowed the City to weather the last recession without the deep cuts that many municipalities made (and some continue to make) while maintaining a very favorable bond rating. Driven by the reality that expenses grow more than revenues along with the impacts of and forecasts related to COVOD-19, this budget will have reserves that compare favorably to the FY20-21 Adopted Budget. The FY21-22 estimate for reserves is 0.97 months operating vs 0.80 months last year. In the City's updated reserve policy, a three- to five-year build back period to allow the City time to make the resource and spending adjustments required to reach the general fund target of two months of operating expense held in reserve. This budget cycle puts us on this path of replenishing and stabilizing our reserve levels.

II. BUDGET ASSUMPTIONS

The proposed FY2021-22 budget is based upon the following assumptions and criteria:

A. THE ECONOMY. Property taxes account for roughly 50% of the City's General Fund revenues and are based on total taxable assessed value (AV). Overall our AV has continued to rise at a fairly steady rate in the last several years and is projected to increase 4.5% in 2022, compared to 2021. For 2022, the estimated AV is \$3,123 million.

	Max Assessed	
	Value	Percent
<u>Year</u>	<u>(in millions)</u>	<u>Change</u>
2013	2,199	2.75%
2014	2,233	1.55%
2015	2,298	2.90%
2016	2,390	4.02%
2017	2,495	4.36%
2018	2,591	3.88%
2019	2,712	4.66%
2020	2,855	5.26%
2021	2,988	4.67%
2022 Est	3,123	4.52%

B. TAXATION AND FISCAL POLICY. The Proposed Budget is balanced and stays within all statutory property tax limitations.

No additional voter approval is required to authorize the proposed tax rate.

The City's permanent property tax rate is \$5.02 per \$1,000 of assessed value and remains the same as the current year and represents the maximum allowed. The debt service rate of \$0.9301 per \$1,000 of assessed value is \$0.34 lower than 2020-21, a decline of over 25% due to closing out the Parks infrastructure bond refunding in 2011.

The total proposed City tax rate for fiscal year 2021-22 is estimated to be \$5.9501 per \$1,000 of assessed value (\$5.02 permanent rate plus \$0.9301 debt service tax rate), compared to \$6.2885 (\$5.02 permanent rate plus \$1.2685 debt service tax rate) in 2020-21 a decrease of 5.4%.

An "estimated not to be received" collection factor of 7.5% has been used to calculate current property tax revenue. The City of McMinnville's share of total property taxes levied in the McMinnville taxing district is 36%.

C. EMPLOYEE COMPENSATION. Personnel costs are the largest single expenditure classification in the organization. The services supported by property taxes and other non-designated revenues are heavily invested in personnel – police officers, firefighters, lifeguards, librarians, recreation program staff, and parks maintenance workers. These personnel costs are 73% of the total expenditures in the General Fund budget.

Budgeted FY2021-22 personnel costs are down \$327,000 relative the prior year. This decrease is primarily due to the implementation of furloughs for most general service employees and vacancy savings anticipated from holding positions opened in a number of different departments.

The City's annual COLA is based on the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the second half of the year. This year the CPI will not be applied across the board to general service employees, instead the initial year of the class and compensation study is budgeted (est \$45,000 in gross wages). In the 2021-22 proposed budget, salaries for Police and Fire union members reflect a COLA of 2.0%, based on the minimum increase in their contracts.

General Service and Fire Union employees have similar high deductible health insurance plans and VEBA accounts to help defray the cost of those deductibles and provide future resources for eligible medical expenses. The McMinnville Police Association (MPA) has a low deductible health insurance plan with the Oregon Teamsters Employer Trust. For all full-time employees with health insurance benefits, the VEBA contribution matches the full deductible amount associated with the appropriate insurance plan.

For general service employees and Fire Union members, the City pays for 90% of the cost of an employee's health insurance premium and the employee is responsible for the remaining 10%. For Police Association members, the City pays 95% of the health insurance premium and the employee pays 5% of the premium.

D. OTHER INSURANCE COVERAGES. Property and liability insurance premiums in the upcoming year are projected to increase by 10% compared to FY2020-21.

Workers compensation rates are projected to be consistent with prior year premiums. The City's experience modifier was unchanged from 85% in the prior year. This means the City's losses were approximately 15% better than the average for City County Insurance Services members. E. PERS. City retirement pensions are administered under Oregon's Public Employee Retirement System (PERS). The City's employer contributions represent 6.77% of total expenditures in the 2021-22 proposed budget. Total PERS costs are budgeted at \$5.38 million, an increase of less than 1% compared to the prior year. The increase is due to new, largely higher biennium PERS rates which begin July 1, 2021, despite a reduction in total budgeted payroll relative last year. As time goes on, a higher proportion of the McMinnville workforce are OPSRP members (the newer Oregon public sector employees who draw a smaller pension benefit), which helps push down the retirement cost trendline long-term.

The rates for the 2021-23 biennium range from 26.75% for general service OPSRP employees to 33.81% for PERS Tier 1/2 members of eligible gross pay categories (rates include the employer rate and the employee 6% contribution paid by the City). Rate increases for OPSRP employees are 8.42% for public safety and 11.98% for general service employees. A decrease of 2.04% for PERS Tier One and Tier Two employee categories is coming online compared to the prior biennia.

III. STRATEGIC PLANNING.

In January 2019, the City of McMinnville adopted Mac-Town 2032, a citywide strategic plan to guide its policy priorities and budget allocations moving forward. The year-long planning process was designed to leverage the dedication of McMinnville's existing public and private leadership, while also intentionally reaching out to the city's residents who are less often involved, especially the Latin/x community and youth.

The status of the 2019-2020 activities undertaken to institutionalize the strategic plan within the city organization – the first full year operating with Mac-Town 2032 as our guiding framework – follows.

<u>Vision</u>

A collaborative and caring city inspiring an exceptional quality of life.

<u>Mission</u>

The City of McMinnville delivers high-quality services in collaboration with partners for a prosperous, safe, and livable community.

<u>Values</u>

Stewardship – We are responsible caretakers of our shared public assets and resources. We do this to preserve the strong sense of community pride which is a McMinnville trademark.

Equity – We are a compassionate and welcoming community for all—different points of view will be respected. Because not all members of our community are equally able to access our services or participate in public process, we commit ourselves to lowering these barriers.

Courage – We are future-oriented, proactively embracing and planning for change that is good for our community and consistent with our values.

Accountability – We believe healthy civil discourse is fostered through responsive service and clear, accurate, useful information.

Strategic Priorities

The following strategic priorities require special focus by the City in the next fifteen years. In order to move McMinnville toward its Vision, the City believes it will need to make disproportionate investments in time and financial resources in these areas. **CITY GOVERNMENT CAPACITY** – Strengthen the City's ability to prioritize and deliver municipal services with discipline and focus

CIVIC LEADERSHIP – Encourage a variety of leadership development opportunities to foster a culture of civic pride and involvement

COMMUNITY SAFETY & RESILIENCY – Proactively plan for and responsively maintain a safe and resilient community

ECONOMIC PROSPERITY – Provide economic opportunity for all residents through sustainable growth across a balanced array of traditional and innovative industry sectors

ENGAGEMENT & INCLUSION – Create a culture of acceptance and mutual respect that acknowledges differences and strives for equity

GROWTH & DEVELOPMENT CHARACTER – Guide growth and development strategically, responsively, and responsibly to enhance our unique character

HOUSING OPPORTUNITIES (ACROSS THE INCOME SPECTRUM) – Create diverse housing opportunities that support great neighborhoods

IV. FORMAT OF THE BUDGET

The Proposed Budget document includes relevant supplemental and supporting information and budget detail to allow a thoughtful and comprehensive review by the Budget Committee.

In an effort to make the document more readable, a Financial Overview and analysis of the City's revenues, expenditures, and reserves is provided. Numerous charts and graphs are included in the analysis. The section entitled "2021 – 2022 Proposed Budget – Fund Definition, Budget Basis" explains the different types of funds, describes the purpose of each of the City's funds and discloses the total operating expenditures for each fund. Information related to staffing levels and salary schedules is provided in the Personnel Services Overview and a schedule of the City's outstanding debt is included in the Debt Overview.

The Budget Summaries and Highlights that precede the line-item budgets for each department and fund provide excellent history and background information on each service area including: budget highlights, core services, future challenges and opportunities, financial summaries and employee information.

V. CONCLUSION

There is always light, if only we're brave enough to see it. If only we're brave enough to be it.

~ Amanda Gorman

Our obligation is to provide high quality, compassionate services to McMinnville's people, businesses, organizations and visitors. The high quality of life we enjoy here is enhanced and preserved by the work of the elected officials, employees and volunteers who serve the City. High performing organizations focus on employees, philosophy about how people work, strategic organizational vision, quality work culture, teamwork and leadership. This Proposed Budget is focused on these charges and provides both the roadmap and means for the delivery of municipal services. The vision of the community and the leadership of the Mayor and the City Council will be provided through the Strategic Plan. The executive team and their key staff members helped build this budget through collaboration, creativity, analysis, and thoughtful discussion that sometimes included respectful disagreement.

The successful preparation of the proposed 2021 - 2022 Budget illustrated the strength and commitment of the entire team. All departments have shared in the sacrifice required to balance this budget. Everyone worked hard to present options that allowed us to make reductions and still keep an eye to the future needs and impacts on the community. We know the budget and service reductions will have negative impacts on services and create hardships for our employees. We are confident that that we took those realities into consideration and are pleased that we did not have to resort to layoffs or long-term reductions in services to balance this budget. While moving in the right direction, we still have not created a system that is financially sustainable over the long term, makes important capital investments in our buildings, fleet and equipment or fully funds our reserve needs. More hard work is anticipated as we move forward and we believe we will be able to address those needs. I want to thank everyone who was a part of this work. Despite unprecedented challenges this year, Finance Director Jennifer Cuellar, Senior Accountant Ronda Gretzon and the entire Finance Staff should be especially commended for their tireless commitment.

It is my hope that the Mayor, City Council and Budget Committee see their priorities, aspirations and values reflected in this document. Your dedication to the community is appreciated by the entire staff of the City and we thank you for that service. We look forward to any questions you have and any direction you may provide as you review and deliberate on the fiscal year 2021-22 budget.

Respectfully submitted,

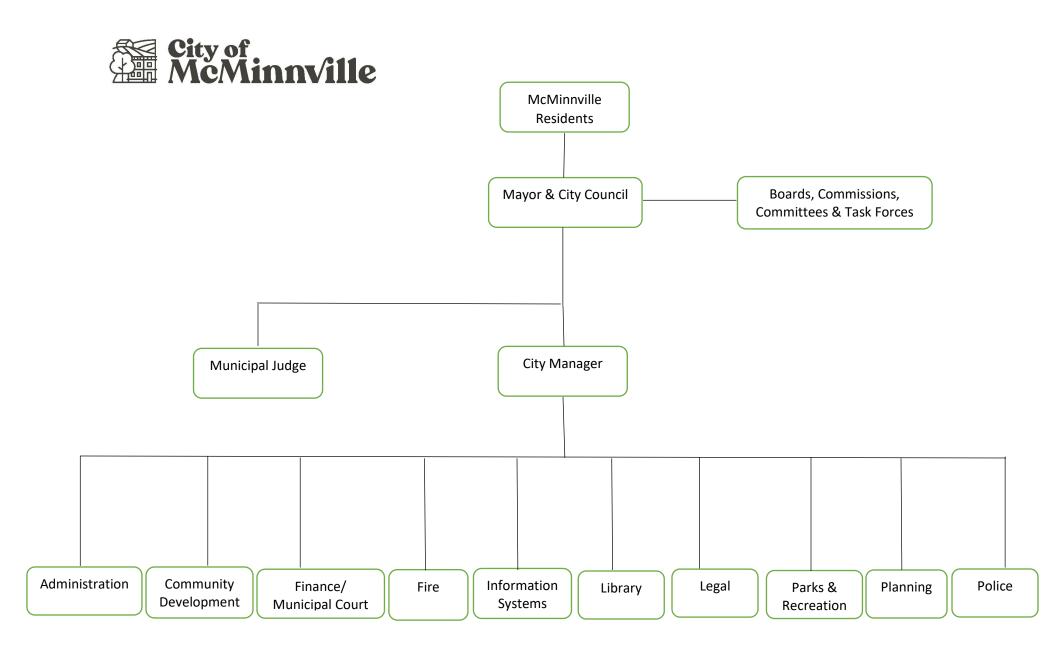

Alberg R. Tung

Jeffrey R. Towery Budget Officer City Manager

CITY OVERVIEW

- City of McMinnville Organization Chart
- City of McMinnville Goals & Objectives

Note: <u>Goals</u> indicate the overarching mission-critical strategic initiatives from Mac-Town 2032, the City's strategic plan. <u>Objectives</u> indicate the agenda for working toward the goals for a specific fiscal year. Specific steps, outcomes and target dates are developed through Council action and departmental work plans. > Signifies Council Priority goals.

GOALS

OBJECTIVES

CITY GOVERNMENT CAPACITY

 Strengthen the City's ability to prioritize and deliver municipal services with discipline and focus

- Identify and focus on the city's core services.
 - > Develop Internal and External Communication Strategies
 - Right-Size Services: Address insufficient resources by finding new sustainable funding sources.

COMMUNITY SAFETY &

RESILIENCY – Proactively plan for and responsively maintain a safe and resilient community

- Provide exceptional police, municipal court, fire, emergency medical services (EMS), utility services and public works. Lead and plan for emergency preparedness.
 - > Identify a strategy for long-term increase in stable Public Safety Services
- Lead and plan for emergency.
 - > Establish a formal Emergency Management Program

GROWTH & DEVELOPMENT

CHARACTER – Guide growth and development strategically, responsively, and responsibly to enhance our unique character

• Strategically plan for short and long-term growth and development that will create enduring value for the community.

ECONOMIC PROSPERITY -

Provide economic opportunity for all residents through sustainable growth across a balanced array of traditional and innovative industry sectors Accelerate growth in living wage jobs across a balanced array of industry sectors.

Sengagement & INCLUSION -

Create a culture of acceptance and mutual respect that acknowledges differences and strives for equity

- Actively protect people from discrimination and harassment.
- Improve access by identifying and removing barriers to participation.
 - > Develop inclusion plans City-wide and by department

FINANCIAL OVERVIEW

This overview provides a brief description of the budget process and an analysis of the City of McMinnville's resources (beginning fund balances and revenues) and requirements (expenditures, contingencies and ending fund balances). In this document, "fund balance" and "reserve" are used interchangeably.

Purpose of the Budget

The budget is the financial plan of the City of McMinnville. It communicates the City Council's goals and priorities to the citizens and it authorizes the City's spending of public dollars. The adoption of an annual budget promotes transparency and accountability for all City operations. The budget document clearly shows how the City has spent its resources for fiscal years 2018-19 and 2019-20, estimates of fiscal year 2020-21 total activities and how it intends to spend taxpayer and ratepayer dollars in fiscal year 2021-22.

Preparation of the Budget

- The City's budget has been prepared in accordance with Oregon Revised Statute (ORS) 294.305 through 294.565, also known as Oregon Local Budget Law.
- Historically, the budget process begins in January, when the City Council establishes goals and objectives for the upcoming fiscal year. The City's adopted strategic plan, Mac-Town 2032, informs Council goals and budget preparation generally.
- From January through March, the City Manager, Department Directors and staff develop a proposed budget that incorporates the Council's direction and represents a financial plan for funding all City programs and services for the fiscal year.

Adoption of the Budget

- The Budget Officer presents the proposed budget to the Budget Committee at a public meeting in mid-May. The Budget Committee reviews the proposed budget, considers public comment, and approves the budget and the rate and amount of total ad valorem property taxes to be certified to the County Assessor.
- After the Budget Committee approves the budget, the Council may not increase the amount of expenditure appropriations by more than 10% or increase the tax levy, unless the amended budget is republished and another budget hearing is held.
- The City Council holds a public hearing in early June to accept public input on the budget. In late June, by resolution, Council adopts the budget, authorizes appropriations, and designates the tax levy for the fiscal year. The resolution levying and categorizing taxes for the fiscal year must be submitted to the county assessor by July 15th.
- After adoption, management's authority to spend City funds is limited to appropriations in the adopted budget, unless the City Council amends the budget. Budget amendments after budget adoption are subject to certain requirements and limitations.

McMinnville Urban Renewal District

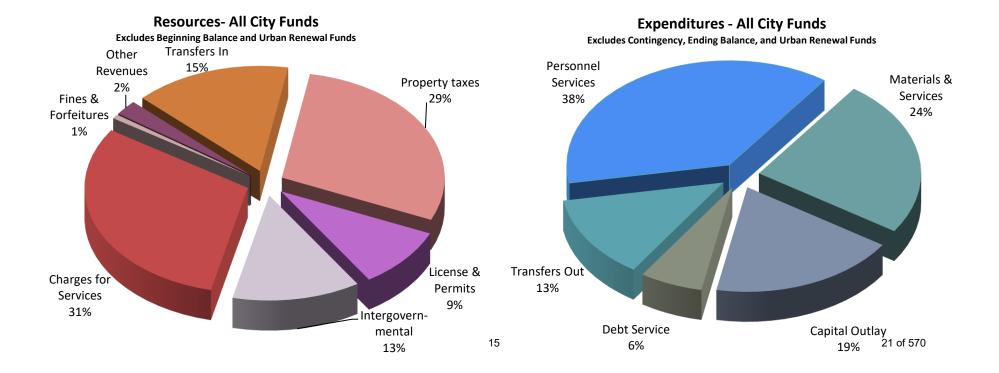

For budgeting purposes, the McMinnville Urban Renewal District is treated as an entity separate from the City. The annual budget for the District is adopted by the Urban Renewal Agency Board and is not included in the proposed City budget, which is adopted by the City Council.

All City Funds 2021 – 2022 Proposed Budget

RESOURCES – by Type	
Beginning Balance	\$54,315,750
Property Taxes	18,039,000
License & Permits	5,840,220
Intergovernmental	7,960,476
Charges for Services	19,162,116
Fines & Forfeitures	420,500
Other Revenues	1,444,646
Transfers In	9,755,060
Total Resources	\$116,937,768

REQUIREMENTS – by Classification

Personnel Services	\$27,827,631
Materials & Services	17,959,354
Capital Outlay	13,810,683
Debt Service	4,621,994
Transfers Out	9,521,650
Contingency	5,681,500
Ending Balance	37,514,956
Total Requirements	\$116,937,768

Resources for All City Funds:

Revenue losses due to the **Covid-19 public health emergency** for many departments have been factored into the 2020-21 estimates, which pull down the beginning balances for the General Fund as well as other Funds. Estimates for 2021-22 revenue losses are more modest compared to these impacts on the prior fiscal year's operations and some level of uncertainty does remain in terms of revenue loss but new federal funding available to cities does allow compensation for these losses though at the time of preparing the proposed budget, the details regarding how to make those calculations and the period it applies to are still unknown and, therefore, not included in the FY2021-22 proposed budget.

Property Tax Revenue -- \$18.0 million or 29% of all City revenues. Property tax revenues fund a significant portion of General Fund operations and are used to pay debt service on General Obligation bonds approved by voters. Additional discussion regarding property tax revenue appears in the General Fund Non-Departmental and Debt Service Fund budget summaries.

Charges for Services Revenue -- \$19.2 million or 31% of all City revenues. Charges for Services are the largest source of all City revenues. Sewer user charges in the Wastewater Services Fund, ambulance transport fees, and Park & Recreation program fees constitute the majority of total Charges for Services.

Intergovernmental Resources -- \$8.0 million or 13% of all City revenues. Includes state shared revenues, such as liquor and cigarette taxes in the General Fund, gas taxes in the Street Fund and federal awards.

Licenses and Permits Revenue -- \$5.8 million or 9% of all City revenues. Includes franchise fees, Transient Lodging Tax, local recreational marijuana tax and planning and building fees.

Fines and Forfeitures revenue is primarily generated by the Municipal Court.

Other Revenues include interest on investments, donations, property rental income and other miscellaneous revenues.

Transfers In Revenue -- \$9.8 million or 16% of all City revenues. Includes revenues from interfund reimbursements for support and engineering services, payments associated with internal borrowing, transfers for Police, Fire and Ambulance dispatch services, and transfers related to transportation and wastewater.

Expenditures for All City Funds:

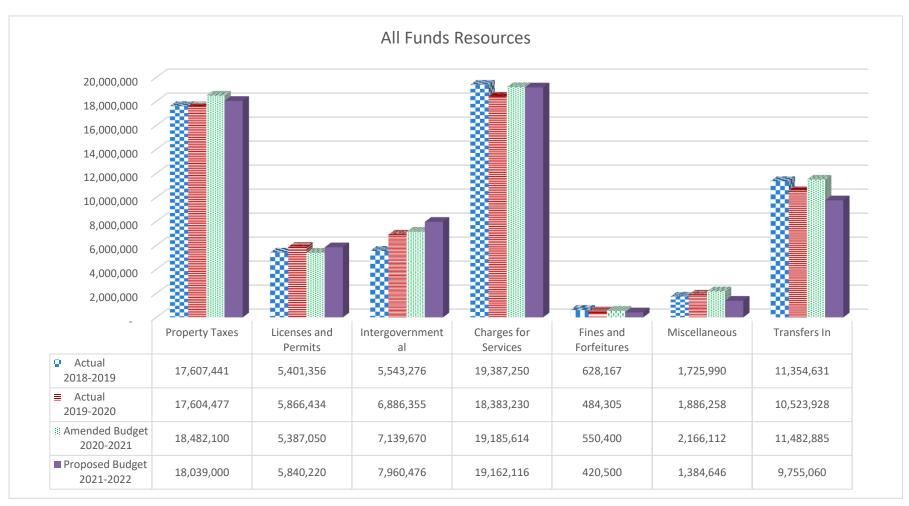

Personnel Services Expenditures -- \$27.8 million or 38% of total City expenditures. \$17.0 million of the Personnel Services expenditures total is for salaries and wages and \$10.8 million is for fringe benefits. Fringe benefits include PERS employer contributions, health insurance premiums, workers compensation premiums, payroll taxes, etc.

Materials and Services Expenditures -- \$18.0 million or 24% of total expenditures, including \$5.9 million for contractual services, utilities, equipment, program expenses, etc. in the General Fund; \$3.0 million for professional services expenditures for Wastewater Capital projects; \$2.5 million in operating costs in the Wastewater Services Fund; \$1.4 million in insurance premiums for general liability, property and workers compensation; and \$1.1 million for operational costs for street maintenance.

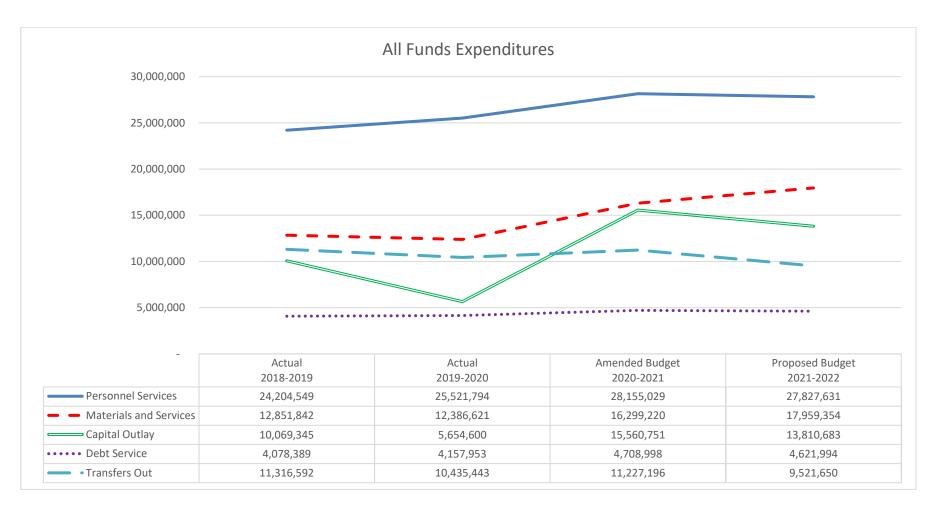

Capital Outlay Expenditures -- \$13.8 million or 19% of total expenditures, including \$11.0 for Wastewater Capital projects; \$1.3 million for airport improvements; and \$0.7 million for street improvement projects in the Transportation Fund.

Debt Service – Includes \$4.7 million for principal and interest payments on general obligation bonds, ODOT Dundee Bypass loan, PERS transition liability loan, fire vehicle loan, and loan for urban renewal capital projects.

Transfers Out Expenditures-- \$9.5 million or 13% of total expenditures (corresponds to Transfers In Revenue). Primarily includes interfund charges for services, transfers for Police, Fire and Ambulance dispatch services, and transfers related to transportation, street maintenance and wastewater capital projects.

The chart above shows **Resources** for all funds of the City, by category, from 2018-19 through the 2021-22 proposed budget. The chart illustrates that the primary sources of funding for City services, **Property Taxes, Licenses and Permits,** and **Charges for Services**, which make up 69% of all City resources, are relatively stable though have declined by \$13,000 relative last year. The driver for the decline is the retirement of the parks improvement bond that is coming off the property tax bill this year. **Intergovernmental** resources include state shared revenues, typically increasing slightly year over year, and federal grants that do vary significantly. **Transfers In** are transactions between funds for various purposes, including \$6.0 million in user fees transferred from Wastewater Services to Wastewater Capital, \$0.9 million transferred to the Emergency Communications Fund for police, fire and ambulance dispatch, and interfund reimbursement for services provided by support departments to operating departments.

The chart above shows **Expenditures** for all funds of the City, by category, from 2018-19 through the 2021-22 proposed budget. **Personnel Services** expenditures, at 39% of the total budget, are the greatest use of City resources. As reflected in the chart, these expenditures tend to rise due to higher costs of salaries and fringe benefits but the current year decline is due to cost cutting measures including a furlough program and holding vacancies open. **Materials and Services** expenditures for costs such as contractual services, utilities, supplies, and equipment and vary depending on the number of special projects being undertaken in any given year that need increased professional services/consultants fees or building repairs. **Capital Outlay** variance are typically due to capital projects in Wastewater Capital, Transportation and/or the Airport; the prior period peak was principally down to the Old Sheridan Road capital project. **Debt Service** payments are fairly flat over the last few years. **Transfers Out** correspond to Transfers In on the preceding page.

The table above shows historical trends for all **Resources** of the City, by fund, for 2018-19 through the 2021-22 proposed budget. The two columns on the right compare the 2020-21 amended budget and 2021-22 proposed budget, showing the change by dollar amount and by percentage. In nine of the funds, the percentage change is less than 6%, reflecting the consistency of revenue in these budgets. The decrease in General Fund is modest, representing a decline in transfers of \$0.9 million (no interfund loans or transfer of excess fund balance from insurance services) offset by incrases in property tax and some franchise fees. For Special Revenue Funds (Special Assessment, Transient Lodging Tax, Telecommunications, Emergency Communications, Street, Airport and Building), revenues are from dedicated sources and cannot be spent on the general operations of the City. For capital projects funds (Transportation, Park Development, and Wastewater Capital), revenue primarily derives from bond proceeds and systems development charges (SDC). Revenues in these funds fluctuate when debt is issued for projects such as transportation and park system improvements. For the enterprise fund (Wastewater Services), revenues are based on charges to users for services provided, intended to be self-supporting of its costs. Internal services funds are reimbursement from other City Departments. For additional discussion on revenues and fund types, see Fund Definitions in the Financial Overview section of this document.

Insurance Services	1,221,741	1,595,112	1,935,176	1,652,040	(283,136)	-14.63%	
Total Requirements	63,008,711	58,700,361	75,951,194	73,741,312	(2,209,882)	-2.91%	

The table above shows historical trends for all **Expenditures** of the City, by fund, from 2018-19 through the 2021-22 proposed budget. The two columns n the right compare the 2020-21 budget and 2021-22 proposed budget, showing the change by dollar amount and by percentage. For expenses, seven of fifteen funds have a percentage change of less than 10% and ten are showing declining expenditures relative the prior year. **General Fund** decline is 3.2% due to cost cutting measures in payroll and capital investments. In three funds there are substantial decreases, representing fewer capital projects slated for the current year in **Transportation** and **Park Development** and the wrap up of a grant in the **Special Assessment** fund. Moving in the other directoin, the **Airport Fund** has a jump of over \$1.3 million due to FAA grant awards. The increase in **Transient Lodging** (TLT) and the decrease in **Street** funds are tied to Covid-19 pandemic trend timing: TLT revenues are collected directly by the city so rebounding travel and leisure sector activities can be seen faster than the gas tax revenues that are delayed as they move through the state's coffers initially. The **Ambulance Fund** decline is due to its closure, with activities incorporated into the general fund. The 2021-22 proposed budget reflects the sizeable increase in **Wastewater Capital** as it is budgeting for significantly more capital outlays in the upcoming year.

All Funds - Budget Highlights for 2021-22 Proposed Budget

General Fund – Please see the General Fund section of the Financial Overview for detailed information.

Transient Lodging Tax Fund (TLT) – City's tax rate is 10% of rental income. Visit McMinnville (VM), a non-profit marketing organization with the sole purpose of marketing McMinnville as a tourist destination, receives 70% of the TLT and the remaining 30% is transferred to the General Fund. All TLT revenue is either disbursed to VM or transferred to the General Fund. This proposed budget estimates that TLT will be bouncing back from the worst of the Covid-19 pandemic's impact on tourism.

Street Fund – The pandemic has had a significant impact on revenues for the Street Fund over the past year. As a cost savings measure to rebuild fund reserves, staff furloughs have been implemented, in a program similar to that of the General Fund. The 2021-22 proposed budget is largely revenue dependent and spending adjustments up or down may be undertaken if conditions warrant. This approach is consistent with the Government Capacity priority in the City's recent Strategic Plan, with a focus on the strengthening the City's ability to prioritize and deliver municipal services with discipline and focus.

Airport Maintenance Fund – Compared to the last three years, the 2021-22 proposed budget includes a growing number of projects. From 2016-17 through 2020-21, the City will have completed over \$7.9 million in construction projects at the McMinnville Municipal Airport. These projects have been funded with Federal Aviation Administration (FAA), Oregon Department of Aviation (ODA), and Critical Oregon Airport Relief (COAR) program grants. Revenue from property and hangar leases is the only funding source for general operations of the Airport.

Transportation Fund – The City issued a total of \$24 million in general obligation bonds in 2015 and 2018, using the proceeds to fund major capital street improvements. All bond proceeds are expected to be spent by the end of the 2021-22 year, with less than \$100,000 left to be spent in the upcoming year.

Park Development Fund – General obligation bond proceeds, grants, and donations were fully spent with the completion of the Jay Pearson Neighborhood Park Projects in FY2020-21 with no capital projects budgeted for in FY2021-22.

Debt Service Fund – Accounts for property taxes that are levied for debt service payments on general obligation (GO) bonds. Currently, the City has \$27.7 million in GO bonded debt issued for park improvement projects, construction of the Police Station and Civic Hall, and major street improvements. The bonded debt will be fully paid in 2021, 2027, and 2033, respectively. The FY2021-22 property tax levy for debt service is \$2.9 million for a tax rate of \$0.9301 per \$1,000 of assessed value, down over 25% from the prior year of \$3.7 million for a tax rate of \$1.2646 per \$1000 of assessed value due to the park improvement bond will be retired ahead of property tax season next fall. This tax is in addition to the City's permanent tax rate of \$5.02 per \$1000 of assessed value.

Wastewater Services Fund – Includes administration, plant and pump stations operations, environmental services functions, and conveyance system maintenance. Sewer user charge revenue of \$10.8 million pays for wastewater operating costs and also allows \$6.0 million to be transferred to the Wastewater Capital Fund for major projects. **Wastewater Capital Fund** – The 2021-22 proposed budget includes \$14.0 million for design and construction of numerous capital projects, including \$8.5 million for a new solids treatment capacity improvements projects; \$2.4 million for sewer rehabilitation and reconstruction projects at various locations to address inflow and infiltration; \$1.8 million for design and construction of the upgrade to the water reclamation facility administration building; \$1.0 million for design and construction of a new force main as part of the Oregon Department of Transportation's Three Mile Lane Bridge replacement project. Projects are funded with charges to sewer users that are transferred from the Wastewater Services Fund.

Ambulance Fund – The enterprise fund is closed as of FY2019-20 because its revenues have not covered operational costs for over a decade and it no longer meets the basic definition of a selfsupporting fund. Operations have not ceased; their financial footprint are now reported as part of the General Fund's Fire Department.

Information Systems & Services (IS) Fund – IS Department staff partner with City Departments to provide internal and external computer services support. The 2021-22 proposed budget includes \$760,000 for computer charges, with \$530,000 of the total for "shared" costs that are allocated to all Departments.

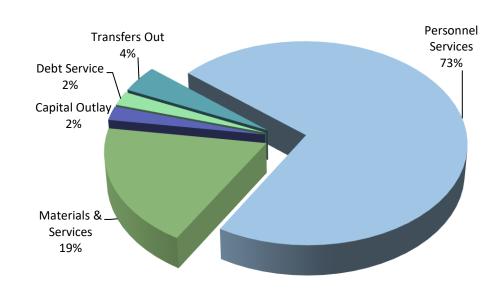

Insurance Services Fund – Pays the City's premiums and claims for property, liability, and workers' compensation insurance. Departments reimburse the Insurance Services Fund for estimated insurance costs. In the prior two years, transfers to reimburse departments for a substantial fund balance accumulation were made totaling over \$900,000. In the current fiscal year, no transfer will be made though the fund will continue to pay for the cost of the human resources manager. the total allocated to the General Fund. At the end of the 2021-22 fiscal year, the estimated reserve in the Insurance Services Fund will be \$1.0 million. For more information on All Funds of the City, please refer to the **Budget Summaries**, included with every Fund. Budget Summaries contain valuable information, including Budget Highlights, Future Challenges and Opportunities, Cost and FTE (i.e., employee position) Summaries, and Core Services summarized by priority.

GENERAL FUND 2021 – 2022 Proposed Budget

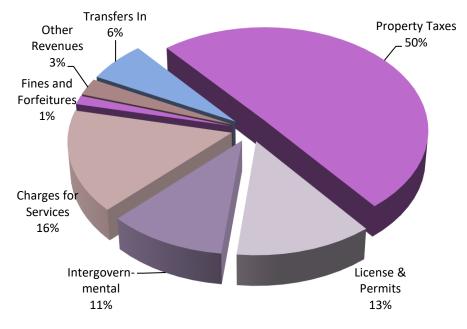

GENERAL FUND RESOURCES – by Type	
Beginning Balance	\$4,922,677
Property Taxes	15,272,000
License & Permits	3,789,670
Intergovernmental	3,267,521
Charges for Services	4,829,705
Fines and Forfeitures	420,500
Other Revenues	800,168
Transfers In	1,926,913
Total Resources	\$35,229,154

GENERAL FUND REQUIREMENTS – by Classification	
Personnel Services	\$23,465,378
Materials & Services	5,932,003
Capital Outlay	503,892
Debt Services	748,674
Transfers Out	1,516,474
Contingency	1,000,000
Ending Balance	2,062,733
Total Requirements	\$35,229,154

General Fund Expenditures - By Classification Excludes Contingency and Ending Balance

General Fund Resources:

Property Taxes – Levied at the permanent rate of \$5.02 per \$1,000 of assessed property value. The 2021-22 proposed budget projects \$15.3 million in current operating property tax revenues. Property taxes are 50% of all General Fund revenues.

Licenses and Permits Revenue – \$3.8 million or 13% of General Fund revenues. Includes franchise fees collected by telephone, gas, and garbage collection providers as well as the local tax on recreational marijuana sales. The largest single source in this category is payment-in-lieu-of-taxes paid by McMinnville Water & Light, accounting for 61% of all Licenses and Permits revenue.

Intergovernmental – \$3.3 million or 11% of General Fund revenues. Includes state shared revenues, such as liquor and cigarette taxes, and payment for contracted fire services provided by the City to McMinnville Rural Fire District. Federal awards related to covid-19 reimbursements are also included here.

Charges for Services Revenue – \$4.8 million or 16% of General Fund revenues. Primarily transport fees for ambulance services. Also includes Parks & Recreation Department fees for Aquatic Center use and for recreation programs, including Community Center and Senior Center programs, Kids on the Block, and youth and adult recreational sports.

Fines & Forfeitures and **Other Revenue** – Includes Municipal Court fines and other miscellaneous revenues, such as interest on investments and donations.

Transfers In – \$1.9 million or 6% of General Fund revenues. Includes reimbursements from other funds for services provided by Administration, Engineering and Finance. Also includes transfer from Transient Lodging Tax Fund and from urban renewal for debt service payments on a loan for capital projects.

General Fund Expenditures:

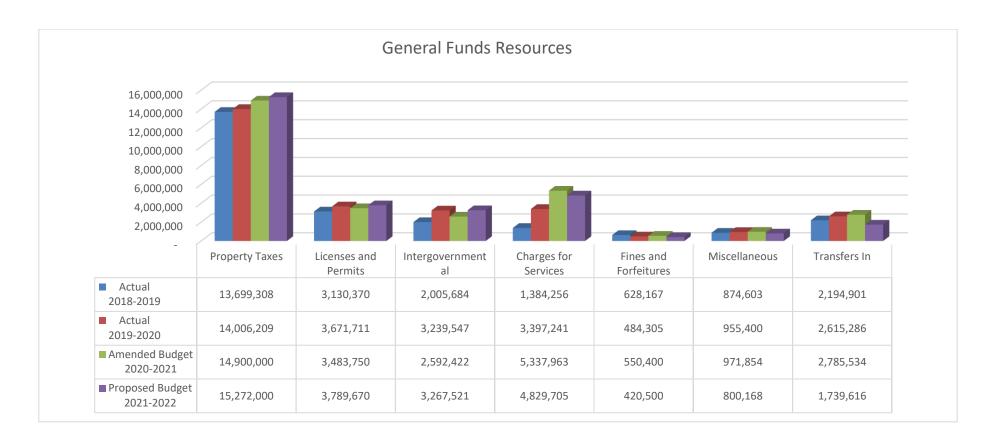

Personnel Services Expenditures – \$23.5 million or 73% of total General Fund expenditures. Public safety (Police, Fire, and Municipal Court combined) account for \$15.7 million of total General Fund Personnel Services. Cost of living salary adjustments, PERS employer contribution rates, and health insurance premiums are the most significant factors that impact personnel services costs. In FY2021-22, personnel cost reduction measures such as furloughs for general services employees and vacancy savings in Police and Fire are budgeted.

Materials and Services Expenditures – \$5.9 million or 18% of General Fund expenditures. Police Department, Municipal Court, and the Fire Department account for 49% of total Materials and Services costs; Parks & Recreation, Park Maintenance, and Library are 31% of total Materials & Services; General Government costs are the remaining 20%. Materials and Service expenditures include building utilities, vehicle maintenance, equipment, computer costs, recreation program costs, supplies, insurance, etc.

Capital Outlay Expenditures – General Fund capital outlay expenditures in the 2021-22 proposed budget are limited to \$0.5 million, with over two thirds of that amount budgeted for grant funded Fire Department equipment with the balance on limited capital building improvements, technology and equipment replacement.

Debt Service – \$0.7 million for payments on loans for Police and Fire vehicles and equipment, a bank loan related to urban renewal projects, and a bank loan for refinancing the City's PERS transition liability.

Transfers Out – \$1.5 million or 5% of General Fund expenditures. Includes a transfer to the Emergency Communications Fund for emergency dispatch services.

The chart above shows historical trends for General Fund **Resources**, by category, from 2018-19 through the 2021-22 proposed budget. **Property Taxes** (50% of all General Fund revenues in 2021-22) have been slowly but consistently trending upward. Property tax revenues correlate to growth in the City's taxable assessed value (AV) and permanent rate of \$5.02 per \$1000. **Licenses and Permits** revenues, primarily franchise fees paid by utility companies, are subject to rates included in franchise fee agreements and statutory limitations. **Intergovernmental** revenues include unrestricted federal awards though are mainly liquor, marijuana, and cigarette taxes shared by the State of Oregon; distribution to cities is generally based on population. **Charges for Services**, primarily ambulance transport fees starting in FY2019-20; Parks & Recreation user fees are currently being reviewed to determine the appropriate cost recovery level. **Transfers In** represent reimbursements from other funds for services provided by the General Fund. Transfers In revenue increases are directly related to the cost of providing these services (i.e., salaries and fringe benefits). **Fines and Forfeitures** revenue is predominantly generated by the Municipal Court. **Miscellaneous** revenues include n 2019-20 budget is related to financing proceeds for a commercial lease which will not actually take place as the City is opting to utilize internal borrowing instead.

General Fund Expenditures - By Department

Parks & Recreation	2,448,986	2,730,665	3,563,021	3,133,535	(429,486)	-12.05%		
Park Maintenance	1,138,230	1,217,886	1,405,652	1,389,713	(15,939)	-1.13%		
Library	1,566,065	1,632,762	1,922,396	1,835,005	(87,391)	-4.55%		
Total Expenditures	20,150,095	21,804,969	31,264,402	30,029,260	(1,235,142)	-3.95%		
General Fund Full Time Equivalent (FTE)	164.08	191.57	193.06	190.23				

The table above shows historical trends for General Fund **Expenditures**, by Department, from 2018-19 through the 2021-22 proposed budget. The two columns on the right compare the 2020-21 budget and 2021-22 proposed budget, showing the change by dollar amount and by percentage. Fluctuations in departmental expenditures are typically due to changes in **Personnel Services** costs (73% of total General Fund expenditures in 2021-22 budget) or, in some departments, by **Materials & Services** costs (18% of expenditures). **Capital outlay** expenditures in the last four years have generally been limited to the purchase of public safety vehicles and larger-scale building repairs though this year all vehicle replacements have been deferred.

Major variables impacting **Personnel Services** costs are increases/decreases in full-time equivalent (FTE) positions and higher costs of salaries and fringe benefits. The table above illustrates the correlation between FTE and total expenditures.

Major components of **Materials & Services** are professional services, repairs & maintenance, equipment, computer costs, utilities, supplies, insurance, etc. Variations are generally a result of increases/decreases in professional services/consultants fees for major projects/initiatives and building repairs.

Every Department shows reduced expenditures between 2020-21 and 2021-22. Most Departments have a variance of less than are less than 10%. Planning's decrease is driven by a state grant program in FY2020-21 that ended and is not budgeted in FY2021-22. Park and Recreations decrease is driven by one-time consultant costs in FY2020-21 associated with MACPAC programming and design work. The balance of the year over year decline in budgeted expenditures are in the personnel category: staffing savings related to vacancies in FY2021-22 and next year's more realistic estimate of the recreational workforce needed relative FY2020-21's budgeted over-estimate of seasonal and part-time staff required for programming during Covid-19.

For more detail on FTE changes in the General Fund, please refer to the Personnel Services Overview in the Personnel Services section of this document.

General Fund Expenditures by Department:

The chart on this page illustrates that the largest share of General Fund resources are used for public safety. Police Department, Fire Department, and Municipal Court expenditures combined are \$19.1 million or 60% of total expenditures. Including the transfer to the Emergency Communications Fund for emergency dispatch services, the investment of General Fund resources into public safety is \$20.0 million.

Culture and recreation expenditures (Parks & Recreation, Park Maintenance, and Library) combined are \$6.4 million or 20% of all General Fund expenditures, demonstrating the City's commitment to providing a quality environment, as well as a safe environment.

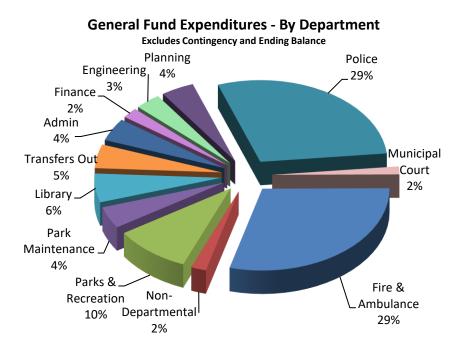

\$4.5 million or 14% of General Fund expenditures are for general government services (Administration, Finance, Engineering, and Planning).

\$1.5 million or 5% of expenditures are Transfers Out to other funds for emergency dispatch services, reimbursement for computer support, transactions related to urban renewal capital projects, and payments of internal borrowing.

Non-Departmental expenditures are debt service payments for the urban renewal and PERS transition liability loans. Debt service payments for Police and Fire vehicles to external parties are included in the respective departments.

For additional detailed information for General Fund Departments, please refer to the **Budget Summaries** included in each Department section. Budget Summaries include Budget Highlights, Core Services, Future Challenges and Opportunities, a Department Cost Summary, and a table showing changes in Department full-time equivalent (FTE) positions.

Additional information can also be found in the **Personnel Services Overview**, which includes details on employee salaries & wages, fringe benefits, and a summary of significant changes in Department FTE.

Economic Trends and the General Fund Reserve:

Local, regional, and national economic trends can all affect the City of McMinnville's budget. For example, interest rates have an impact on the construction industry, which in turn affects the City's assessed values and property tax revenue. Oregon PERS invests a substantial portion of its portfolio in the stock market. This influences pension costs because when earnings are low, the employer is required to contribute more to fund the cost of retirement benefits. Following is a more detailed discussion of the impact of economic trends on General Fund revenues and expenditures. **General Fund Revenues** - Under Oregon's current property tax system, the City has the authority to levy general operating property taxes based on its permanent rate, which is \$5.02 per \$1000 of taxable assessed value (AV). The City's permanent tax rate, established in 1997 by Measure 50, cannot be changed by any action of the local government or the voters. In addition, Measure 50 limited the annual growth rate of taxable property value to 3 percent of the assessed value. The 3% limitation does not apply to any new construction or remodeled properties.

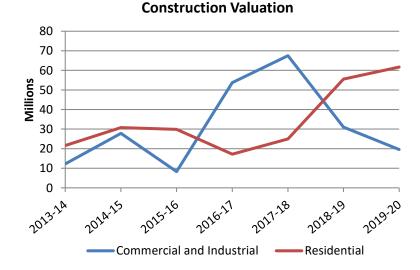

The Measure 50 limitation has created significant revenue challenges for the City. Inflation, particularly for primary City expenses such as employee salaries and pension costs, have regularly exceeded the 3 percent rate of growth limit.

In recent years, the City's AV has grown at a consistent rate of approximately 4 percent, consisting of the 3 percent limit on existing property and one percent increase from new construction. For context, a one percent increase in AV based on FY21-22 estimated AV would result in approximately \$150,000 in general property tax revenue. In the 2021-22 proposed budget, general property tax revenue is \$15.3 million.

Assessed and Estimated Real Market Value of Property

2015-16 through 2021-22. Numbers for 2015-16 through 2020-21 are actual numbers obtained from the Yamhill County Assessor; numbers for 2021-21 are estimated. The graph illustrates the slow but steady growth in the City's assessed value, which in turn generates higher property tax revenues.

The chart below illustrates the value of construction permits issued from 2013-14 through 2019-20 and reflects the variable nature of commercial/industrial construction. After a slight downturn in 2016-17, residential permit valuations increased for the next two years into 2019-20. Commercial/industrial permit valuations decreased by over two thirds since the FY2017-18 high point, a trend which will offset increased valuations in the residential sector. Due to the 3 percent AV limitation on existing properties, any substantial additional property tax revenue has to be generated from new construction.

City of McMinnville

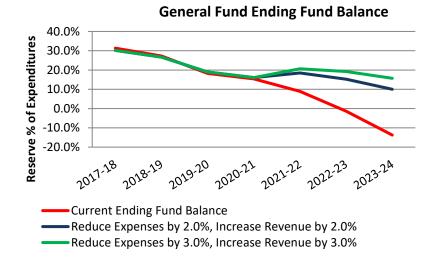

influence wages and fringe benefits can have a considerable impact of the City's cost of delivering services to the public. Salaries paid to employees are primarily affected by annual cost of living adjustments (CoLA), which are based on the All Cities Consumer Price Index (CPI). The CPI is considered an indicator of inflation and is therefore used to adjust employee salaries. The 2021-22 proposed budget includes a 2% minimum COLA for police and fire employees in those bargaining units (this year's CPI was 1.31%). For general service employees, the budget includes an estimate for the first year implementation cost of a class and compensation study in lieu of the typical CoLA adjustment for each employee.

The majority of fringe benefit costs is made up of PERS employer contributions for employee pensions. In the medium term, PERS costs are anticipated to continue rising faster than inflation. As time goes on, the City's rate increases will be mitigated somewhat by the shift in employee membership from PERS Tier 1/Tier 2 (the richest pension benefit and highest cost) to OPSRP (a lower level of pension benefit and a lower cost). In addition, the Oregon legislature continues to investigate options which could lower the City's cost of employer contributions.

General Fund Reserve – An adequate reserve, or fund balance, is critical to provide sufficient cash flow, lessen the impact of revenue shortfalls or unanticipated expenditures, and to serve as a source of funding during economic downturns.

There are two types of reserves in the City's budget. Contingency reserves are for unforeseen items which may arise during the fiscal year that were not anticipated when the budget was adopted. Contingency reserves must be appropriated when the budget is adopted and require a Council resolution to be spent. Unappropriated Ending Fund Balance reserves represent working capital that is carried forward to cover the following year's operating costs until November property taxes are received. Generally, the General Fund reserve referred to in this document is the total of both Contingency and Unappropriated Ending Fund Balance reserves. For 2021-22, the proposed budget makes progress on a new reserve policy enacted during FY2020-21 to rebuild reserve levels that within five years should amount to two months of operating expense. FY2021-22's reserve is estimated at 0.97 months, up from 0.80 months of operating budgeted in the prior year.

The chart below compares General Fund revenues, expenditures and the level of the reserve through 2023-24, as reflected in the City's financial forecasting model. When forecasting the reserve level based on the 2021-22 proposed budget and estimated savings, the chart shows that growth in revenues will not keep pace with rapidly increasing expenditures and the "spend down" of the General Fund reserve will continue through 2023-24. However, the chart also shows that with increased revenue and/or reduction in expenses, the rate of spend down – our curve – can be flattened.

During 2018-19, the City adopted a strategic plan which will help guide decision-making and priorities for the General Fund budget. In 2020-21, Council annual priorities taken from the strategic plan include developing a process and implement measures to address this resource-service level gap. This effort in finding a more sustainable financial model is part of Mac-Town 2032 strategic goal for City Government Capacity and strengthening the City's ability to prioritize and deliver municipal services with discipline and focus.

For additional information on the General Fund, please refer to the **Budget Message** in the **Budget Officer** section of this document.

For more information on the 2021-22 proposed budget, please contact Finance Director Jennifer Cuellar at 503-434-2350 or jennifer.cuellar@mcminnvilleoregon.gov.

City of McMinnville FY2021-22 Budget Mid-Year Review List

Initial list of expenditures to consider should beginning balance come in higher than budgeted and/or if other unrestricted funding becomes available. With regard to the anticipated American Rescue Plan Act (ARPA), relevant allowable items from this list may be funded with these dollars as part of a larger, strategic investment prioritization of potential activities. Due to ongoing uncertainty with regard to the public health emergency and possible negative impacts on FY2021-22 budgeted revenue and potential for extraordinary outlays over the next year, it is possible priorities will change even if the City's financial condition permit adding costs to next year's activities.

Items	Amount
ier 1 priority capital projects, technology investment and equipment replacement	
Capital building projects - parking structure	110,000
Capital equipment and vehicle purchases MPD	168,000
Ambulance MFD	238,600
Capital equipment MFD	76,000
Technology investments	22,000
Vehicles and signage upgrade Park Maint.	61,000
er 2 priority capital projects, technology investment and equipment replacement	
City hall carpet replacement	38,000
ADA study + Mech/HVAC study	16,000
Chamber of Commerce rental property building improvements	40,000
Capital building projects - parking lot	328,000
Capital equipment and vehicle MFD	75,000
Discovery Meadows playground renovation phase 1, vehicle and park partition ParkMaint	180,000
Software (legal case mgmt, document mgmt, financial transparency, RMS for MPD)	225,000
rogram austerity reductions	
Summer interns (admin, legal)	25,000
Muni court capacity @ 3.5 staff (admin and muni court budget)	85,000
Admin+Fin capacity (.5 FTE to 1 FTE at Jan start + materials and services)	63,500
Planning (materials and services)	88,000
MPD (materials and services)	165,800
MFD (materials and services)	50,000
Park and Rec (make mid-year hires of open positions + materials and services)	110,000
Library (materials and services)	46,200
Park Maintenance (materials and services)	42,000

In addition, the City needs to consider the possibility that revenue losses and/or extraordinary costs exceed anticipated levels requiring budget reductions for FY2021-22 from the appropriated levels. Options to address near term budget shortfalls are listed below

Items

Furlough program	Add days beyond those already programmed
Freeze open positions	For unanticipated personnel turnover, can implement a freeze on replacement hires

FUND DEFINITIONS

Budget Organization Chart

Fund Definitions - Budget Basis

Fund Accounting: The City records financial transactions in individual funds. A fund is a set of accounts that includes a beginning fund balance, revenues, expenditures, and an ending fund balance. Fund accounting segregates revenues according to their intended use and allows management to demonstrate compliance with statutory, legal, and contractual provisions. For example, gas tax funds remitted to the City by the State of Oregon must be spent in compliance with the State's Constitution. Fund accounting provides accountability by segregating gas tax revenues and the associated expenditures in the Street Fund.

Fund Organization: Many funds are divided into smaller segments to improve financial monitoring and internal controls. One example is the General Fund, which is used to account for a variety of services provided by the City. The General Fund is divided into departments (the Police Department, for example), which is divided into sections or organization sets (Field Operations). Sections are further divided into programs (Patrol).

Following are descriptions of the City's thirteen governmental funds; one enterprise fund; and two internal service funds.

Governmental Funds: General Fund

General Fund

The General Fund is the City's primary operating fund. Principal sources of revenue are property taxes from the general property tax levy, licenses and permits (primarily franchise fees), and intergovernmental shared revenues. Expenditures are accounted for by Department, including City administration, finance, engineering, planning, police, municipal court, fire, parks and recreation, parks maintenance, and library services. Of note, starting in FY2019-20, the City's ambulance operations are included within the Fire Department.

Governmental Funds: Special Revenue Funds

Special revenue funds account for revenues that are restricted or committed to expenditure for specified purposes.

Special Assessment Fund

This fund accounts for downtown economic improvement district (DEID) assessments, which are collected by the City and turned over to the McMinnville Downtown Association.

Telecommunications Fund

This fund accounts for franchise fees received from service providers that operate telecommunications and cable systems within the public rights-of-way. All franchise fees are passed through to McMinnville Community Media, the non-profit organization responsible for managing and operating public, educational, and government access for the McMinnville community.

Transient Lodging Tax Fund

This fund, established in fiscal year 2013-14, accounts for transient lodging taxes collected from the occupants of temporary lodgings, such as hotels and motels. While Oregon law requires that at least 70% of the net revenue collected as transient lodging tax be used to fund tourism promotion, the remaining 30% may be appropriated at the City Council's discretion. The proposed budget transfers this discretionary 30% from the Transient Lodging Tax Fund to the General Fund.

Emergency Communications Fund

This fund accounts for the City's participation in the 911 Central Emergency Dispatch Center operated by Yamhill Communications Agency (YCOM). Funds are transferred from the General Fund (Police and Fire) to the Emergency Communications Fund. The City's member contribution to YCOM is then paid from the Emergency Communications Fund.

Fund Definitions – Budget Basis

Street Fund

The principal revenue for this fund is state gas taxes, which are collected by the State of Oregon, turned over to the City, and spent according to provisions in Article IX, Section 3 of the Constitution of the State of Oregon. Gas tax revenue is used to pay for street maintenance, pavement repairs, equipment purchases, and street lighting.

Airport Maintenance Fund

This fund accounts for fees for airport services, including building, hangar, and land lease rental payments. Revenue is committed for airport operations. In addition, Federal Aviation Administration (FAA) and ODOT Connect Oregon grant revenues are accounted for in this fund. FAA and State grant dollars are used for runway and taxiway rehabilitation and reconstruction.

Building Fund

Income in this fund is primarily fees for building inspections and plan review of residential, commercial and industrial projects. State law mandates that building plan review fee income must be dedicated to the building inspection program. In FY2019-20 this fund was reclassified from an enterprise fund to a special revenue fund.

Governmental Funds: Capital Projects Funds

Capital projects funds account for the acquisition and construction of major capital projects other than those accounted for in City enterprise fund (Wastewater Services Fund).

Transportation Fund

The Transportation Fund is used to account for federal highway funds, which the City exchanges with the State of Oregon. Federal exchange dollars are used for street resurfacing projects, including overlays, slurry seals, etc. This fund also includes transportation system development charges (SDCs) that are assessed on new construction and that can only be used for capital projects that increase system capacity. Proceeds from general obligation bonds issued in 2018 are also included in this fund. In 2013, the City entered into a loan agreement with the Oregon Transportation Infrastructure Bank to fund the City's share of the local match for the Newberg-Dundee bypass project. The City makes principal and interest payments on the loan with Oregon federal exchange dollars.

Park Development Fund

This fund is used to account for the \$9.1 million 2001 Park System Improvement bond proceeds which has been fully spent out in FY2019-20. Other revenues include park system development charges (SDCs), grants, and donations which are used for park system expansion and improvements.

Wastewater Capital Fund

This fund is used to account for the design and construction of major wastewater system capital projects, including expansion of the Water Reclamation Facilities (WRF), wastewater conveyance system, and inflow and infiltration (I&I) projects. Major revenue sources are system development charges (SDCs) and sewer user fees, which are transferred from the Wastewater Services Fund.

Governmental Funds: Debt Service Fund

Debt Service Fund

This fund accounts for the City's property tax debt service levy used to pay principal and interest on general obligation bonds.

Business Type Activies: Enterprise Funds

Enterprise funds account for acitivities for which a fee is charged to external users of goods or services. Enterprise funds are intended to be self-supporting.

Wastewater Services Fund

The primary income in the Wastewater Services Fund is sewer user fees. Wastewater Services staff operates and maintains the Water Reclamation Facility (WRF), pump stations, laboratory, conveyance system, and pretreatment programs.

Fund Definitions – Budget Basis

Ambulance Fund

This fund was used to account for revenues and expenditures for emergency ambulance services provided to the community. This fund was closed in FY2019-20 because the fund had not been selfsupporting for over a decade. Fund information is included in the document to meet compliance requirement to report three years of prior year activity.

Internal Service Funds

Internal Service Funds account for operations that provide services to other departments of the City on a cost-reimbursement basis.

Information Systems and Services Fund (IS)

This fund accounts for information technology services provided to operating departments by the IS Fund. Operating departments reimburse the IS Fund for all costs incurred. Personnel Services expenses for computer support are shown as Transfers Out expenditures in the departments and as Transfers In in the IS Fund. Expenses for equipment, hardware and software are reimbursed directly and are shown as expenditures in the operating departments; the IS Fund records corresponding Charges for Services revenue.

Insurance Services Fund

The Insurance Services Fund charges operating departments for the cost of property, liability and workers' compensation premiums and claims. Expenses are recorded in the operating departments as Materials and Services (property and liability) and Fringe Benefits (workers' compensation). The Insurance Services Fund records corresponding Charges for Services revenue.

Budget Organization Chart: The chart on the following page separates the components of the "Operating Budget" from "Other Requirements." The total "Operating Budget" (\$64.2 million) includes Personnel Services, Materials and Services, Capital Outlay, and Debt Service expenditures. "Other Requirements" include Transfers Out to other funds, Contingencies, and Ending Fund Balances (\$52.7 million).

Total "Operating Budget" and "Other Requirements" in the 2021-22 proposed budget are \$116.9 million.

Urban Renewal Funds

For budgeting purposes, the McMinnville Urban Renewal District is treated as an entity separate from the City. The annual budget for the Urban Renewal District is adopted by the McMinnville Urban Renewal Agency Board. Therefore, the Urban Renewal Fund and Urban Renewal Debt Service Fund are not included in the City Budget Organization Chart on the following page. Transactions between the City and Urban Renewal are shown as Transfers In or Transfers Out in the City's General Fund.

Fund Definitions - Budget Basis

Fund Accounting: The City records financial transactions in individual funds. A fund is a set of accounts that includes a beginning fund balance, revenues, expenditures, and an ending fund balance. Fund accounting segregates revenues according to their intended use and allows management to demonstrate compliance with statutory, legal, and contractual provisions. For example, gas tax funds remitted to the City by the State of Oregon must be spent in compliance with the State's Constitution. The annual budget for the Urban Renewal District is adopted by the McMinnville Urban Renewal Agency Board. Therefore, the Urban Renewal Fund and Urban Renewal Debt Service Fund are not included in the City Budget Organization Chart on the following page. Transactions between the City and Urban Renewal are shown as Transfers In or Transfers Out in the City's General Fund.

DEBT OVERVIEW

Debt Outstanding

The City issues debt to pay for major capital improvement projects and for acquisition of capital assets. The number of years the debt is outstanding must be equal to or less than the useful life of the capital asset. The City has also executed a low interest rate bank loan to refinance the City's PERS transition liability, which carried a much higher interest rate.

The 2021-22 proposed budget includes appropriations for principal and interest payments on the City's outstanding debt obligations, including the City's general obligation (GO) bond debt, full faith and credit obligations (FFCO), and capital leases.

The City does not plan for any new external debt obligations in FY2021-22 and opted not to add more internal borrowings for five-year terms on an interfund basis for capital purchases.

General obligation (GO) bonds - Debt service is paid with property taxes levied specifically for that purpose, therefore GO bonds must be approved by the voters. At June 30, 2021, the City's total amount of GO bond debt will be \$22,360,000.

In November 2014, the voters approved \$24.0 million in GO bonds for transportation improvement projects. The City issued the first series of transportation bonds for \$16.0 million in 2015 and issued the remaining \$8.0 million in February 2018.

The City's GO bond debt also includes \$12.8 million in refunding bonds. Refunding bonds are generally issued to realize debt service savings when new bonds are sold at interest rates significantly below the rates of the original bond issue. The City issued refunding bonds in 2011 to refinance the 2001 Park System Improvement Bonds and in 2015 to refinance the 2006 Public Safety Facilities bonds. These bonds will mature in 2021 and 2027, respectively. **Full faith and credit obligations (FFCO)** - This type of debt is secured by the City's full faith and credit, including general fund resources. Additional taxes outside the constitutional limit may not be imposed to pay debt service on these obligations. FFCOs are typically financing agreements or loans from a financial institution. FFCO debt may be issued for construction of capital projects or acquisition of capital assets. FFCO obligations may be issued for other purposes, as well, and must be approved by the City Council.

The City has executed three financing agreements related to capital projects and the acquisition of capital assets, including an ODOT loan to fund a portion of the Dundee Bypass project, maturing in 2036; a bank loan for street improvements in the Urban Renewal District, maturing in 2032; and a financing agreement to purchase Fire vehicles and equipment, maturing in 2024. In 2016, the City also entered into a financing agreement to refinance the City's PERS transition liability, maturing in 2028.

Capital leases – Capital leases are full faith and credit obligations granting use of equipment or property for a given period with ownership conferred at the end of the term of the agreement. A capital lease is considered debt because it is, in effect, a financing agreement. In 2017-18, the City issued a five-year capital lease for three Police Department patrol vehicles and in 2019-20 payments on an additional five-year capital lease for three additional Police vehicles began. Leasing vehicles instead or purchasing them outright facilitates management of the Police Department fleet and spreads the cash flow impact over the five-year lease term. The 2019-20 year also included a seven-year capital lease for an emergency communications system upgrade.

Internal borrowing – the City anticipates being reimbursed for its FFCO for street improvements in the Urban Renewal Area from the tax increment received by that entity.

The City has also executed five additional internal borrowings (\$760,000) for capital needs in the general fund financed by the millions in excess cash held by the Wastewater Capital Fund (WWC). FY2021-22 has \$160,000 budgeted in repayments, principal and interest) for these loans.

Internal debt arrangements, allowed under state law for municipal capital needs for a maximum term of ten years, allows the borrowing fund access to cash at a lower interest rate than is typically available from commercial alternatives while also earning the lending fund higher interest on its available cash balance than can typically be made in the allowable investment types for municipal funds. The WWC fund balance has been built by rate payers to accumulate funds for future capital investments in the city's sewer system, saving rate payers a higher cost of capital if the WWC were to issue bonds or otherwise commercially finance those large capital needs.

City of McMinnville

PERSONNEL SERVICES SUPPLEMENTAL INFORMATION

- Personnel Services Overview
 - Personnel Service and Volunteer Comparisons
- Salary Schedules
 - General Service Employees Semi-Monthly
 - Police Union Semi-Monthly
 - Fire Union Semi-Monthly
 - Supplemental

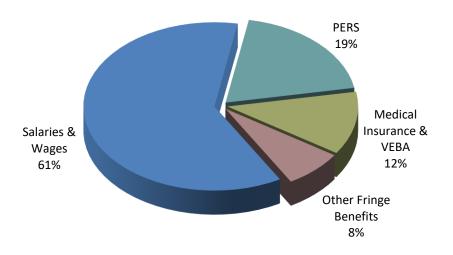

Introduction

City of McMinnville personnel services expenditures account for 38% of the City's total 2021-22 proposed budget expenditures and include salaries and wages and fringe benefits for all City employees. In the 2021-22 proposed budget, total personnel services cost for all funds is \$27.8 million.

The chart below illustrates the composition of personnel services expenditures.

Personnel Services Expenditures

Personnel Service Expenditures

Salaries and Wages

Salaries and wages include compensation to regular full time, regular part time, and temporary employees:

• <u>Regular full time</u> employees are compensated with a semimonthly salary and receive full fringe benefits.

- <u>Regular part time plus</u> employees work twenty or more hours a week and are compensated on an hourly basis with limited fringe benefits.
- <u>Regular part time</u> employees work nineteen hours or less a week and are compensated on an hourly basis. They receive only those fringe benefits required by law.
- <u>Temporary</u> employees are extra help positions compensated on an hourly basis. They receive only those fringe benefits required by law.

Benefits

Total fringe benefits account for 39% of total *personnel services* expenditures, or \$10.8 million in the 2021-22 proposed budget. PERS and medical insurance/VEBA costs combined are \$8.8 million for all City employees. Therefore, changes in costs for these fringe benefits have a significant impact on the City's budget.

Retirement

The table below shows PERS rates (Public Employees Retirement System, Tier 1/Tier 2), OPSRP (Oregon Public Service Retirement Plan), IAP (Individual Account Program), and PERS Transition Liability (amount needed to pay off PERS related debt service):

	Employer C	<u>Contribution</u>
	2019-21	2021-23
 PERS Tier 1/Tier 2 members 	28.4%	27.8%
OPSRP General Service members	18.5%	20.8%
OPSRP Police and Fire members	23.2%	25.1%
 IAP – all members 	6.0%	6.0%
 Transition Liability – all members 	2.3%	2.3%

Approximately 29% of the City's PERS eligible employees are Tier 1/Tier 2 members; 42% are OPSRP General Service members; and 29% are OPSRP Police and Fire members. To be eligible for PERS,

Personnel Services Overview

an employee must work 600 or more hours in a year. Interestingly, with the newly legislated PERS retiree workback program that requires employers to now pay into the retirement system for these employees, the proportion of PERS Tier 1/Tier2 employees in the City workforce increased in the last year.

Medical Insurance

For 2022, the City's medical insurance premiums are expected to increase by 6% for members of the police union and 5.25% for the rest of staff, steeper cost growth when compared to last year's 3.6% increase.

General services employees have a high deductible health insurance plan, choice between two similar plans and VEBA accounts. A VEBA account is a healthcare cost reimbursement account, funded by the employer, which helps defray the cost of the higher deductibles. Only employees choosing health insurance coverage through the City are eligible for a VEBA account. The 2021-22 budget proposes that the City contribute 100% of the copay plan deductible to general service employee VEBA accounts for the 2022 plan year. General services employees pay 10% of their health insurance premium.

Pursuant to the terms of the collective bargaining agreement (CBA) in effect July 1, 2018, Fire union members pay 10% of the premium for a higher deductible copay plan and the City contributes 100% of the plan deductible to Fire union member VEBA accounts.

The Police collective bargaining unit is part of the Oregon Teamsters Employer Trust (OTET) insurance plan, which also includes a \$150 deductible and 90% /10% coinsurance. Police Union members pay 5% of the premium and the City pays the remaining 95%.

Other Fringe Benefits

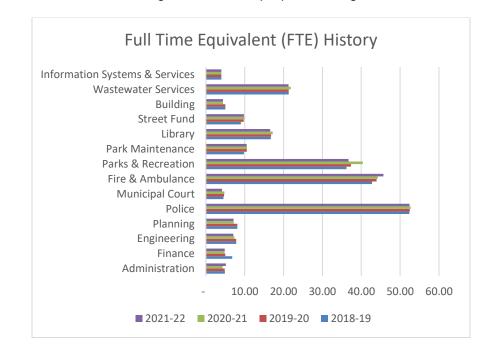

Other fringe benefits provided to employees by the City include FICA (Social Security and Medicare), life insurance, long term disability

insurance, workers compensation insurance, unemployment benefits, and an employee assistance program.

Fringe benefits provided to volunteers include workers compensation insurance, life insurance for public safety volunteers, and monthly retirement benefits for qualifying Fire Department volunteers.

Change in Personnel

The 2021-22 proposed budget reflects an overall decrease of 3.57 fulltime equivalent (FTE) positions. The graph below shows changes in FTE from 2018-19 through the 2021-22 proposed budget.

The FY2021-22 budget includes cost savings measures in personnel with furlough days and holding vacancies open. Furlough savings are estimated at \$300,000 across the General Fund, Street Fund and Building Fund. Vacancies total a reduction in 5.25 FTE across a handful of departments over the year. Neither of these budget reduction actions

Personnel Services Overview

affect the FTE data for FY2021-22 as the vacancy savings are not considered actual staffing reductions. The only department in the city with a budgeted staffing increase of any significance is the Fire Department which includes a pending federal award to support hiring five additional firefighters.

The tables immediately following this overview provide more detailed information:

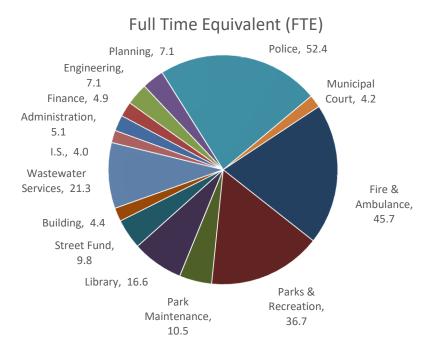

Table #1	Five-year	trend	of	FTE,	including	FTE	in	the
	"Proposed	2021-2	22" k	oudget,	by departi	ment

22 Proposed Budget," by position
- Table #3Current number of employees and City volunteers, by
department
- Table #4
 Volunteer Roster Illustrates number of volunteers that participate in the City's volunteer programs

Cost of Living Adjustment (CoLA)

The City's annual CoLA is based on the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI-W) for the second half of the year. This year the CPI was 1.31%. In FY2021-22, the typical CoLA will not be applied for general service employees; instead the budget includes funds to cover the cost of the initial year implementation of the wage classification and compensation study that will bring any employees currently being paid under market levels to a more appropriate compensation level. For both bargaining units, the 2021-22 proposed budget includes the contract minimum CoLAs of 2%.

The chart to the right shows FTE included in the 2021-22 proposed budget.

Significant Department Changes – General Fund

The 2021-22 proposed budget for the **General Fund** reflects 10 furlough days for general service employees including line staff, supervisors and department heads.

The largest departmental FTE reduction is seen in **Parks and Recreation.** The 3.66 FTE reduction relative last year is largely due to an over estimate in last year's FY2020-21 budget of seasonal and year-round recreational programming. During FY2020-21, the actual part-time work force was not staffed up and, indeed, many seasonal employees were laid off in the spring of 2020. The FY2021-22 budget includes the department's best assessment of programming and, therefore, staffing levels needed for next year. While Table #2 shows this budgeted decline, the Parks and Recreation department part-time work force numbers are trending higher in actual terms relative the last year of Covid-19 shut downs.

Personnel Services Overview

For the **Fire Department**, the combined fire fighter/EMT workforce is represented in the general fund and includes an increase of 5 FTE in grant-funded firefighters; the Feb 2022 hire date translates to 2.1 FTE increase in FY2021-22 relative the prior year.

In **Administration**, a net increase relative FY2020-21 is seen for three reasons: the prior year had mid-year hire dates (and partial FTEs) for both the City Attorney and Legal Assistant, two summer internships were formalized with FTE values and the half time clerical position historically shared with the Municipal Court was restored.

Municipal Court shows a net decline in FTE; 80% of the decline is represented by the shared clerk with Administration now more properly shown in its home department. The balance is represented by a reduction in the bailiff position as it is not needed in a remote court setting.

Summary

Personnel services expenditures in the 2021-22 proposed budget reflect the City's efforts to maintain the current service level requirements of the public while making some progress towards a more sustainable long term financial footprint that includes a reserve adequate to the City's needs and in line with national best practices. For additional information, please refer to the **Budget Message** in the **Budget Officer** section of this document.

For additional information regarding FTE in General Fund Departments, please refer to the **Budget Summaries** included with each Department.

General Fund – Beginning Fund Balance

Beginning Fund Balance

The beginning fund balance represents the reserve amount carried forward from the previous fiscal year. At July 1, 2021, the beginning fund balance for fiscal year 2021-22 is estimated to be \$4.25 million.

- General Fund reserve --- The 2021-22 budget proposes spending down the beginning fund balance or the reserve to fund current operations. The General Fund beginning balance is *budgeted* to decrease from \$4.25 million on July 1, 2021, to \$2.38 million at year's end June 30, 2022 (reserve includes unrestricted ending fund balance and contingency). This is a *budgeted* decrease of approximately \$1.87 million over the course of the year, smaller than the decrease of \$2.35 anticipated in the FY2020-21 adopted budget.
- The City's reserve policy enacted earlier in the current fiscal year states that the general fund should target holding two months operating expense at the end of the year, with a five-year timeline for rebuilding the reserve (by FY2025-26). In the first year of the policy's existence, the reserve level increased from 0.80 months of operating reserve in FY2020-21 to 0.97 months budgeted in reserve for the end of FY2021-22, an improvement of over 20% year over year.
- The City typically achieves "savings" during the budget year. This will likely happen in FY2020-21 as well. "Savings" reflects a combination of actual revenue that exceeds budgeted amounts and actual expenditures that are less than budgeted amounts. In response to the city's new reserve policy, departments made a shift this cycle to project routine revenues and expenses tied to actual trends instead of the more conservative practice of

budgeting minimum revenue expectations and recurring costs at a level to cover what might happen in the year.

- Uncertainties remain that may affect both the beginning and ending fund balances for the general fund due to the Covid-19 pandemic and its impacts on near term charges for services revenues.
- Please see the Budget Officer's Message and Financial Overview in the introductory section of this document for additional information regarding the City's General Fund reserve.

Designated Beginning Fund Balance – Length of Service Awards Program (LOSAP) – LOSAP is the City's retirement benefit plan for volunteer firefighters and is included in the General Fund's budgeted beginning balance but is excluded from the calculation of the City's operating reserve level. The LOSAP Designated Fund Balance reflects funds that have been set aside to fund the program, although a formal trust has not been created. The LOSAP is administered by VFIS Benefits Division. The estimated balance for LOSAP funds at July 1, 2021 is approximately \$677,500. Expenses for the LOSAP are included in the Fire Department proposed budget for 2020-21. In the upcoming year, the Fire Department is evaluating transitioning from the current defined benefit plan to a defined contribution plan. Such as move will allow the city to continue to acknowledge the significant contributions of the volunteer firefighters to the community with a more economical and fiscally sustainable retirement benefit cost for the City.

General Fund - Administration 2021 – 2022 Proposed Budget --- Budget Summary

Budget Highlights

The Administration Department consists of six sections as listed below. These sections define the Administration Department for operating and budget adoption purposes.

City Manager's Office

• Includes the City Manager and 0.40 FTE of the City Recorder.

City Hall & City Property

 Includes maintenance expenditures for City Hall, Civic Hall, and City owned property not otherwise assigned to a specific fund or department such as the Chamber of Commerce building.

Mayor & City Council

- Includes 0.60 FTE of City Recorder who is responsible for preparing City Council packets and minutes and performing other support functions for the Mayor and City Councilors.
- A small investment in affordable housing expenses is budgeted in FY2021-22.

<u>Legal</u>

• Includes the City Attorney and a part time plus paralegal.

Community Services

 Includes City funded support of various community programs, including Holiday Lighting, Downtown Public Art, Yamhill County public transportation, and McMinnville Economic Development Partnership.

Human Resources

• Includes the Human Resources Manager and a part time plus support staffer budgeted with a Jan 1, 2022 start date.

All full-time employees in City Administration will be taking 23 days of furloughs in late FY21 and early FY22, maintaining office hours four days a week. While it is Administration's intention to minimize the impact of this cost saving measure on interactions with the public, it is anticipated that delays will be inevitable during this 23-week period.

Core Services

City Manager's Office

- Provides leadership and management support to City government operations and the City Council.
- Coordinates the accomplishment of City Council goals.
- Provides information, support, recommendations, and advice to the Mayor and City Council.
- Represents the City, Mayor, and Council before various public and private groups.
- Responds to citizen requests and complaints on behalf of the Mayor and City Council.
- Oversees Risk Management for the City.

City Attorney's Office

- Provides legal services to the Mayor, City Council, City Manager, Department Heads, and City employees.
- Represents the City in court proceedings, administrative matters, and other forums.

Future Challenges and Opportunities

Administration - City Manager's Office

- The ability to finance growing operational and capital needs, with relatively flat revenues. Additional discussion of long-term issues is included in the City Manager's Budget Message
- Maintain and enhance the City's human resources policies, programs, and practices in order to recruit the highest quality work force and ensure its long term well-being
- Lead an organizational review of core service needs, deferred facilities maintenance, capital investment needs, process improvements and opportunities for new or enhanced revenues

Leading the City of McMinnville's response to and recovery from the COVID-19 pandemic been at center stage for the City Manager's Office for the entirety of FY2020-21 and will continue into FY2021-22. Work to date has focused on participating in the design and execution of a coordinated, multi-agency response to the health crisis including private health care providers, non-profits and other specialized venders and partners with the goal of minimizing the number of people affected by the disease and protecting the most vulnerable members of the community.

The City Manager has worked closely with staff across the agency to assure the health and safety of first responders and workers in critical infrastructure that allows for social distancing where possible and adequate personal protective equipment where it is not. Administrative functions moved to a remote-service delivery model and, wherever possible, public service functions are being conducted with phone and videoconferencing technologies or by appointment.

Monitoring the financial impacts of the crisis and positioning the City to access all the relief programs it is eligible for as they come on line has been another key activity during the pandemic. In addition, the City Manager is prioritizing linking community partners and businesses up to resources that will help to sustain the vibrant private and non-profit sector of McMinnville through this extraordinary moment in our history.

Administration - City Attorney's Office

The City Attorney joined the City in August 2020 and immediately began working on a number of legal matters from time-sensitive COVID-19 policies and procedures to an appraisal of the City's basic procurement and purchasing practices. She was also instrumental in the review and launch of administrative rules associated with the new Campaign Finance law passed by the Council in April 2020 and working with the Airport Commission on a number of complex contracting issues.

The City Attorney also manages the contract for City Prosecutor services and secure specialized legal services as needed for land use and employment law.

Administration – Human Resources

The HR Manager has worked on a number of key work force projects in FY2020-21 including a position classification and wage study, a rewrite of the City's personnel policies, addition of a Spanish bilingual certification and pay incentive policy and implementation of a webbased new hire system.

She has also spearheaded a number of COVID-19 policies and procedures, keeping the agency apprised of employment related mandates from the state and federal government and supporting the workforce as has made significant and department-specific changes to its operational norms has taken precedence over other activities.

Other city-wide projects began during FY2020-21 and will extend into FY2021-22: the establishment of a Diversity, Equity and Inclusion Advisory Committee and a branding project which will allow the City to have a more unified look and feel in its public materials.

Mac-Town 2032 Strategic Priority Focus

The Administration Department plays a central role in moving forward the work of Mac-Town 2032. FY2020-21 saw organizational development activities including a city-wide core service inventory and analysis as well as supporting all departments to establish diversity, equity and inclusion goals and measures. The City has also prioritized activities to address the housing shortage and needs of residents facing housing insecurity, particularly for those most vulnerable to the impacts of Covid-19.

Also notable in the FY2020-21 year are efforts to assure community safety in a financially sustainable manner, with a particular emphasis on a study to look at delivering ambulance and fire services in a new way for the City of McMinnville and beyond.

Additional focus will be on updated Council priorities which are still being refined as this document is being prepared. Likely objectives include:

- o Identify and focus on the city's core services.
- Provide exceptional police, municipal court, fire, emergency medical services (EMS), utility services and public works.
- Strategically plan for short and long-term growth and development that will create enduring value for the community.
- Accelerate growth in living wage jobs across a balanced array of industry sectors.

2021 – 2022 Proposed Budget --- Budget Summary

- Lead and plan for emergency preparedness.
- Improve access by identifying and removing barriers to participation.

CITY GOVERNMENT CAPACITY

Strengthen the City's ability to prioritize and deliver municipal services with discipline and focus

CIVIC LEADERSHIP

Encourage a variety of leadership development opportunities to foster a culture of civic pride and involvement

eMe

COMMUNITY SAFETY & RESILIENCY

Proactively plan for and responsively maintain a safe and resilient community

ECONOMIC PROSPERITY

Provide economic opportunity for all residents through sustainable growth across a balanced array of traditional and innovative industry sectors

ENGAGEMENT & INCLUSION

Create a culture of acceptance and mutual respect that acknowledges differences and strives for equity

GROWTH & DEVELOPMENT CHARACTER

Guide growth and development strategically, responsively, and responsibly to enhance our unique character

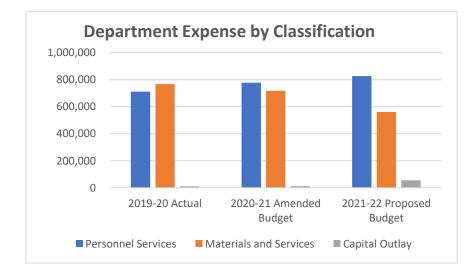

HOUSING OPPORTUNITIES (ACROSS THE INCOME SPECTRUM)

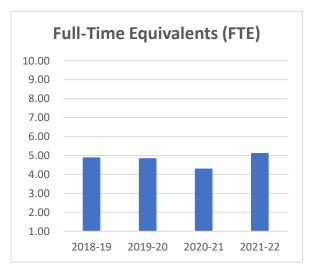

Create diverse housing opportunities that support great neighborhoods

FINANCE DEPARTMENT

General Fund – Finance

Budget Highlights

The finance department is responsible for maintaining the financial integrity of the City and providing a wide range of financial support services. The finance department ensures the timeliness and accuracy of financial information, the adequacy of internal accounting and budgetary controls, and safekeeping of the City's financial assets.

The finance department proposed budget for next year seeks to strengthen McMinnville's ability to prioritize and deliver municipal services with discipline and focus. It reflects a staffing level of 4.85, consistent with the current year, though a furlough program scheduled for late FY21 and early FY22 of over 20 days for each staff member will result in some service delays for our internal customers and plans for business process improvements as we prioritize mandatory deadlines and the highest priority financial services in our portfolio.

Core Services

Accounting

- Provide accounting services for all City financial operations, including payroll and fringe benefits, accounts payable, accounts receivable, and general ledger accounting
- Prepare the Annual Comprehensive Financial Report (ACFR), coordinate the annual financial audit, maintain unmodified audit opinions
- Administer property and liability insurance claims
- Administer collection of Transient Lodging Taxes and other revenue sources
- Assist City departments, as needed, on various financial issues, including internal control development and compliance

Budgeting and Financial Planning

• Prepare the City's annual budget, providing long-term forecasting and on-going monitoring of the budget

2021 – 2022 Proposed Budget --- Budget Summary

- Coordinate issuance and management of the City's debt
- Support grants and other project activities to meet fiscal compliance requirements

Treasury Services

- Manage investment of public funds consistent with state law to assure the on-going ability of the city to meet its financial obligations
- Ensure quality, efficient banking and merchant services operations
- Support strong internal control structures and training for cash handling processes throughout the organization

Future Challenges and Opportunities

The finance department is working towards:

- Support of a process to identify and maximize one-time and ongoing resource options available to the city in order to build a more sustainable financial trajectory for city services that includes analysis of potential revenue options in terms of social equity and environmental impact (triple bottom line)
- Alignment of departmental activities as well as staffing skill sets with the City's strategic and long-range financial planning and continuing to develop and refine financial forecasting methodology
- Implementation of existing New World functionality and other costeffective tools to enhance public visibility of city finances, accrue efficiencies across the city and benefit city employees
- Continue partnering with departments to identify opportunities for maximizing operating efficiencies, while promoting internal controls and compliance
- Focus on risk management in area of treasury and insurance

General Fund – Finance

The financial impacts of the Covid-19 pandemic on the municipal organization and the larger community are still significant unknowns at the time of drafting this budget. During FY21, the finance department shifted resources to manage the supplemental funding available to us during the pandemic and we will continue to do that as further relief efforts are enacted at the federal and/or state levels.

One highlight of this difficult period is the ability of the finance department to work effectively from home. The finance department, with the support of information services, literally made the move to remote working arrangements overnight upon issuance of the governor's Executive Order 20-07 with social distancing requirements for workplaces on March 17, 2020. The finance team has worked effectively on a remote basis throughout the entirety of FY21.

The current FY21 period also saw implementation of the Campaign Finance Ordinance which placed responsibility for managing that election communications compliance program in the finance department. The inaugural cycle for the local ordinance was the November 2020 election.

Mac-Town 2032 Strategic Plan

The finance department reviewed its contributions to the Strategic Plan Priorities:

Mo	Minnville MAC-2032 S	trategic Priority	Finance Contribution
	CITY GOVERNMENT CAPACITY	Strengthen the City's ability to prioritize and deliver municipal services with discipline and focus	Prepare the Fiscal forecast Manage the budget process Play lead role with all fiscal compliance issues
	COMMUNITY SAFETY & RESILIENCY	Proactively plan for and responsively maintain a safe and resilient community	Support risk management and assure insurance coverage for municipality and workforce
5	ECONOMIC PROSPERITY	Provide economic opportunity for all residents through sustainable growth across a balanced array of traditional and innovative industry sectors	Manage collection and disbursement of Transient Lodging taxes, and Downtown Economic Improvement District assessment, franchise fee
	ENGAGEMENT & INCLUSION	Create a culture of acceptance and mutual respect that acknowledges differences and strives for equity	Strive for supportive, problem solving engagement with all departments and members of the public
	GROWTH & DEVELOPMENT CHARACTER	Guide growth and development strategically, responsively, and responsibly to enhance our unique character	Provide financial services for Urban Renewal District Assist with debt issuance and management

General Fund – Finance

Core Services

High Priority Services

- Prepare budget in accordance with state law, provide framework for preparing budget and making prudent near-term financial choices
- Maintain and provide ongoing training for financial system across the city; implement technology enhancements
- Provide data and analysis to support both short and longer term financial planning
- Assure annual required financial reporting and audit, federal single audit when required

Medium High Priority Services

- Treasury services provide banking, merchant services, credit card/purchasing cards
- Benefits management insurance, retirement, ancillary programs
- Provide accurate and timely payroll consistent with state/fed law, city policy and bargaining agreements
- Assure fiscal compliance, support fund managers, mandatory federal and state reporting
- Timely deposit of funds and accurate recording of revenues
- Assist in setting up purchase orders, assure strong internal controls for new vendors
- Grants support fed and state and private to meet compliance requirements and support financial planning for critical programs

Medium Priority Services

- Assure timely payment and accurate recording of expenses
- Debt Assist with necessary paperwork to sell bonds or secure bank loans, assure legal budgeting requirements for tax levy
- Cash flow management, manage investments according to the city's investment policy

Medium Low Priority Services

- Provide centralized accounts receivable billing function
- Produce annual Comprehensive Annual Financial Report and seek Government Finance Officers Association award
- Produce annual unclaimed property report
- Risk management activities with general liability and workers comp insurance programs, coordinate property and general liability claims
- Implement and enforce campaign finance ordinance

Services Not Currently Being Provided

- Capital Improvement Plan budget program
- Enhanced cash flow management and investment program
- Produce public facing financial status graphics and metrics
- Training program cash handling, finance policies, Personally Identifiable Information (PII) practices
- Design and implement a fraud, waste and abuse program
- Assure Emergency Operations finance operations in the event of a declared emergency and ongoing training and readiness requirements
- Support departmental purchasing needs such as maintaining city-wide surplusing options, interaction with state's procurement system ORPIN, evaluating procurement/purchasing options, vehicle/equipment specialty firms, etc.

General Fund – Finance

- **1983** Finance Department transitions City accounting system to mainframe computer using Group 4 software
- **1988** Finance Department purchases first PC which is shared and primarily used for budget preparation
- **1989** First year City of McMinnville Comprehensive Annual Financial Report awarded the Government Financial Officers' Associations' Certificate of Achievement for Excellence in Financial Reporting
- **2003** Governmental Accounting Standard Board Statement No. 34 implemented in City's June 30, 2003 Comprehensive Annual Financial Report. GASB #34 is major revision of governmental generally accepted accounting principles (GAAP)
- **2003** Property lien searches available via Internet

- 2007 Implementation new Enterprise Resource System (ERP) Phase 1: general ledger, procurement, revenue collections, and miscellaneous billing
- **2008** ERP implementation Phase 2: payroll processing and position budgeting, annual budget preparation
- **2014** Affordable Care Act reporting requirements implemented
- 2015 Merina & Co, LLP appointed City financial auditor
- 2016 Oregon sick leave law implemented
- 2019 Ambulance billing outsourced to third party provider
- **2019** Marcia Baragary, Finance Director retires after 10 years with the City.

Historical Highlights

- **2019** Financial system functionality additions with implementation of e-Suite and HR Portal
- **2020** Draft an updated reserve policy for the city as a whole as critical component of drive towards a sustainable financial future

ENGINEERING DEPARTMENT

 \rightarrow

General Fund – Engineering

2021 – 2022 Proposed Budget --- Budget Summary

Budget Highlights

During fiscal year 2021-22, the Engineering staff will continue to provide project management, design, bid document and specification development, contract administration, inspection, and other technical assistance in support of advancing the City's goal to plan and construct capital projects, including:

- Complete the construction of the NE High School Basin Sanitary Sewer Rehabilitation project (Wastewater Capital Fund);
- Complete the Water Reclamation Facility Administration Building roof replacement (Wastewater Capital Fund);
- Complete the Airport Taxiway Apron & Taxilane Rehabilitation Project (Airport Fund);
- Complete the procurement and installation of an emergency stand-by generator at the Cozine Pump Station (Wastewater Capitol Fund);
- Continue the design of the Solids Treatment Capacity Improvements project – formerly named the Biosolids and Grit System Expansion project (Wastewater Capital Fund);
- Begin the construction of the Three Mile Lane force main (Wastewater Capital Fund) in conjunction with ODOT's Three Mile Lane bridge replacement project;
- Application of slurry sealcoat on various City streets (Transportation Fund);
- Design and installation of a new traffic signal at the Baker Creek Road / Michelbook Lane intersection (Transportation Fund);

- Begin the update of the Transportation System Master Plan (Transportation Fund);
- Begin the update of the Sanitary Sewer Conveyance System Master Plan (Wastewater Capital Fund);
- Begin the update of the Water Reclamation Facilities Master Plan (Wastewater Capital Fund);
- Begin the development of a plan to address the Willamette River mercury TMDL, required to be complete by September 2022 (Wastewater Capital Fund);
- Begin the design of the Chandlers Addition Sewer Rehabilitation project (Wastewater Capital Fund); and
- Begin the design of the Water Reclamation Facility administration building upgrade project (Wastewater Capital Fund);

These projects will help to meet the Strategic Plan Goals of Community Safety & Resiliency and the objective to develop resiliency targets for critical infrastructure.

Core Services

- Monitor public infrastructure improvements constructed as part of privately funded development projects.
- Manage the City's transportation, wastewater, storm sewer, and airport infrastructure and systems.
- Provide project management services for the City's capital improvement projects.
- Administer the City's private sewer lateral replacement program.
- Maintain and update the City's public infrastructure records, including Geographic Information System (GIS), Hansen sanitary sewer maintenance system, as-built drawings, system maps, plats, etc.

General Fund – Engineering

- Perform "Call Before You Dig" utility locates.
- These services help meet the Goal of City Government Capacity and the objective of identifying and focusing on the City core services

Future Challenges and Opportunities

- Develop and/or maintain adequate funding sources to implement projects in the updated infrastructure master plans, i.e., wastewater, storm drainage, and transportation.
- Develop a plan to address the Willamette River Basin Mercury TMDL and develop a Storm Water Utility to fund improvements required for compliance.
- Build redundancy for critical functions within the department.

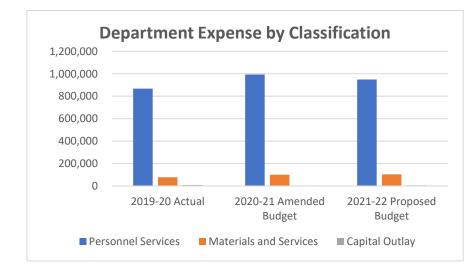

To date, the Engineering Department has evaluated over 2,300 private sewer laterals.

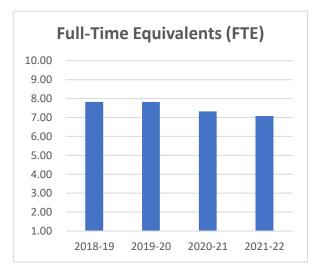

General Fund - Engineering

Core Services

High Priority Services

- Manage the City's transportation, wastewater, storm sewer, and airport infrastructure and systems.
- Provide project management services for the City's capital improvement projects.
- Monitor public infrastructure improvements constructed as part of privately funded development projects.
- Perform "Call Before You Dig" utility locates.

Medium High Priority Services

- Administer the City's private sewer lateral replacement program.
- Maintain and update the City's public infrastructure records, including Geographic Information System (GIS), Hansen sanitary sewer maintenance system, as-built drawings, system maps, plats, etc.

General Fund – Engineering Dept

Historical Highlights

- **1967** City Manager appoints City's first Public Works Director.
- **1992** City adds Assistant City Engineer position.
- **1996** City creates a Geographic Information System (GIS).
- **1997** City Council adopts private lateral sewer ordinance defining the responsibilities for property owners to repair defective sewer laterals. Engineering Department assumes administration of ordinance.
- **1997** Community Development Department reorganized related to Measure 47/50, but with the ultimate goal of a one-stop development center --- includes Engineering, Building, Planning, Airport, Wastewater Services, Park Maintenance and Public Works.

- **2005** City completes the purchase of the OMI Regional Building to create the new Community Development Center for the Engineering, Building, and Planning Departments.
- **2007** Engineering, Building, and Planning Departments complete move to the Community Development Center.
- **2008** The Engineering Department issues and tracks 46 right-ofway permits for Verizon Northwest's FIOS fiber optic network installation throughout the City.
- **2015** A second Project Manager position was added.
- 2017 Administrative Assistant II Public Affairs position was added.

The Engineering Department received 2,353 locate requests in 2020.

PLANNING DEPARTMENT

Organization Set – Sections

- Administration
- Current Planning
- Long Range Planning
- Code Compliance

Organization Set # 01-07-001 01-07-025 01-07-028 01-07-031

Planning transitioned to utilizing new Sections, as outlined above.

2020 Actual, 2021 Amended budget, and 2022 Proposed budget are in the new Sections.

2019 Actual amounts continue to be in the Planning Department (01-07).

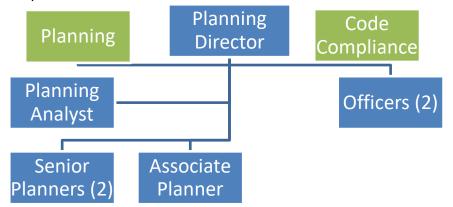

Budget Highlights

The mission of the City of McMinnville is to deliver high-quality services in collaboration with partners for a prosperous, safe and livable community. The Planning Department achieves this by providing excellent customer service, public engagement, and proactive planning programs. This mission drives the department's work and service to the community. It is achieved through implementing the City of McMinnville's Comprehensive Plan and its subset of plans, codes and strategies that provide a visionary and comprehensive approach to community building, livability, commerce and public health. The Planning Department's role is to facilitate the continual community dialogue to strategically update and implement these plans to provide a high quality of life for both current and future generations, and at the same time maintain a sustainable business model of municipal tax base and service levels.

The Planning Department Fund supports two programs – *Planning, and Code Compliance and Community Relations.*

In 2020, the Planning Fund was restructured to better capture revenue and expenses associated with each program in the Planning Fund – Administrative, Current Planning, Long Range Planning and Code Compliance.

Organizational structure for the Planning/Code Compliance Program

Summary of Core Services

(Detailed matrix is provided at the end of this budget summary)

Current Planning

- Direct and administer the day-to-day land use, development, and zoning related activities of the City.
- Process land-use applications per regulatory compliance.

Long-Range Planning

- Maintain and update the comprehensive plan; analyze and forecast economic and growth-related trends; and, assist in the preparation of public facility master plans.
- Initiate strategic long-range plans that reflect the community's values and opportunities.
- Inform the City Council on matters of land use policy that affect McMinnville.

Citizen Involvement

- Staff and support six citizen involvement committees Affordable Housing Committee, Economic Vitality Leadership Council, Historic Landmarks Committee, Landscape Review Committee, Planning Commission, Urban Renewal Advisory Committee.
- Ensure that the City is reaching out and allowing opportunities for public input and engagement in city planning activities.

Economic Development

- Advise and assist public, business and industry, and other agencies directly or indirectly involved in McMinnville's economic development.
- Serve as partner with McMinnville Industrial Promotions (MIP), McMinnville Area Chamber of Commerce, McMinnville Economic Development Partnership (MEDP), the McMinnville Downtown Association (MDA), and Visit McMinnville.
- Staff the McMinnville Urban Renewal Agency.

Code Compliance and Community Relations

- Respond to code enforcement complaints and work towards voluntary compliance with the appropriate tools necessary to abate and enforce as necessary to ensure compliance.
- Develop a property nuisance program that encourages pride of ownership.

PLANNING PROGRAM: The Planning program provides four primary services: current planning, long-range planning, citizen involvement, and economic development. With 4.85 FTEs, the Planning Department in 2020 issued 48 land-use decisions and staffed six city committees - the Affordable Housing Task Force, Economic Vitality Leadership Council, Historic Landmarks Committee, Landscape Review Committee, Planning Commission and Urban Renewal Advisory Committee; and partnered with McMinnville Economic Development Partnership, McMinnville Chamber of Commerce, McMinnville Downtown Association and Visit McMinnville on promoting McMinnville for economic development opportunities, business investment and job creation, and staffing the McMinnville Economic Vitality Leadership Council.

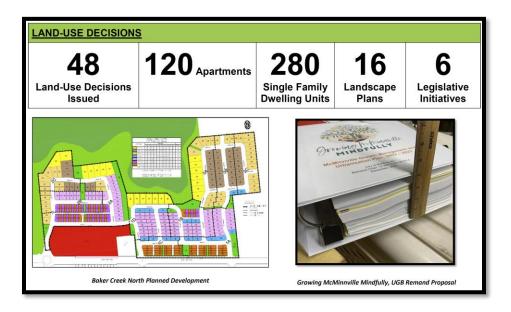

The Planning program also initiates and facilitates community dialogues about how the community would like to see McMinnville grow now and in the future. These efforts include supporting specially appointed Citizen Advisory Committees and Technical Advisory Committees that help lead the community through the dialogue.

In 2020, the Planning Program supported two significant long-range planning projects with 42 volunteers on citizen advisory committees:

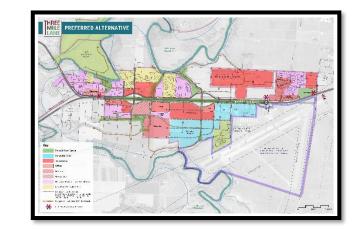

- City Center Housing Strategy
- Three Mile Lane Area Plan

2020 ACCOMPLISHMENTS: Planning

In 2020, planning continued to focus on housing and long-range planning. Several planned developments and subdivisions were approved or amended with a variety of housing types, open space opportunities and a focus on protecting natural resources, park development and trail connectivity.

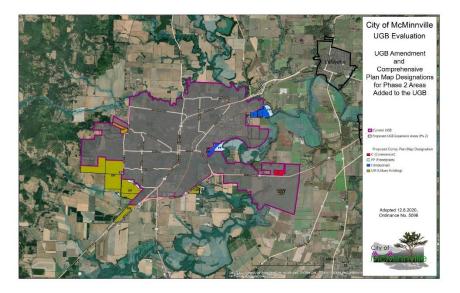

Three Mile Lane Area Plan, Preferred Concept

UGB Expansion: Planning also developed a solution for the McMinnville Growth Management and Urbanization Plan 2013 Court of Appeals remand to amend the Urban Growth Boundary and add 662.40 acres of gross buildable acres for housing, employment and livability amenities serving a future population of 44,055 people.

Residential Site and Design Review Standards: In preparation for responding to the state's mandate to allow "Missing Middle Housing" in all single-family residential zones, the planning team worked with the Planning Commission on rewriting the City's Zoning Ordinance for residential development creating design and development standards for tiny houses, single family dwelling units, duplexes, triplexes, and quadplexes, cottage clusters, townhomes, apartments, accessory dwelling units and single room occupancy units. This will allow the City to develop a variety of different housing types in McMinnville serving all incomes and household needs.

2021 – 2022 Proposed Budget --- Budget Summary

Emergency Business Assistance Grants: The Planning Department applied for grants from Biz Oregon to distribute \$57,000 of emergency business assistance grants to 22 local businesses who were not able to access PPP funds during the COVID event.

CDBG Manufactured Home Repair Grants: In partnership with the Yamhill Affordable Housing Corporation, the Planning Department awarded \$299,000 of CDBG grants to 33 households for manufactured home repairs.

GRANT PROJECTS	
EMERGENCY BUSINESS ASSISTANCE GRANTS	MANUFACTURED HOME REPAIR GRANTS
Issued \$57,000 to 22 Business for COVID business assistance.	In partnership with the Yamhill County Affordable Housing Corporation, awarded \$299,200 CDBG grants to 33 households for manufactured home repairs.

Shaping Up – Missing Middle Housing – Residential Site and Design Review Standards Informational Materials.

Adjusting to the COVID Pandemic: On March 13, 2020, the Planning Department closed its in-person permit counter to the public and immediately launched a virtual permitting and planning environment. 80% of the planners went into a remote work environment, working from home, and continued to provide 100% of the planning programs with the aid of e-permitting software and zoom meetings. Staff continued to process permits, provide inspections, meet with developers to discuss their projects, and support monthly committee meetings, enabling 61 public meetings, and 1363 volunteer hours as the community continued to plan for McMinnville's future.

ENGAGED CITIZEN INVOLVEMENT					
VOLUNTEER COMMITTEES					
Planning Commission	6 Standing Committees				
Historic Landmarks Committee	149 Volunteers Meeting Monthly				
Landscape Review Committee					
Affordable Housing Task Force	61 Public Meetings				
Economic Vitality Leadership Council	1363 Volunteer Hours				
Urban Renewal Advisory Committee	\$28,555 Volunteer Value				

CODE COMPLIANCE AND COMMUNITY RELATIONS:

In 2018, the City's Code Enforcement program transitioned to the Planning Department and was retitled to Code Compliance and Community Relations. With a goal of voluntary code compliance and neighborhood revitalization, two code compliance officers were hired.

2020 ACCOMPLISHMENTS: Code Compliance

Annual Caseload Review: The code compliance officers worked on 498 cases achieving voluntary compliance on 90% of the cases.

400	000/	Category	Total
498	90%	Home-operated business	7
Cases	Voluntary	Animals	19
Cases	Compliance	Noise	72
		Structure	45
		Weeds	87
		Nuisance	120
		Health & Safety	42
		Misc.	106
		Homeless Camps	31
		TOTAL	498

Code Updates: In 2020, the Code Compliance team continued its evaluation and update of the McMinnville Municipal Code as it pertains to nuisances, this time focusing on dangerous buildings (Chapter 15). The intent of this update was to ensure that the McMinnville Muncipal Code was up to date with state laws and regulations and to provide the City with a structured program to ensure life safety and livability standards for McMinnville residents living in their homes.

Community Clean Up Projects: The Code Compliance team initiated two community clean-up events prior to the advent of the COVID pandemic.

Graffiti Clean-Up – Code Compliance staff organized a weekend of graffiti cleanup and removal with local volunteers and supplies donated by local businesses. Ten properties were impacted by the clean-up program.

Mobile Home Park Clean-Up – Code Compliance staff assisted in facilitating a neighborhood wide cleanup effort in southwest McMinnville. Working with the residents of a mobile home park, five 20-yard dumpsters were filled within 24 hours.

Assisting with COVID Community Needs: When the COVID pandemic made it difficult for people to access medications and food, the Code Compliance team partnered with local agencies to help deliver these products to home-bound households.

Food-Box Delivery: Code Compliance partnered with Yamhill County Community Action Partnership to deliver food boxes to households on a weekly basis. 790 food boxes were delivered to local households.

790 Food Boxes Were Delivered to McMinnville Households

Medication Pick-Up and Delivery: After researching what they could do to help, the Code Compliance team developed a medication pick-up and delivery program. They partnered with local pharmacies to pick up and deliver medications to persons who were not able to leave their homes due to health concerns. 71 prescriptions were delivered to homebound residents through McMinnville. The Code Compliance team also partnered with the Yamhill County Emergency Management to ensure that those people who lived in the county outside of the city limits could also get their prescriptions delivered to them.

The Planning Department's 2021-22 proposed budget will allow the Department to offer the following services:

- *Current Planning*: Continue to provide timely response to current planning responsibilities.
- Long Range Planning: Continue to build on the growth planning accomplished in 2020 by inventorying and developing policies for development in regards to natural hazards, natural resources and cultural resources; initiate and partner with city utilities to update public facility plans for the Transportation System Plan, Wastewater Conveyance Plan and Water Master Plans; and to develop McMinnville's first Area Plan for the Fox Ridge Road UGB area, working with property owners and community stakeholders.
- Public Outreach and Engagement: Identify and utilize the tools available to expand community engagement in long-range planning discussions that is broad in scope and engages a demographic profile representative of the community.
- Citizen Involvement: Continue to support citizen engagement and participation in the Planning Commission, Historic Landmarks Committee, Landscape Review Committee, McMinnville Affordable Housing Committee, McMinnville Economic Vitality Leadership Council and McMinnville Urban Renewal Advisory Committee.
- Economic Development: Support the McMinnville Economic Development Partnership, McMinnville Chamber of Commerce, McMinnville Downtown Association and Visit McMinnville in economic development projects, business support and business recruitment. Meet with businesses to discuss their project needs and interests in order to support their successful growth.
- **Urban Renewal:** Provide comprehensive staff support and guidance to McMinnville's Urban Renewal program.
- Code Compliance/Enforcement: a comprehensive centralized code compliance and enforcement program that serves the City of McMinnville.

LONG RANGE PLANNING

UPDATE GOAL INVENTORIES AND POLICIES

Plan	Timeframe	Comments
Natural Hazards Inventory	2021	Landslides, Fires, Earthquakes
Natural Hazards Policy	2021	How to develop in these areas
Natural Resources Inventory	2021	Tree Copses, Heritage Trees, Ecological Environments, Wetlands
Natural Resources Policy	2021	Identifying what needs to be saved, and how to save it.
Cultural Resources Inventory	2021	Historic and archaeological resources and how to protect them

Mac-Town 2032 Strategic Plan Planning Department Focus

In early 2019, the City Council adopted Mac-Town 2032, a strategic plan which will guide the City for the next decade or so. The Planning Department supports this strategic plan by ensuring decision that we make are made with the strategic plan principles, values and strategies in mind. For fiscal year 2021-22 the Planning Department will support the Plan in the following manner:

Values – Stewardship, Equity, Courage and Accountability:

The Planning Department incorporates the strategic plan's value in everything that it does and will continue to focus on stewardship of services and resources, serving the community, striving for inclusivity and public engagement in planning processes and accountability through code compliance.

Goals – The Strategic Plan is structured with seven overarching goals with strategic objectives and actions to achieve those objectives. Below is a chart of the goals, strategic objectives and actions that the Planning Department is working on to advance the Strategic Plan and serve the community.

City Government Capacity – Strengthen the City's ability to prioritize and deliver municipal services with discipline and focus.

Strategy: Develop and foster local and regional partnerships

• Planning/code compliance staff strategically participates in local and regional partnerships as members of many different association boards, state-wide policy committees and regional collaboratives.

Strategy: Gain efficiencies from technology and equipment investments.

 Planning/code compliance staff transitioned to a new Accela software permitting system in 2019 and incorporated a new Bluebeam software system in 2020 for electronic plan review during the Pandemic.

Strategy: Identify and focus on the city's core services

• Planning/code compliance staff have been working towards a full cost recovery system for permitting services and nuisance abatement.

Civic Leadership – *Encourage* a variety of leadership development opportunities to foster a culture of civic pride and involvement.

Strategy: Attract and develop future leaders.

- The Planning Department works with all of its citizen committees to ensure a safe and respectful environment for engagement and participation.
- The Planning Department has solicited youth members for all of its commissions, committees and project advisory committees..

Community Safety and Resiliency – Proactively plan for and responsively maintain a safe and resilient community.

Strategy: Build a community culture of safety.

- In 2020, Code Compliance staff worked on revising Chapter 15 of the MMC for building and construction safety, as well as becoming certified in the application and enforcement of the International Property Maintenance Code.
- Code Compliance staff will work on accreditation for the program.

Strategy: Develop resiliency targets for critical infrastructure.

- In 2019, Code Enforcement was revamped to create an administrative process that is more streamlined and efficient.
- In 2021, Planning staff will identify and develop mitigation plans for natural and man-made hazards relative to development and growth planning.

Engagement and Inclusion – Create a culture of acceptance and mutual respect that acknowledges differences and strives for equity.

Strategy: Improve access by identifying and removing barriers to participation.

• In 2021, Planning and Code Compliance will translate all applications and program brochures into Spanish. .

Growth & Development Character – Guide growth and development strategically, responsively, and responsibly to enhance our unique character.

Strategy: Define the unique character through a community process that articulates our core principles.

- In 2021, planning staff will be working with the community on updating several Comprehensive Plan chapters and policies.
- In 2021, Planning will work with the Communications Specialist to develop and implement a Public Engagement Charter.
- In 2021, Planning will work with the Planning Commission on a Residential Site and Design Development Standards package for all housing types in McMinnville.

Strategy: Strategically plan for short and long-term growth and development that will create enduring value for the community.

- In 2021, Planning will work with utility partners to update the Transportation System Plan, Wastewater Conveyance Plan and Water Master Plan to plan for infrastructure support in the new urban growth boundary area.
- In 2021, Planning will work with property owners and community stakeholders on a Fox Ridge Road Area Plan to plan for future growth in that area.

Housing Opportunities – Create diverse housing opportunities that support great neighborhoods.

Strategy: Collaborate to improve the financial feasibility of diverse housing development opportunities.

• In 2021, the City will continue to work with federal delegates advocating for a Principal City designation with the Community Development Block Grant program.

Housing Opportunities cont. – Create diverse housing opportunities that support great neighborhoods.

Strategy: Conduct thorough and timely planning and forecasting to ensure that regulatory frameworks and land supply align with market –driven housing needs.

- In 2021, the City will amend the 2020 Buildable Lands Inventory, Housing Needs Analysis, and Housing Strategy to incorporate the recently approved MGMUP UGB amendment, and then work with a Project Advisory Committee to develop efficiency measures for accommodating any additional need identified with a goal of adoption by December 2023 to become compliant with HB 2003 (2019 Legislative Session).
- In 2021, the Planning Department will initiate work on a Housing Production Strategy to become compliant with HB 2003 (2019 Legislative Session).

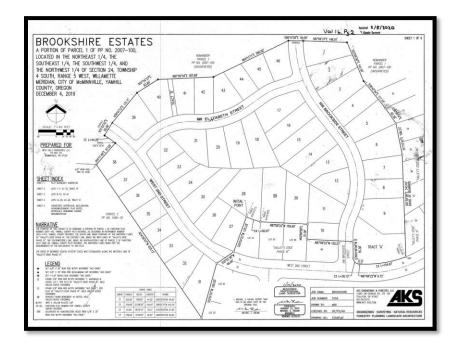

Economic Prosperity – Provide economic opportunity for all residents through sustainable growth across a balanced array of traditional and innovative industry sectors.

In 2019, the City of McMinnville adopted the MAC Town 2032 Economic Development Strategic Plan to support its Economic Prosperity goal. The City collaborates with McMinnville Economic Development Partnership, Visit McMinnville, McMinnville Downtown Association, and the McMinnville Chamber of Commerce to implement the Plan. Below are some highlights that the Planning Department is working on from that plan to support this goal.

- Evaluate existing land use patterns and zoning in the downtown to ensure that land is being used for its highest and best use in the city center.
- Improve McMinnville's sense of place through thoughtful design.
- Improve key gateways into and through McMinnville with coordinated design interventions that reflect McMinnville's brand.
- As new infrastructure projects are planned and completed, ensure that the design serves McMinnville's sense of place.
- Vet the findings of McMinnville's most recent Economic Opportunities Analysis to clarify commercial and industrial land capacity; complete supplemental analyses as needed.

Future Challenges and Opportunities

- Catching up on delinquent long-range planning activities will continue to be an issue for the City of McMinnville. With constrained resources, the Planning Department will need to continue to be creative and innovative about updating state and federally mandated plans and undertaking the critical strategic planning necessary for McMinnville to continue to grow in the manner that the community would like to see.
- Need to develop an internal electronic filing database for both internal and external efficiencies as current filing systems rely on paper copies that are disparate, not easy to access with limited indexing.
- Update the McMinnville Comprehensive Plan and Zoning Ordinance to reflect the values of the community and to ensure that future growth is enhancing what is unique about McMinnville. Many foundational documents have not been updated significantly since the 1980s and 1990s, (comprehensive plan, zoning ordinance and strategic plans) are severely outdated.
- With the approach of the City's Sesquicentennial (150th Birthday) in 2032, the City is in a perfect position to undertake a Comprehensive Plan and Community Visioning process in preparation for MAC's 150th birthday celebration.
- Innovative ideas and programs should be supported and accessed by providing adequate training and support for planning staff and volunteers on the department's various committees.
- Provide on-going training to staff and elected and appointed officials regarding land use.
- Develop a code enforcement program that is strategic, communitybased and focused on voluntary compliance with a performance metric of 80% voluntary compliance.
- Implementation of the economic development strategy that was developed in 2018-19.

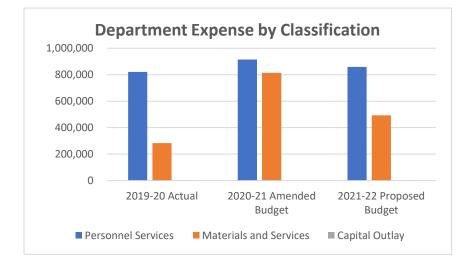

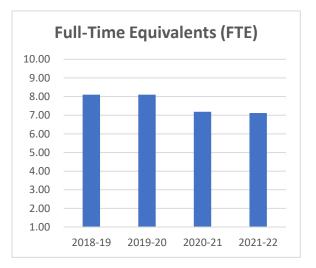

Department Cost Summary

Core Services

High Priority Services (Service Priority 1)

- Current planning land-use application review and approval.
 - Application Intake and Review for completeness
 - Prepare and maintain the appropriate public record for land use applications as required by State Statutes, Oregon Administrative Rules, and local code requirements.
 - o Notification to partner agencies and public regarding proposed application
 - Staff review for compliance with state regulations, city codes and policies, and development of draft decision document with background information and legal findings.
 - Facilitation of public process of review and final decision-making
- Long range planning state compliance and strategic growth planning
 - Manage compliance with state laws and regulations for long-range planning program.
 - Strategize timing and resources to accomplish long-range planning that is regulatory compliant and engages public for input
 - Provide project management and guidance for long-range planning projects, coordinating with appropriate local, regional and state partners and engaging the public.
 - Develop and write long-range plans that are regulatory compliant and reflect community values.
 - Develop projects, programs, and public processes to address any special planning projects or land use studies (e.g. City Center Housing Strategy, Downtown Parking Study, Natural Resource and Hazard Plan, etc.).
 - Oversee consultant services when necessary to complete land use planning projects or studies, developing Requests for Proposals (RFPs), negotiating scope of work and budgets with consultants, managing consultant work tasks, and approving invoices for contracted services.
- Develop, maintain and update the Comprehensive Plan, Development Code, and Other Codes and Agreements
 - Develop draft comprehensive plan language and development code language that is compliant with state regulations and reflects community values.
 - Administer and amend the Comprehensive Plan and Development Code as appropriate.
 - Interpret the Comprehensive Plan and Development Code and apply to legal land-use decisions.
- Promote and support Citizen Involvement in planning
 - Staff and support citizen involvement committees Planning Commission, Historic Landmarks Committee, Landscape Review Committee, Affordable Housing Committee, Economic Vitality Leadership Council
 - Training to key committees to know their obligations and responsibilities.
 - Ensure that the City is reaching out and providing opportunities for public input and engagement in city planning activities.

Medium High Priority Services (Service Priority 2)

- Customer Service and Consultation
 - Help customers navigate the land-use system and process.
 - Be a resource for property research and project due diligence.
 - Work with property owners, developers, and future applicants in advance of land use and development proposals, providing guidance and advise on preliminary plans to ensure project consistency with City codes, policies, and procedures.
 - Respond to inquiries on land use matters from general public, property owners, developers, and other community members.
 Work with range of customers and citizens with differing levels of familiarity with planning and development issues. Advise on alternative courses of action to meet customer/citizen's goals while being consistent with city codes and policies.
- Administer the McMinnville Urban Renewal Program
 - Staff and support the McMinnville Urban Renewal Agency and McMinnville Urban Renewal Advisory Committee.
 - Ensure regulatory compliance in program development
 - Manage the Urban Renewal Property Assistance Program and Project Development.
- Education and Information
 - Inform the City Council on matters of land-use policy that affect McMinnville.
 - Provide presentations to community groups and organizations on land use planning programs and topics. Attend public meetings and open houses related to land use planning projects.
- Support Development Projects
 - Review building permit applications for consistency with City codes and policies related to land use and zoning.
 - Inspect active development projects for consistency with approved plans and applicable City standards and policies related to land use and zoning.
- Growth Planning
 - Coordinate with County to develop, update, and administer the UGB management agreement and other IGAs as may be needed.
 - Process Annexations and Annexation Agreements

Medium Priority Services (Service Priority 3)

- Manage land use applications and building permits in City's permitting system (Accela), completing actions necessary to approve and process applications/permits and include appropriate comments for documentation of City decisions and for future reference.
- Assist in providing land use and zoning code interpretation for Code Compliance Officers when assistance is needed in those topic areas related to complaints and potential violations.
- Coordinate and lead pre-application meetings with property owners, developers, contractors, and future applicants, bringing together staff from other City departments and outside agencies that have jurisdiction over proposed development projects.
- Coordinate with internal departments and other agencies when necessary to ensure coordinated City response to development requests and proposals.
- Maintain bonds/escrow logs for deferred infrastructure improvements.
- Research and keep abreast of federal, regional, and state policies and analyze their relationship to City codes, policies, and procedures. Analyze potential code or policy amendments for how they align with community goals and vision, and how they would impact community's growth and development.
- Represent McMinnville on local, regional and statewide planning groups, boards, and project advisory committees.
- Retain public record of land-use decisions.

Medium Low Priority Services (Service Priority 4)

- Manage Short Term Rental/Resident Occupied Short Term Rental and Home Occupation Renewal Invoices and Payments.
- Prepare mailing lists for neighborhood meetings when requested.
- Administer Tree City USA program.
- Manage Certified Local Government Program

General Fund – Planning - Code Compliance & Community Relations

2021 – 2022 Proposed Budget --- Core Services

Core Services

High Priority Services (Service Priority 1)

- Code Enforcement
 - Receive complaints of code violation from the public, City staff and others.
 - Enforce applicable city codes (public nuisances, zoning ordinance, building and property maintenance codes) as they relate to health, safety, welfare, construction and community preservation.
 - Evaluate information pertaining to applicable codes and ordinances and recommends appropriate course of action.
- Code Compliance
 - Contact responsible parties and prepare compliance letter, and issues notices and citations.
 - Resolve complex and sensitive code violation issues by striving for voluntary compliance.
 - Solicit vendors for property abatements and insures costs are appropriately billed or applied as liens as necessary.
 - Prepare case information for legal proceeding, and acts as City representative in hearings and presents evidence.

Medium High Priority Services (Service Priority 2)

- Community Relations
 - Respond to inquiries from the public, city staff, and others, interpreting and explaining City codes, ordinances, policies and procedures pertaining to code compliance.
 - Coordinate community cleanup events and other service projects with local and regional partners as appropriate.
- Inform
 - Prepares activity reports for Planning Department and City Council.
 - Research best practices and trends in codes being utilized in communities similar to McMinnville and makes recommendation to City Council as requested.

Historical Highlights

1856 W.T. Newby plats townsite that is to become McMinnville on fiveacres just west of the present McMinnville Library.

- **1866** According to *The Register*, McMinnville has "300 residents with five stores, three blacksmith shops, two wagon shops, one silversmith, one shoe shop, two doctors, one flour mill, and no licensed beer or grog saloons."
- **1900** US Census Bureau estimates McMinnville's population at 1,420.
- **1936** First zoning ordinance adopted establishing zoning districts, directing the location of industry and trade, and regulating height of buildings.

- **1948** First McMinnville Planning Commission appointed.
- **1968** McMinnville adopts its first downtown master plan, "Planning for the Central Area."

- **1970** City population passes 10,000 residents.
- **1981** City adopts its first comprehensive land use plan. The Oregon Land Conservation and Development Commission (LCDC) approves the plan in 1983.
- **1993** City residents exceed more than 20,000.

- **1996** City voters pass a Charter amendment requiring voterapproved annexation. By 2010, the voters approved 48 of 52 proposed annexations.
- **1999** City planners work with the Downtown Steering Committee to update the Downtown Master Plan.
- **2003** The total number of housing units in McMinnville surpasses 10,000.
- **2004** Following more than a decade of explosive growth, McMinnville is Oregon's 15th most populated city at over 30,000 people.
- **2005** Planning Department helps establish the McMinnville Economic Development Partnership (MEDP).

2007 Planning Department relocates to the new Community Development Center (CDC).

- **2008** City Council adopts its first comprehensive Sign Ordinance *and* large format "Big Box" commercial design standards.
- **2009** Assists in completion and adoption of the City's first Transportation System Plan.

2011 Initiated the Northeast Gateway Plan and Implementation Strategy.

- **2011** Assisted Council through Tax Increment Financing education and assessment for the NE Gateway District and historic downtown.
- **2012** A Council appointed Economic Opportunities Analysis Committee begins update of the 2001 EOA.
- 2012 An Urban Renewal Feasibility Study is initiated to examine the possible creation of a local urban renewal district.

- **2013** Principal Planner Ron Pomeroy elected MDA Board President.
- **2014** The Council holds public hearings and adopts the Northeast Gateway Planned Development Overlay.

- Historical Highlights
- 2014 The Council adopts the City's first Urban Renewal Plan. The 175-acre district includes land within the Northeast Gateway and historic downtown areas.

- **2014** The Council adopts an updated Economic Opportunities Analysis.
- **2014** Department awarded a Certified Local Government grant to assist the MDA in historic preservation and education efforts.
- 2015 Department begins managing a Community Development Block Grant to assist low income homeowners with critical home repairs.

2015 Assists Council through reviewing and adopting zoning regulations addressing legal marijuana related businesses.

- 2016 Planning Director Heather Richards and new Associate Planner, Chuck Darnell, are hired
- **2017** Building Division moves to the Planning Department to co-locate development services.
- **2018** Code Enforcement moves to the Planning Department.
- **2020** City Council and Yamhill County Board of County Commissioners adopt the McMinnville Growth Management Urbanization Plan Remand Update expanding the urban growth boundary by 662.40 acres.

POLICE DEPARTMENT

Organization Set – Sections

Organization Set # 01-11-040

- Chief's Office
- Field Operations
- Investigations and Support
- 01-11-043 01-11-046

Budget Highlights

The McMinnville Police Department is committed to the safety and livability of our community. The 2021-22 proposed budget reflects our best efforts to ensure community safety, the investigation of criminal activity, and solving community livability

issues. This year's budget reflects no new additional personnel or added hours in part time paid staff. Due to a 3.5 million-dollar budget gap, this fiscal year the police department will hold one full time police officer vacancy, as well as one part time office specialist.

Core Services

Field Operations

- Emergency and non-emergency calls-for-service response
- Initial and follow-up investigation of misdemeanor crimes and violations
- Initial investigation of felony crimes
- Traffic enforcement
- Serious injury crash investigations
- Special event coverage
- Participation in multi-agency accident investigation team
- Subpoena service

Investigations and Support Division

- Investigation of mandated and serious felony crimes, i.e., homicide, rape, child abuse, etc.
- Investigation of all serious person and property crimes
- High School and Middle School Resource Officers (SRO's)
- Public Information
- Emergency Management
- Liaison to State and Federal agencies
- Code and Parking enforcement
- Evidence and found property management and disposal
- Professional standards and Accreditation

Administrative

- Budget, Accounts Payable, Payroll
- Police records management and reporting required by law
- Records requests, i.e., information, police report copies, etc.
- Volunteer Coordination
- Community Relations
- Facilitate community safety and educational events, i.e., National Night Out, Kids' Bicycle and Safety Fair, Parent-aid Drug Awareness Program, Coffee with a Cop, and Senior Citizen Safety and Awareness programs.

Professional Standards

To ensure the highest standards and best practices in law enforcement, the McMinnville Police Department maintains Accreditation through the Oregon Accreditation Alliance (OAA). Accreditation through the Alliance helps to ensure that the department's policies and practices are consistent with Oregon and Federal law, as well as state and national standards. In the spring of 2019, the Police Department was reaccredited through the OAA, and we will look to renew our state accreditation in 2022. As such, we will continue to follow OAA standards as we prepare for reaccreditation.

2021-2022 Budgeted Organizational Structure

- 1 Chief of Police
- 2 Captain
- 1 Administrative Sergeant
- 4 Patrol Sergeants
- 4 Corporals
- 22 Police Officers
- 1 Detective Sergeant
- 6 Detectives

- 1 Support Services Manager
- **3 Records Specialists**
- 1 Evidence and Property Tech
- 1 Office Specialist (PT Evidence)
- 1 Parking Enforcement Officer
- 1 Office Specialist Asst. (P/T)
- 1 Facilities Maintenance (P/T)
- 2 School Resource Officers

The Future of MPD and Opportunities for Growth

The Future of MPD

The Police Department continues to provide services to our City and citizens during what I would characterize as both a challenging and progressive time in policing across our nation. The heightened scrutiny of our profession makes policing more complex than in years past. However, with all the complexities and challengers our staff face, MPD welcomes the hyper scrutiny and looks forward to being our best every day. We are empowered with great authority and responsibility in our community, and we stand ready to serve.

Over the last two and a half years we have been fortunate to add 6 sworn positions to our police department which has allowed us to increase our capacity in our detective section, School Resource section, as well as our Evidence section. We appreciate the faith our City and City Council have in us to be there for them. As we bring new officers on board to our department, it is critical that they see their role in community as both role models and leaders. The community deserves the best possible police department that provides services that other cities of comparable size provide. We are uniquely positioned right now to prepare the department to move forward in ways we have never seen. We have a tight knit team, we have hired employees who fit our organizational culture, and we are moving forward with the vision of making McMinnville the safest place to live, learn, work, and play. We will be a values driven organization.

Opportunities for Growth

Without a doubt the biggest strength the police department has are its employees and volunteers. They are intelligent, thoughtful, and dedicated to providing the best service possible to our citizens. Our staff is among the best and brightest in the State of Oregon, and we are continually looking for ways to improve the services we provide. We continue to have a great relationship with our citizens and City Council which is a strength that not all law enforcement agencies have.

As our organization grows older, MPD needs to ensure we are building a bench of future leaders. We have proposed the rank of

corporal to our organizational structure to provide formalized leadership opportunities, as well as provide for increased direct supervision of officers as our work and calls for service become more scrutinized and complex. This past year we were able to promote four new corporals to help with patrol supervision. It is imperative that MPD is not caught in a leadership void as our current employees in formal leadership positions inch closer to retirement.

As always, it is our commitment to the City that we have the best trained and most responsive police department possible. We will remain engaged with both our public and private partners, and search for new ways of being better tomorrow then we were today.

Mac-Town 2032 Strategic Plan Police Department Focus

In early 2019 the City Council adopted Mac-Town 2032, a strategic plan which will guide the city for the next decade or so. The MPD will support this strategic plan by ensuring decisions we make are made with the strategic plan in mind. For fiscal year 2020-21 the MPD will support plan in the following manner.

City Government Capacity

- Develop and foster local and regional partnerships
 - The police department works with local partners to bring expanded services to our city. These partners included local, state, and federal public safety organizations, such as Oregon State Police, Federal Bureau of Investigation, and Department of Human Services. We will continue to foster these relationships, as well as our inter county partnerships with YCSO, Newberg Dundee PD, Carlton PD and Yamhill PD.
- Invest in the City's Workforce
 - Police staff regularly attend in-service training, training conferences, and other training opportunities to grow their technical skills and reaffirm their core competencies. Each employee is encouraged to seek

training opportunities to enrich themselves and bring added value back to the department.

- As mentioned previously we will be investing in formal leadership roles for MPD employees through the rank police corporal. In addition, we will be bringing in training which focuses on employee wellness. We have identified emotional wellness as essential components of having successful employees, and have stood up a formal Peer Support program in partnership with Responder Life
- We have funding for a voluntary annual mental wellness check for police department employees. This program aligns with the PD's desire to promote positive changes in the general wellness of our employees.

MPD workout room. Employee Wellness

Community Safety & Resiliency

- Build a community culture of safety (consider best practices)
 - Our organization is built upon safety as our number one priority. We continually train, plan, and debrief incidents to ensure we are completing our jobs with safety in the forefront of our minds.
- Provide exceptional police services
 - Our organization is accredited by an independent body known as the Oregon Accreditation Alliance (OAA). In the spring of 2019, we were once again reaccredited by the OAA as proof we are maintaining the highest standards and have shown proof that we are adhering to the OAA's best practice models. We will continue to follow this best practices and look forward to our reaccreditation in 2022.
- Lead and Plan for Emergency Preparedness
 - We will continue to train and engage with our local partners in planning for emergency preparedness. We have historically worked with the MSD on active shooter exercises to prepare our employees, and educated MSD staff on how to respond in the event we encountered these types of incidents. In addition, we will look for opportunities to train with the MFD and other city entities to enhance our response to disasters both natural and manmade.

Engagement and Inclusion

- Actively protect people from Discrimination & Harassment
 - MPD will actively seek out and hold those persons responsible who commit biased based crimes.
 - As a part of Oregon's statewide STOP Program, in July of 2019 MPD began reporting to the State of Oregon all officer self-initiated contacts with citizens to ensure that biased based policing is not taking place. This

program was implemented by the Oregon State Legislature to ensure policing contacts are taking place for valid reasons and without discrimination or harassment.

- Celebrate diversity of McMinnville
 - MPD engages with the Hispanic community through Spanish speaking staff and having forms in Spanish. Our ongoing work with Unidos' ALERT team is a model program for law enforcement which seeks to ensure our PD is engaging with the Latino population in a meaningful and purposeful manner. We will continue to seek out opportunities to expand our outreach programs and engage with the Latino population.
- Grow City's employees and Boards and Commissions to reflect our community.
 - MPD will continue to look to bring in a diverse workforce which reflects our City's demographic makeup. We will seek opportunities for our staff to take part in boards or committees which will open up opportunities to forge new relationships with our diverse city and its citizens.
 - MPD brought in an outside consultant in FY 20-21 to assist and train our staff in understanding the principles of diversity, equity, and inclusion training. We will continue to seek out opportunities to deepen our understanding of our community through deeper discussions.

Economic Prosperity

- Maintain and enhance our high quality of life
 - Although one would not think of police department as having a role in economic prosperity, we find ourselves on the frontline of ensuring we maintain our city's high quality of life. MPD will continuously strive to meet the expectations of our citizens and business community

by ensuring it is safe and livable. Our crime rate is a direct reflection on the livability of our city, and MPD will ensure that we are proactive and attentive to the needs of our city and citizens so that we may all prosper. I am happy to report that that in 2019 our City's crime rate reduced by just over 10%.

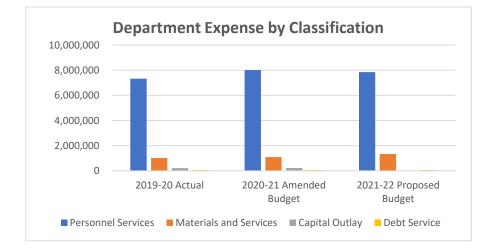

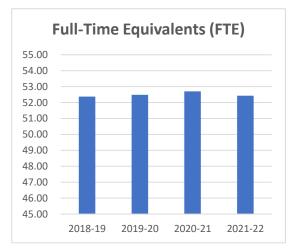

In 2020 MPD began the purchase of hybrid Ford Explorers to replace older vehicles. Hybrid vehicles will save on fuel costs and have less impact on our environment

Department Cost Summary

External Core Services

High Priority Services

- All uniformed officers respond to emergency and non-emergency calls for service.
- Conduct criminal investigations to hold offenders accountable.
- School Resource Officers provide law enforcement services that align with common goals in partnership with the McMinnville School District.
- Detectives conduct complex investigations related to serious person and property crimes (ex. homicides, child and adult sex crimes, robberies etc).
- Process and account for evidence through best practices and ensure that evidence and property taken in is accurately
 accounted for.
- Respond to parking complaints in both prohibited and timed parking areas.
- Testify at both the local, state, and federal level involving cases which have resulted in prosecution.

Medium High Priority Services

- Traffic enforcement utilizing officer discretion through education and enforcement of state and local laws.
- Crime scene processing by our evidence section.
- Front office/record section assist and handle low level questions related to complaints or citizens inquires.
- Process records requests from citizens or other entities we are required to provide timely responses to information sought by external requestors.
- Emergency Management coordination with local, state, and federal partners

Medium Priority Services

- School Resource Officers provide classroom instruction to students and staff.
- Park Ranger program supervision and support for our seasonal staff
- Sex offender registration
- · Review permit requests that support local business
- Provide large scale event planning that support local and regional goals (ex. downtown festivals, Oregon International Ali78how).

Medium Low Priority Services

- Community outreach and educational opportunities (ex. Chamber leadership program presentations)
- Community events such as Shop with a Cop, National Night Out, Tip a Cop, partnerships with Special Olympics.
- Provide training to our citizens through formal presentations to our community partners
- Courier services delivery or reports and mail to support our criminal justice partners.
- Coordinate animal control services with our partner Homeward Bound Pets
- Social media management to inform our citizenry about events and what his occurring within the police department.
- Coordination of our second-hand dealer program.

2018

- **2016** Detective Section caseload continues to see a significant increase, detectives add additional detective to unit.
- **2016** City Council authorizes the hiring of 3 additional police officers to enhance police services.
- **2016** Department continues Latino community outreach through the aLERT program.
- 2016 Department receives Reaccreditation Award from Oregon Accreditation Alliance
- **2017** City Council authorizes the Police Department to hire 1 additional Police Officer, and 1 Code Enforcement position.
- 2017 Police Department moves to

purchasing Ford Explorer SUV's to provide more room for the officers and

their equipment

2017 MPD and Parks and Rec Department stand up the Downtown Safety Task Force to address downtown behavior issues.

City Council authorizes the
hiring of 2 additional police
officers to enhance police
services.
MPD takes over the Park
Ranger program from the
Parks and Recreation
Department.

MPD responds to citizen complaints about behavioral issues in City Parking lots and the Parking Structure. A code of conduct ordinance is adopted by City Council

- **2019** MPD adds Corporals to their rank structure to add capacity to their leadership and provide for succession planning.
- 2019 MPD begins reinforcing employee wellness by beginning to stand up a formal Peer Support Team, and updating our gym through donations.

MPD partnered with the City Council, other City Departments, and private partners to roll out a Prohibited Camping Ordinance to deal with chronic behavioral and criminal activity taking place within our City. MPD receives its 2nd reaccreditation award from the Oregon Accreditation Alliance.

MPD and the City recognize the importance of officer wellness and enter into an agreement with the MPA to begin officer wellness checkups.

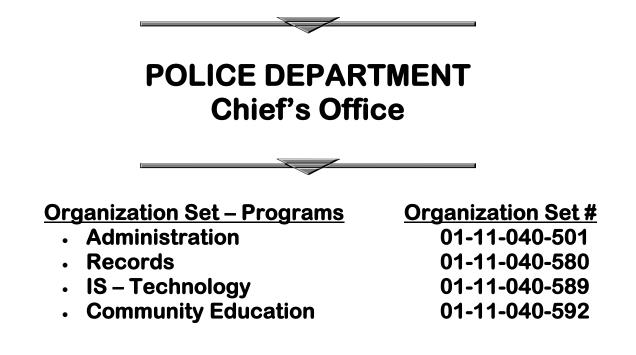

2020

2020

The COVID-19 pandemic requires MPD to curtail some City services. MPD closes our front office to the public, and we have little to no school resource officer deployment. Traffic enforcement is limited.

MDP canine Axell retires due to an aggressive medical issue. He later passes away.

MPD launches updated radio system, moving from an analog to digital platform with encryption.

General Fund – Municipal Court

2021 – 2022 Proposed Budget --- Budget Summary

Budget Highlights

The operations of the McMinnville Municipal Court support the City's mission to deliver high quality service for a prosperous, safe and livable community. The Municipal Court has risen to the challenge of the last year by designing and implementing a remote court that is seeing people and adjudicating traffic and misdemeanor cases on the same calendar it always has. With the vital support and collaboration of the information services department, the Municipal Court continues to serve the community and has conducted court remotely for the entirety of the current fiscal year.

The FY2021-22 budget reflects changes in staffing due to a realignment of staff duties across the municipal court and general administration services. Late FY21 and early FY22 furloughs will result in the cancelation of some upcoming court dates. Despite the significant staffing transitions of the last year, a comprehensive process of reviewing the Court's core services and development of a diversity, equity and inclusion plan have been additional highlights for the year that is closing in June.

One area of on-going study and concern is that of fines and fees and the equity of their application and overall structure. We also recognize that revenue from fines is declining; in FY21 much of that decrease could be attributed to the impact of a two-month closure of the municipal court during the early days of the pandemic but. A change in Oregon law ended the practice of suspending driver's licenses when court fines and fees are in arrears. While this is an important measure intended to improve equity for people with fewer economic resources who come before the court system, it will have an impact on reducing fees that the municipal court has historically budgeted as revenue to the City. The ultimate level of predictable fine revenue remains uncertain.

Core Services and Statistical Details

We strive to embrace the City's values in all that we do as responsible stewards of public assets and resources. We take pride in being compassionate and welcoming to all that interact with the court, as we proactively work to reduce barriers to access and participation in the court's programs and services many of which are compliance based rather than punitive.

Court takes place on Wednesdays, with court staff available remotely Monday through Friday.

Mac-Town 2032 Strategic Plan and the Municipal Court

The work of the court also supports many of the City's strategic priorities, as we endeavor to not only to contribute the community's overall feeling of safety in McMinnville, but also support the public's overall confidence in the City's government.

City Government Capacity

During FY21 the Court implemented significant defendant communications and dispositioning changes due to new business processes required with a remote court. These efforts align with the court's focus on eventually becoming a paperless court to work more efficiently.

We are in the implementation phase of providing an online payments option for the convenience of court participants we hope to have available before the end of FY2020-21.

The internal improvements continued over the course of this year have served the court well as it quickly adjusted to a largely remote-work staffing model. All staff have laptops with secure connections to vital software so we may continue to respond to public inquiries via phone, email and web-forms during normal business hours.

General Fund – Municipal Court

Community Safety & Resiliency

The work of the court provides a level of enforcement and accountability for lower level criminal offenses and violations that can have a very direct and negative impact on the quality of life in our community. We strive to not only hold people accountable for anti-social behaviors, but to also provide alternative treatment opportunities to help participants get back on the right track.

In response to the COVID-19 pandemic, the Municipal Court has followed the lead of the Oregon Supreme Court in the measures taken to protect the health and safety of the community and staff. On March 16, 2020, Judge Kaufman Noble issued the first Temporary Emergency Order, postponing all appearances for 60 days and then moved to updated emergency orders describing remote court and related processes that have been extended throughout the FY2020-21 year.

Sensitive to the financial pressures the pandemic, the Emergency Orders continue to include provisions designed to offer financial relief with more flexibility for payment plans and other measures.

Engagement & Inclusion

The Court is working proactively with local agencies to assist some of the community's most vulnerable offenders. Currently Champion Team, a local peer support nonprofit, has been attending Court to help people connect to benefits and services they are eligible for to address their specific needs. We also work with a representative of the local Veterans Administration to assist defendants who are veterans.

In the current year, the Municipal Court added a bi-lingual staffer to its team. Adding the Spanish language skill set greatly improves our ability to serve the almost 25% of the City's residents who identify as Latino or Hispanic according to US Census estimates for 2018.

In the FY2021-22 year, the court will utilize its diversity, equity and inclusion plan to keep advancing its commitment to reducing barriers to inclusion and any negative impacts for equity in outcomes for all the people who appear before the municipal court.

Full-Time Equivalents (FTE)	4.52	4.67	4.78	4.15

Core Services

High Priority Services

- Access to justice: hold court (in person or virtually); provide interpretation in court, information, educational resources on the justice system, forms in English and Spanish; partner with community organizations to facilitate access to virtual court; offer multiple payment options
- Protect and uphold constitutional rights to free speech, due process, rights of accused and equal protection: provide jury and bench trials; notice hearings; appoint attorneys; provide misdemeanor and traffic arraignments; hold hearings on restitution, release, sentencing, etc.; offer alternative sentencing options and "Fixit Ticket" program; offer payment plans and waivers of contract charges; set court dates in coordination with defendants; create fine guidelines applied to offense class based on permissible reductions to presumptive fines as allowed by State Statute
- *Maintain separation of powers*: ensure Oregon uniform citations and complaints are properly completed and filed in a timely manner with the Court
- Enforce the laws: enforce all misdemeanors, violations, and code violations that the Municipal Court has jurisdiction over (total violations in 2020: 1,815); enforce local ordinances; protect victim's rights through notifications and restitution requests
- Rehabilitation: establish partnerships in the community to provide services and support to defendants and victims
- Assure public access to court staff and assist with accessing forms/court sessions via traditional or remote methods

Medium High Priority Services

- Deliver State of Oregon Violations Bureau (ORS 153.800) services under the direction of the Court to process less serious traffic offenses and some non-traffic matters without the formality of a court appearance
- Provide and monitor probation and deferred sentences; coordinate probable cause affidavits; civil process enforcement
- Supervise bankruptcies, appeals, expunctions, jail bond procedures as applies in municipal court environments
- Act as custodian of all court related records; maintain accurate and timely case management of files, warrants, restitution disbursements, court appointed attorney payments; assure LEDS-CJIS compliance
- Assure best practices with cash handling, monthly balancing; remit proper state and county funds due in a timely manner
- Provide continuing education opportunities for staff

Medium Priority Services

- Protect and uphold constitutional rights: review police citations, cases, warrants, reports; draft complaints; provide discovery
- Maintain separation of powers: after review, make charging decisions; provide deferred sentences and a process to set aside convictions
- Rehabilitation: issue pre-collections letters when payment contracts become delinquent

Medium Low Priority Services

- Administer local parking ticket program including access to Court hearings and appeals
- Administer collections program according to best practices and equity considerations
- Support city-wide needs by accepting legal documents and deliveries, directing visitors, offering general notary services

General Fund – Municipal Court

Historical Highlights

- **1846** First entry in McMinnville Municipal Court docket—a disorderly conduct charge against Henry Johnson for "assaulting" the neighbors' children by "throwing things at them" --- fine of \$9.75.
- **1846** First drunk and disorderly charge, filed against Bud Turner --- fine of \$9.75.
- 1847 First speeding charge. The defendant, James Badley, was arrested and jailed until sober. at which time he admitted he had been drunk, but pled innocent to the charge of riding faster than the law allowed by his own will. His horse had. indeed, exceeded four miles an hour, Mr. Badley said, but he also successfully argued that he had tried (but failed) to control the beast. He was picked up again within two weeks on charges of drunk and disorderly, but the horse didn't make another appearance.
- **1848** First trial. Defendants John Harvey and Martin Highley charged with selling spirituous, vinous, and malt liquors without a license.

- **1876** Being drunk and disorderly in the street or in any house within the town limits resulted in a fine of not less than \$3.00 and not more than \$20.00.
- **1924** Possession of or smoking a cigarette by a minor under 14 was punishable by a fine of \$5.00.
- **1971** First Municipal Court judge appointed. Before then, the City Recorder was responsible for justice.
- **1991** Personal computers first used for Municipal Court docket and citation tracking.
- 2004 Municipal Court transitions to windowsbased Caselle Software.
- 2006 Parking ticket processing transitions from an Excel spreadsheet to Caselle Software.

- 2009 Court sessions held in new Civic Hall.
- **2014** Honorable Cynthia Kaufman Noble appointed as Judge.
- **2017** Municipal Court Software upgraded.
- **2020** Municipal Court reorganization, moving from Legal Department to Finance Department and staffing roles re-defined to meet programmatic needs of the court including adding Spanish speaking capacity to the staff.
- **2020** Established a remote court in May 2020, one of the first municipal courts to re-open during the first months of the Covid-19 pandemic, utilizing technology to conduct all appearances via computers and smart phones.

Ambulance has been moved into the General Fund - Fire Department, as outlined above.

2019 Actual, 2021 Amended Budget and 2022 Proposed Budget are in the General Fund – Fire Department.

2019 Actual amounts continue to be in the Ambulance Fund (79).

Budget Highlights

CITY GOVERNMENT CAPACITY

Strengthen the City's ability to prioritize & deliver municipal services with discipline and focus.

Develop and Foster local and regional partnerships continues to be the theme with regards to the Fire Department.

- This year we are continuing to work toward a balanced budget. We will be administering furlough days for our administrative staff and senior Chief Officers. The Fire Department offices will be closed on Fridays due to the furloughs.
- Last year an independent study identified that consolidating Fire Departments was feasible and recommended. This year we will be completing a Standards of Cover and Financial Analysis. This study will determine the ability for these fire organizations to provide specific levels of service at a cost point that will be favorable for voters' approval. The City Council will be tasked with determining if consolidation is best for the City residents or if other options for funding the long term sustainability of the Fire Department is better. The goal of this plan is to provide a service that is able to reach our critical staffing and response goals on critical incidents and be sustainable into the future.
- This budget includes funds for community survey and feedback sessions for the consolidation implementation plan. This will move the planning for membership in a larger fire district forward if that is the option selected by the elected officials.
- This year we are moving into the third year of an (IGA) intergovernmental agreement with Amity Fire District that will allows the two departments to fund a new Training Officer while the City provides for Administration and Training for the Amity Fire District. This IGA directly applies to the objective of developing and fostering local and regional partnerships. We also have entered into an agreement for Fire Prevention and Investigations with Dundee.

- 2021- 2022 Proposed Budget --- Budget Summary
- We will continue to look for opportunities to expand service agreements with our partners in an effort to improve revenues and better prepare for an eventual consolidation.
- We will continue to have some increased costs due to COVID-19 responses. We are working to ensure responders are protected during responses while maintaining high levels of service. Some of the costs are for station decontamination, additional PPE purchases and disinfecting equipment. Initial response to COVID 19 increase call volume/reduced unit availability was the addition of a 24 hour ambulance through overtime.

COMMUNITY SAFETY & RESILIENCY

Proactively plan for & responsively maintain a safe & resilient community.

Develop resiliency targets for critical infrastructure.

- The department completed a seismic survey to determine the risk to the Fire Department and a cost associated with an upgrade to address the deficiencies. The analysis indicated that it would take \$4.7 million dollars to bring the department up to code. It also identified that the brick façade and the bell tower would more than likely collapse in addition to structural damage making the facility unusable. This seismic cost combined with the facilities assessment figure of \$3.2 million over 30 years combine to create an almost \$8 million project for the fire station just to keep the existing facility at status quo. Given the need for additional substations we will need to work on a station needs assessment for the Fire Department as part of a larger facility discussion. This wirk will be conducted in conjunction with the Standards of Cover for the Consolidation.
- Lead and plan for emergency preparedness
- We will be evaluating next steps in our continuing efforts to improve our emergency preparedness.

- Build a community culture of safety
- The Fire Department is expanding its Operational Permit Program in an effort to raise awareness of hazardous operations and those that have high life safety concerns.
- High turnover continues to be a challenge for our organization. We continue to work on Health and Wellness, retention, and stress related work issues at the Department.

Core Services

Fire Operations

- Respond to Fire and Emergency Medical Services (EMS) related emergencies within the City of McMinnville and the surrounding Rural Fire District
- Provide training opportunities to all personnel within the Operations Division
- Provide response to hazardous materials incidents throughout the Rural Fire District
- Provide incident management functions within the City of McMinnville Emergency Operations Plan

Emergency Medical Services

- Provide Advanced Life Support Care to City's 450 square mile Ambulance Service Area.
- Provide Advanced & Basic Life Support training to all department Emergency Medical Services personnel.
- Provide training to City partner rescue companies within Ambulance Service Area.
- Ensure that the City meets the requirements of the Yamhill County Ambulance Service Area plan.
- Provide for a Quality Assurance Program to continue to improve the ambulance delivery system.
- Continue and improve partnerships with physician advisor and Willamette Valley Medical Center.

Fire & Life Safety

- Ensure the safety of the community through active fire and life safety code enforcement
- Improve permitting process in order to facilitate safer assembly and hazardous operations within our community.
- Maintain or improve partnerships within local and State organizations
- Review plans for new building construction
- Complete 90% of scheduled on-site fire inspections of high and moderate risk properties
- Investigate fires for cause and origin
- o Investigate fires involving juvenile fire setters
- Provide for delivery of public fire education courses

2021 – 2022 Proposed Budget --- Budget Summary

Future Challenges and Opportunities

- Develop funding strategies to meet service demands.
- The City Council has adopted response time standards for the Fire Department. The next step would be to start planning for future fire sub-stations to meet these response standards.
- Establish partnerships with external agencies that will improve efficiencies and take advantage of redundant services.
- Improve ability to provide quality training for emergency personnel
- Identify future staffing needs to accommodate the increasing response volume

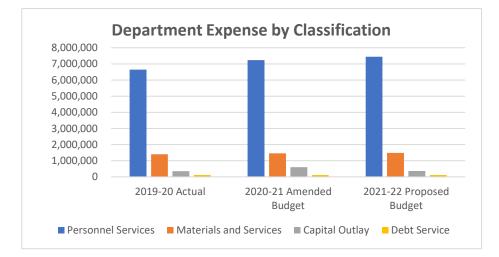

General Fund - Fire & Ambulance

Core Services

High Priority Services

- Fire and Rescue Emergency Operations
- EMS Emergency Operations
- Fire Code Enforcement
- Investigate Fires
- Regional / Local Training

Medium High Priority Services

- Emergency Management
- Community Event Permitting/Inspections
- Participate in Public Health Partnerships
- Provide Public Information
- Plan Review / New construction and driveway inspections

Medium Priority Services

• Fire Prevention Public Education (In School Programs)

Medium Low Priority Services

- Community Event Standbys
- Fire Prevention Education Public (Safety fairs, Smoke detector events, etc.)
- Provide Fire investigation Training for County/State

- **1874** A group of McMinnville businessmen start the McMinnville Fire Department, known at that time as the Star Hose Company #1.
- **1916** McMinnville Fire Department hires first paid Fire Chief.

- **1916** McMinnville purchases their first motorized fire engine, a 1916 Laverne.
- **1924** The second motorized fire engine is purchase for \$13,000, a 1924 American LaFrance. This vehicle currently sits in the fire museum at the fire station and is still operational.

- **1928** McMinnville Fire Department starts ambulance transport service. McMinnville was one of the first Fire Departments in Oregon to provide ambulance transportation
- **1948** McMinnville voters pass the "Fireman's Compensation Millage Levy" on May 21st @ 3 mills (~\$1.50/1,000 assessed value). These monies were dedicated to the sole purpose of hiring fireman. This was a continuing millage levy.
- **1950** A typical ambulance transport cost ~\$2.50
- **1952** McMinnville voters pass the "Fire Equipment Millage Levy" on November 4th @ ½ mill (~\$.25/1,000 assessed value). This levy provided monies for the purchase of fire apparatus and also was a continuing millage levy.
- **1967** McMinnville Fire Department hires first paid Fire Marshall.

Historical Highlights

1971 First group of McMinnville paid & volunteer firefighters are trained and certified through the State of Oregon as EMT-1's. Paid staff operates the ambulance during the day and volunteers at night.

- **1974** McMinnville Fire Department celebrates 100-year anniversary. The completely restored 1924 American LaFrance Fire engine makes re-debut in April at the celebration.
- **1979** First advanced life support (ALS) employee, certified as an EMT-3 for the Fire Department

General Fund – Fire

- **1983** Three ALS employees reassigned to work 24-hour shifts in three-day rotations. Paid staff continues to provide ambulance transports during the day. Volunteers are called in at night to supplement ambulance response.
- **1986** McMinnville voters pass a 20year bond levy to build a new fire station and parking lot and demolish the old fire station -\$1,995,000.
- **1987** Ambulance subscription sold for the first time at \$35 per household FireMed
- **1988** The new fire station opens at 1st& Baker in April.
- **1994** McMinnville Fire Department Length of Service Awards Program (LOSAP) implemented to reward volunteer fire fighters for their service.
- **1994** City adds fire inspector position.
- **1996** Fire Department Cost of Service Study completed and designates fire portion of operations at 35% and ambulance at 65% of operations.
- **1996** New College Intern Program implemented taking the place of Sleeper Program.

- **1997** Department re-organized so that career and part-time staff provide ambulance transports 24 hours a day. Volunteers are assigned to provide rescue response. Two ALS ambulances are staffed 24 hours a day.
- **2000** Fire Training Tower constructed on City land next to the Water Reclamation Facility.
- **2002** Medicare begins their new fee schedule with a five-year implementation process significantly decreasing the amount paid for medical transports.
- **2003** Fire and Police Departments begin implementing new 450 MHz voice radio system, financed with a \$1,300,000 full faith and credit obligation.
- 2004 Yamhill County completes Ambulance Service Area plan required by the State of Oregon. McMinnville Fire Department (MFD) is awarded MFD's current Ambulance Service Area; implemented July 1, 2005.
- **2004** New fire engine purchased from H & W Emergency Equipment in Hillsboro. Purchase replaced Engine 13, a 1967 Ford.

2005

New strategic plan was developed with the help from BOLA Consultants. The 2005 – 2007 plans were approved by the City Council. First time Ambulance Fund operations cannot support purchase of a new ambulance. Improvements Fund budgets to purchase \$130,000 with a combination of property taxes and remaining public safety full-faith and credit obligation certificates financing dollars.

- **2006** Third Fire Fund property tax transfer to supplement ambulance operations \$300,000.
- **2007** Purchase of new ambulance funded with combination of remaining dollars from the 2002 public safety full faith and credit financing and property taxes.
- **2007** Continuance of the Fire Fund property tax transfer to subsidize EMS service operations \$300,000.

General Fund – Fire

2008 The Fire Department becomes part of the General Fund as opposed to having its own specific Fire Fund as it has in the past. Measures 49/50, eliminated special millage levies including those for fire operations. Add 3 staff.

- **2009** City Council adopts Fire Department Standards of Response, establishing response time goals for Fire and EMS responses. These will be used to plan for improvements into the future.
- **2009** Initiated department Health and wellness initiative adopting mandatory medical and physical evaluations for all department members.

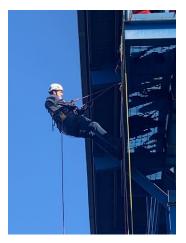

- **2009** Realigned staffing to provide crew on the first out Engine Company with career staff. Reduced average first unit response time from 9:05 to 5:38 Established 20% response requirements for volunteers. Result is improved response time for fire response vehicles to major incidents
- **2010** Budget challenges and lack of sleeping quarters force the elimination of the student program at the Fire Department.
- **2010** Fire Department purchased new brush vehicle that will be used as a secondary rescue vehicle. A large portion of this purchase was funded by an anonymous donor.
- **2012** Budget challenges force the elimination of the Fire Marshal position.
- **2014** Council authorizes purchase of fire apparatus, including a new aerial truck, engine, and water tender.
- **2015** The City takes delivery of the new aerial truck, engine, and refurbished water tender.

2015 Yamhill County indicates that there were 9000 new Medicaid members in Yamhill County this year with an overall increase to

16,000 by the end of 2015.

- **2016** The City will partner with Amity to provide a Peak activity unit. This vehicle will be cofounded by Amity and the City of McMinnville to improve service to the ASA.
- **2016** The Department internally restructured to eliminate the Operations Chief and created a Duty Chief role for the Assistant Chiefs and Battalion Chiefs to improve emergency response incident management.
- **2017** Three FTE's are added to reduce the overtime costs of the department and reduce the work stress on employees.
- 2017 Test new partnership with Lafayette by deploying an ambulance from rental house to determine response time performance

General Fund – Fire

- **2017** Prevention Division is realigned to improve code enforcement and inspection services to the Citizens. Emergency Management responsibilities move to a Battalion Chief.
- **2018** Health and safety issues rise to the front. Increased staff by 1 FTE to cover vacancies requiring mandatory overtime. Lift assist system for ambulance to help reduce injuries.
- 2019 Department Hires Support Services Technician to improve consolidate purchasing, contract management, and administrative responsibilities reducing work load on shift personnel.

- **2019** Entered into a contract for Administrative and Training service with the Amity Fire District. Contract improves both organizations by consolidating and partnering. Hired Department Training Officer.
- **2020** Completed coordination of 9 department consolidation feasibility study. Study recommends consolidation into new district.
- 2020 COVID 19
- 2021 Complete Strategic Implementation, Financial Analysis and Standards of Cover for the potential new Fire District area.
- **2021** Budget challenges force administrative furloughs.

Budget Highlights

The Parks and Recreation Department (P&R) enriches the lives of people in McMinnville. Programs offered by P&R provide diverse opportunities to discover, create, and encourage personal and community growth at indoor and outdoor facilities across the city. Services to keep our bodies and minds healthy include youth programming, adult and youth team sports, senior programming, after school programs, art programs, swim programs, health and wellness services in addition to Park Development. Parks and Recreation programs are mostly fee supported, on average operating at about 50% cost recovery. The Parks and Rec FTE (staffing levels) has increased approximately 12.5% over the last couple of decades, while the revenue has increased about 45%.

The budget assumptions for Parks and Rec were put together in February/March 2021. At that time, the assumption was a relatively gradual path back to normal program sizes and services as the COVID numbers settled and the vaccines rolled out. It is anticipated that Parks & Rec will require a supplemental budget to make adjustments based on community recovery and vaccination from the pandemic.

Challenges and Opportunities

Covid-19 Pandemic impact on Parks & Recreation in 2020-21

- Constantly evolving state guidelines caused continuous changes to protocol, modified program formats, lengthy facility closures, and program cancellations.
- Loss of connectedness and interaction within our community. The Parks and Recreation Department's main objective is to provide recreation activities and services to the public and this was greatly hindered due to the guidelines brought on by the pandemic.
- Over \$200,000 refunded since March 2020 due to cancellations.

- Mostly due to state mandates: the Senior Center has been closed since March 12, 2020; Community Center was closed from March 16 through October, 2020 and then closed again mid-November through February; Aquatic Center was closed from March 16 through July, 2020 and then closed again Mid-November through February.
- o 148 part-time staff were laid off due to the pandemic

"Drive Thru Trick or Treat" – The department was slightly overwhelmed by the response to the Trick or Treat event at Dancer Park. Nearly 450 cars with over 1600 participants inside came out on a beautiful fall day for a fun community event.

MacPAC– Planning for new facilities is both a challenge and an opportunity. Under Council's direction, McMinnville has had the chance to dream big and think of the future for library and recreation services. The Community Center and Aquatic Center are at the end of their useful life, and the community's vision for recreation services goes beyond the functionality of these buildings. MacPAC is slated to conclude their work in the first quarter and report to City Council. The process after that is likely to be challenging as we move towards community conversations about funding.

Mac-Town 2032 Strategic Plan Parks and Recreation Focus

City Government Capacity

Develop and foster local and regional partnerships

 Continue, strengthen and formalize current partnerships to assist in delivering activities and events; seek new partnerships to develop innovative programs and revenue opportunities within the partnership guidelines in the phase I facility report.

Gain efficiencies from technology and equipment investment

• This year we are investing in an app that easily allows patrons to perform tasks from their phones such as membership signin, view and sign up for classes, register for lessons, and receive updates on department news.

Invest in the City's workforce

- Parks and Recreation department is a significant employer of entry-level and first-time workers and offers a wide variety of volunteer opportunities
- Parks and Recreation staff regularly attend conferences and training opportunities to grow skills, networking, and leadership skills.

Civic Leadership

Attract and develop future leaders

 Providing opportunities for current staff and volunteers to crosstrain, find higher level staff and board opportunities across all departments

Increase awareness of civic affairs and leadership opportunities

When MacPAC was formed there was an intentional effort made to increase diversity, advance equity and foster inclusion. The advisory committee (MacPAC) includes voices that are not traditionally heard in government process, those community who face barriers that impact their opportunities to participate in services.

Community Safety & Resiliency

Build a community culture of safety

- Learn to Swim and Survival Swim Program Accidental drowning is a leading cause of death for children of any age and therefore an important community safety issue.
- Developed a Covid response protocol to ensure safe recreation and continue to evaluate and implement protocol as guidelines changes.

Classes were moved outside to provide a safe location when Covid precautions encouraged people to be outside.

Economic Prosperity

Improve systems for economic mobility and inclusion

• Developing updated scholarship program

Be a leader in hospitality and place-based tourism

- o Offer community events throughout the year
- Parks and Recreation facilities and programs are attractive destination locations that enhance local tourism

Encourage connections to the local food system and cultivate a community of exceptional restaurant

 $\circ~$ Partnership with YCAP for locally grown food distribution at the Senior Center

Engagement & Inclusion

Celebrate diversity of McMinnville

- Parks and Recreation and the Library will collaborate on summer activities and events with a focus on diverse programming and reaching those who are furthest from opportunity.
- Engage with Hispanic/Latinx community through department Open House, special events, and activities

Cultivate cultural competency and fluency throughout the community

• Parks and Recreation Department offers programs that encompass many different religions, cultures, and traditions

Grow City's employees and Boards and Commissions to reflect our community

 MacPAC was formed in 2019 to inform the Library and Parks & Recreation Departments as they consider how to offer services and plan facilities to improve and enhance library, recreation and cultural services for McMinnville.

Improve access by identifying and removing barriers to participation

- Increase Inclusion training for all Parks and Recreation staff, identify and remove physical and programmatic barriers.
- Continue with improvements to our written materials, such as the 2020 'rec guide' update that published in dual languages and taking advantage of the City's new translation services.

Core Services

- Staff created an inventory of 35 general programs/services offered by the Parks and Recreation Department and utilized the Core Services calculator to determine the ranking for each program/service.
- The top two Core Services were Park Development and Volunteer Opportunities
- The bottom two Core Services were short-term and long-term facility rentals

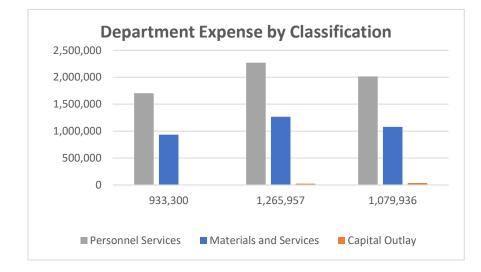

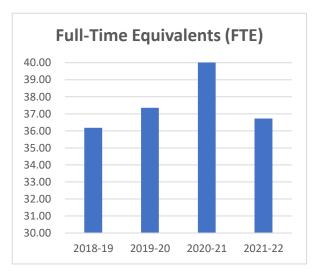

Thanksgiving Drive Thru Dinner provided 144 meals to local older adults thanks to help from event sponsor Vineyard Heights

General Fund - Parks & Rec

General Fund – Parks & Rec

Core Services

High Priority Services

- Park development
- Volunteer opportunities
- Recreational swims: public and family
- Swimming lessons group public
- Drop-in athletic / fitness (track, pickleball, racquetball, basketball, volleyball, ultimate frisbee, weight room, lap swim, water walking)
- Special community events (family nights, fun runs, summer concerts)
- Aquatic specialty programs: lifeguard training classes, survival swim
- Community social opportunities (coffee hour, lending library, art gallery, sport spectating, game groups)
- Meal service
- Youth after school childcare program (KOB)
- Adaptive recreation

Medium High Priority Services

- Youth sports leagues
- Summer day camp (STARS)
- Health and personal services (tax prep, foot care)
- Support groups
- Youth art/craft/STEM/ed classes
- Youth specialty sports / fitness (dance, gymnastics)
- Youth sports classes (start smart)
- Adult education classes
- Adult art/craft classes
- Water fitness classes
- Adult fitness/dance classes

General Fund – Parks & Rec

Medium Priority Services

- Drop-in: tiny tots indoor playground
- Adult sports leagues
- Youth sports clinics
- Athletic facility rental
- Aquatic specialty rental programs: rental group swim lessons
- Special event park reservations
- Swimming lessons private
- Gymnastics lessons private
- Specialty summer camps (Skyhawks)

Medium Low Priority Services

- Shower program
- Park shelter reservations
- Short term facility rentals (one time, up to quarterly)
- Long term facility rentals (annual contract/agreement)

General Fund – Parks & Recreation

- **1906** Funds are raised to purchase City Park.
- **1908** McMinnville's first community Pavilion was constructed on the site of the current Aquatic Center – it was demolished in 1922.

1908 to 1922

- **1910** A swimming pond and small zoo are added to upper City Park. The zoo included a bear, deer, and other animals.
- **1927** Soper Fountain is constructed at Upper City Park and a new pool is constructed near West 2nd Street and Star Mill Road. The city donated the old pool to the Garden Club for a sunken garden.

Outdoor Pool by Star Mill

- **1948** McMinnville voters pass first park levy to support parks and recreation services and parks maintenance operations.
- **1956** The City built a 30 yard outdoor pool and 20 yard enclosed recreational pool. Children can swim for 15 cents and adults for 25 cents.

1st Indoor Aquatic Center 1956 to 1985

1965 McMinnville senior residents establish McMinnville Senior Citizens, Inc. to provide social functions, recreation activity, and assistance to area seniors. Their membership meetings and activities are held in the Cityowned community building at 1st Street and Galloway.

Historical Highlights

- **1977** Programs begin to expand beyond recreational sports to include special interest classes, summer concerts, etc. Bond levy to build baseball/softball sports complex on City-owned property on Riverside Drive fails.
- **1978** Voters pass 5-year bond levy for City to purchase the old National Guard Armory at 6th and Evans for \$190,000 along with a \$2.6 million 20-year bond levy to remodel it into the McMinnville Community Center.

- **1981** New McMinnville Community Center opens. Senior Citizen's Inc. moves into the facility as well.
- **1982** Parks and Recreation creates Youth Soccer Program.

General Fund – Parks & Recreation

- **1983** McMinnville Water and Light purchases McDaniel property which is the future Joe Dancer Park property - 80 floodplain acres.
- **1984** McMinnville voters pass Swimming Pool Renovation Bond Levy - \$1,885,000.
- **1985** Dancer Park Phase I complete which includes 40 acres, trails, 4 baseball/softball fields, and 4 soccer fields.
- **1986** The current Aquatic Center is opened, the new facility includes a renovated 20 yard recreational pool and new 25 yard lap pool.

1990 Dancer Park Phase II expands irrigation systems and completes new soccer field areas. Parks and Recreation Department develops a Youth Baseball/Softball program.

- **1993** In partnership, the City and Senior Citizen's Inc. combine funds to build the Senior Center at Wortman Park. Additional funding is provided through a Community Development Block Grant.
- **1994** Major seismic retrofit at the Community Center and renovation is completed after 1993 Spring Break Quake, funded from the Insurance Reserve Fund.
- **1995** McMinnville Senior Center opens.
- 2000 Voters pass 20-year park improvements bond -\$9,500,000 after the 1999 Parks Master Plan is completed.
- **2002** Marsh Lane Extension and Dancer Park Expansion Project complete with 12 soccer and 12 baseball/softball fields.

- **2009** Dancer Park parking expanded due to growth in soccer.
- **2016** The Wortman Park Café began operating a Tuesday and Thursday lunch program at the Senior Center.
- **2019** Jay Pearson Neighborhood Park opens as McMinnville's first barrierfree, inclusive park. Facilities and Recreation Master Plan project begins.

2020 MacPAC, a citizens advisory committee, is formed to provide recommendations for the facilities and recreation opportunities of McMinnville

PARK MAINTENANCE

General Fund – Park Maintenance

Budget Highlights

- Given the City Council's direction to address General Fund reserve levels, Park Maintenance, like other General Fund departments, will be implementing staff furloughs as a cost savings measure. This will negatively impact park maintenance service levels at least through this budget cycle. Additionally, significant storm events this past winter resulted in unprecedented damage to the park system. Given the General Fund situation, staff has implemented plans to absorb storm clean-up and repairs within the Division's currently allocated resources. This approach was based on the assumption that additional resources via the General Fund would not be available. Since late March of 2021, staff has been working with Oregon Emergency Management in seeking FEMA disaster reimbursement funds, but at this point that funding is not certain. Park maintenance service level changes were developed to keep focus on maintenance efforts that place an emphasis on maintaining park user safety and protecting the City's investment in our park assets. Unfortunately, there is no question that this approach will impact park aesthetics.
- COVID-19 continues to impact the Division's operations. Force preservation strategies such as limiting vehicles to one passenger, and staggering crew start times remain in place. These strategies are tied to the Community Safety & Resiliency priority to proactively plan for to responsibly maintain a safe and resilient community. However COVID related staffing shortages over the past year have also impacted the Division's efforts towards restoring park maintenance service levels. It is important to note that given the current situation there is no excess capacity in the Park Maintenance budget or staff, so the changes in the operating budgeted necessitated by General Fund issues will result in service level impacts.
- The Division has taken on maintenance of the new Jay Pearson Park full time, and will be taking on a planned extension of the BPA Pedestrian pathway in 2021.

- The FY 21-22 proposal does include capital funding to replace a 2006 zero turn mower. This item was a carryover item included in the FY 20-21 mid-year review and deferred to FY 21-22. These mowers are a key component of the Division's mowing fleet.
- Staff will continue to partner with key volunteer and inmate work 0 groups; however the availability of the inmate crew has been impacted by the pandemic. As part of the Division's response to storm damage clean-up, over 20 different volunteer groups have been utilized to help with park debris removal. These partnerships are consistent with the City's mission as described in the Strategic Plan to deliver "high quality services in collaboration with partners for a prosperous, safe and livable community." More typical examples are landscape bed maintenance at Discovery Meadows (church groups), trail maintenance (Youth Conservation Corps, local school teams, local service clubs), soccer goal area restoration (McMinnville Youth Soccer), and various labor intensive landscape cleanup projects (Yamhill County Corrections), dog park maintenance projects (Duniway Middle School) and riparian area vegetation management (Greater Yamhill Watershed Council). Materials, staff support, and supervisory oversight for these projects are typically provided by the City in cooperative efforts with these Unfortunately, with staff and resource limitations groups. proposed, the ability to provide those coordinating resources for volunteer groups will be reduced.

Sunrise at a flooded Joe Dancer Park

- Some maintenance needs will continue to be addressed through the use of independent contractors. This work can require specialized licenses, equipment, or expertise. Contract forces are also used to address work for which there is no staff capacity. The work is a mix of demand and planned work. Contract services represent approximately 7% of the Division's overall budget, and about 27% of the Materials and Services budget.
- A key component in McMinnville's livability lies in the City's ability to develop and maintain quality open spaces throughout the community. This concept aligns with the vision statement in Mac-Town 2032 for "a collaborative and caring city inspiring an exceptional quality of life". These spaces are diverse; from formal landscapes to undeveloped natural areas. Each is intended to meet the needs of our residents in its own fashion. In order to continue the invitation to our residents to come and enjoy the benefits of these spaces, quality maintenance is essential. Unfortunately, resource allocations have not been able to keep up with both inflationary cost increases as well as additional work related to new facilities.

Core Services

The Division' core services are consistent with the City's Strategic Plan Value of Stewardship. This stewardship is reflected in the Division's primary mission to maintain the City's park asset base. These services are also consistent with the City Government Capacity priority in that they represent the Division's on-going efforts to identify and focus on core services. This work is accomplished in parks, public facilities, landscaped City owned parking lots, and beautification areas, with a total of 41 sites comprising over 278 acres. The primary objective of this mission is to provide quality maintenance services that protect user safety as well as the City's assets. The overarching goal is to invite our residents to enjoy these spaces and their amenities, which are a key factor in McMinnville's livability. As noted above, the FY 21-22 budget proposal does not move the Division closer to that goal.

Park Services

Litter removal, restroom cleaning, general park upkeep, and vandalism repair occur year-round. At this point no changes are planned for any additional restroom closures for permanent facilities, or any reduction in park services ("rounds"). In order to be conservative, staff has assumed that restrooms will continue to be maintained in a COVID compliant manner. However, due to significant costs related to sanitizing temporary restrooms, those will be removed from Airport, West Hills and Starmill (City Park). Should COVID requirements be relaxed, staff will look at moving these back as resources allow.

Sr. Utility Worker Liz Fliszar (13 years) performs construction inspection at Jay Pearson Park

Turf/Landscape Maintenance

- Turf stands are mowed, fertilized and edged; landscape areas are weeded; irrigation systems are maintained and operated. This core service will be reduced in various areas in the park system. These facilities have been identified for irrigation shut downs, which results in reduced irrigation costs (start-ups, repairs, shut downs). Additionally, this change results in reduced mowing costs in these areas. These areas will "go brown" during the summer and remain dry until the fall rains. Parks areas that this will impact include:
 - Neighborhood Parks: Bend O'River, Greenbrier, Village Mill, North Evans and Taylor
 - Linear Parks: East of Westvale to Agee; continuing east to Goucher Street, then north to Apperson.
 - Community Parks: parts of City Park, Kiwanis Park

- Using the Division's Integrated Pest Management Plan (IPM), approved herbicides for weed management are applied in various city turf stands, landscapes and facilities. City staff are licensed public pesticide applicators, and all herbicide use on public facilities is recorded and tracked.
- Landscape beds in park facilities are mulched for aesthetic purposes, and to help control weeds. Mulch application will be eliminated at some facilities and the application cycle extended at others. These changes result in materials and labor savings, but negatively impact aesthetics and weed control.
- Annual flowers are typically planted in the spring at various City facilities.
- Trail systems are maintained in Dancer Park, Airport Park, Discovery Meadows, Tice Rotary Park, and other facilities. The proposed budget continues the practice of partnering with local tree service vendors for chip material and local user groups to spread material, resulting in reduced labor and material costs.
- Park Maintenance staff assists with the maintenance and operation of the irrigation systems for various Street Department assets (landscaped beautification areas). Additionally, Park Maintenance staff continues to be tasked with landscape and irrigation maintenance for downtown parking facilities.

Sports Turf Maintenance

This work is primarily performed in Dancer Park in support of City recreation programs. This internal partnership is again reflective of the Strategic Plan mission to deliver high quality services in collaboration with partners for a prosperous, safe and livable community. Sports turf is irrigated, fertilized, over-seeded, mowed, and aerated at as high a frequency as resources allow in an effort to support a healthy turf stand that can withstand the high activity levels these programs bring. This work helps to preserve the turf stand, improves user safety and supports the City's recreational sports programs.

Recreation Sports Program Facility Support

This work is primarily performed in Dancer Park in support of City recreation programs. Soccer and baseball fields are set up each season and are "torn down" at the conclusion of the season. Given the location of Dancer Park, support amenities (benches, tables, garbage cans, concession stand, etc.) must be removed from the park each fall to protect them from potential winter flood damage.

Tree Maintenance

Typical activities include conducting annual pruning on young trees, along with scheduled fertilizing, which promotes tree health and correct tree structure. The work also includes mitigating storm damage, which can include pruning, removal and replacement. Given resource constraints, no tree replacements are included in the FY 21-22 funding proposal. Given the impact of winter storms, this will have a negative impact on service levels. These replacements (approximately 270 trees) will need to be programmed in future years as resources allow, and will be done on a systematic basis to replace trees lost during the ice storm this winter. This core service is a contributing element in the City's requirement to provide \$2 per capita of tree related expenditures to achieve "Tree City USA" designation.

Fallen oak tree at Joe Dancer Wetland trail

Park Amenities

 Maintain courts, water feature, shelters, drinking fountains, interpretive signage, lighting, etc. The Discovery Meadows water feature, operated under Oregon Public Health Division's administrative rules, is cleaned and inspected on a specific schedule, and is remotely monitored via web-based telemetry.

Park Building Maintenance

 Building lighting, security, and plumbing systems are repaired as resources allow, and vandalism is cleaned up as soon as possible. In some instances non safety related repairs may have to be deferred.

Skate Park Maintenance

 Regular inspection and repairs, including replacement of coping stones, sealing concrete, repairing skate elements, and clean up of vandalism and graffiti. In some instances other than safety concerns, repairs may need to be deferred.

Play Equipment Maintenance

- Play structures are inspected by certified staff per the National Parks and Recreation Association inspection standards.
- Play equipment is pressure washed and kept clean.

Community Event/Volunteer support

• Prepare facilities for special community events.

Andy McCune (12 years) works with volunteers at Joe Dancer Park

Emergency Response

Park Maintenance staff members are a key element in the City's response to various incidents, and work alongside Street Maintenance and Conveyance System field staff in this role. This core service is tied to the Strategic Plan Community Safety and Resiliency priority and directly works to address this priority's objective to "provide exceptional police, municipal court, fire, emergency medical services (EMS), utility services and public works". Activities include responding to vehicle accidents and hazardous materials spills; snow response work including deicing, sanding and snow removal: flood/high water response; sanitary sewer and storm drain problems; clearing downed trees from streets, etc. Park Maintenance staff are trained and certified to the same level as the Street Maintenance staff in this area, and function as integral team members on these first responder crews.

Kristine Reed, right, Parks Maintenance (17 years), clearing storm drains.

Future Challenges and Opportunities

Maintenance planning

 As with any asset, as the park system ages, maintenance demands and related costs continue to increase. The park system has grown since 2005 with West Hills, Kiwanis improvements, Chegwyn Farms, Riverside Dog Park, BPA linear park extensions, and Jay Pearson Park all being added in that time period. As noted earlier, a BPA extension north of Baker Creek Road is planned for 2021. In 2013-14, service levels changes included closing restrooms, reducing park service visits, reducing mowing costs by allowing neighborhood parks to go brown, reducing athletic turf maintenance at Dancer Park, reducing annual flower plantings, reducing tree replacements, reducing maintenance cycles on various building and play equipment structures, and continued deferred maintenance in the system overall. Over the intervening years these changes have resulted in a lower quality of aesthetics than the typical McMinnville standard, and have had other impacts. Unfortunately, this budget proposal does not have adequate resources to continue with the process of improving park maintenance service levels.

- The FY 2021-22 budget proposal does not move the Division any closer to improve the Division's capacity to begin to address backlogged maintenance items. Examples of backlogged items include replacing aging elements in the water feature, restoring shrub/plant beds system wide, monument sign maintenance, pavement maintenance (parking lots, paths), replacing picnic tables, replacing restroom partitions, changing stations and fixtures, sports turf maintenance projects, and irrigation repairs system wide.
- The FY 2021-22 budget continues a staffing model that features Utility Worker I positions for parks services and similar tasks, freeing up Utility Worker II staff for higher level functions. However it is important to note that there remains a gap in the City's capacity to maintain existing park assets. Thus without additional resources there is no latent maintenance capacity within this work group to take on additional new facilities, and as they are added there is a negative impact on the Division's capacity to maintain existing assets.
- Staff will continue the use of a computerized maintenance management system (CMMS) to plan, schedule, and track work. Using this tool, staff continues to make use of the data to track work against service levels, identify problem trends, and identify opportunities to improve work practices. As a note, the system currently utilized is no longer supported by the vendor; as such staff will be working with Information Services to explore replacement and upgrade options.

Capital Planning

As the park system overall continues to age, planning for and 0 funding capital improvements continues to be a critical element of the City's asset management strategy relative to parks that is not able to be consistently funded. Buildings, play structures, pavements, skate park elements, park amenities, vehicles and equipment all will continue to age, and will eventually need to be replaced or removed. Adding new facilities or elements to the system only increases this need. At this time, there is not a comprehensive funding strategy or available resources to address capital replacement needs within the park system. The needs range from replacing aging play structures such as the Recreation Station in upper City Park to replacing a 50+ year old shelter in Wortman Park. Vehicle and equipment needs include addressing aging mowing equipment as well as an aging fleet. Overall, the challenge will continue to be to identify those capital needs, develop fundable replacement strategies, and begin to plan for those replacements in a manner that fits the City's resources and priorities.

Continue to develop strategies to provide acceptable maintenance levels

- Continue to monitor services levels changes to evaluate their long-term impact on the City's park assets, as well as to monitor their acceptability to City residents and the City Council.
- Strategies will continue to include identifying opportunities to reduce costs through operational efficiencies, as well as to continue to review service levels offered relative to established City wide priorities.

Develop and implement water conservation strategies

 Staff continues to monitor water use, and evaluate technology and funding available to reduce the City's irrigation water use, with the long-term goal of implementing a centralized irrigation control system.

General Fund – Park Maintenance

2021 – 2022 Proposed Budget --- Budget Summary

Americans with Disability Act (ADA) Compliance

- Evaluate and address ADA issues within the park system; identify opportunities to remedy problems as projects are scoped and developed.
- Ensure that new facilities meet ADA requirements.

Guy Smith (17 years) and Jeff Hendricks 16 (years) spread material in the Riverside Dog Park.

General Fund – Park Maintenance 2021 – 2022 Proposed Budget --- Core Services

Core Services

High Priority Services

- Maintain the City's park asset base, including:
 - Turf/landscape maintenance
 - Tree maintenance
 - Maintenance of park amenities (sport courts, water feature, shelters, drinking fountains, interpretive signage, lighting, etc.)
 - Park building and structure (play equipment, skate park, etc) maintenance
 - Completion of park services, including litter removal, restroom cleaning, general park upkeep, and vandalism repair
- Emergency response to various incidents (weather related, accidents, etc) alongside Street Maintenance and Conveyance System field staff.

Medium High Priority Services

- Recreation sports program facility support
- Community event/volunteer support

General Fund – Parks Maintenance

benches.

- **2008** Dancer Park inundated in December 2007 flood, resulting in significant damage to roads, sports fields, fencing and trail system. With the help of volunteers, park is made ready for 2008 soccer and baseball season in time.
- **2010** Three new park facilities come on-line. They include West Hills Park, Riverside Dog Park, and the Westside Pedestrian path extension.
- **2010** Two of five staff certified as Aquatic Facility Operator's through the National Parks and Recreation Association to meet expected state requirements for water feature operation.
- **2010** Staff manages over 1,900 hours of volunteer and inmate labor in support of Park Maintenance operations.
- **2011** Chegwyn Farms, a four-acre neighborhood park, opens in NE McMinnville. The park features two farm themed playgrounds and is leased by the City in a partnership with the Yamhill Soil and Water Conservation District.

- 2012 Discovery Meadows water feature chemical controller upgraded to operate remotely and alert operators of alarms. This saves in labor and materials and helps to insure constant compliance with Oregon Health Division rules.
- **2014** Parks Maintenance staff plays a key role in Public Work's response to a major February snowstorm, working alongside Street and Wastewater Services staff on deicing and sanding crews and clearing sidewalks along City facilities.
- 2014 Riverside Dog Park lighting system installed. Park Maintenance staff participated in design review and inspections on the park systems' first significant LED lighting project.
- **2016** As part of succession planning, Senior Utility Worker position implemented.
- **2017** Lower City Park upgraded with new small shelter and bridge.
- **2018** Utility Worker I position added as part of a two-year phased process to restore park maintenance service levels.

- 2018 City park tennis courts reconfigured to six pickle ball courts and two tennis courts and resurfaced.
- **2019** Utility Worker I position added.
- **2019** Jay Pearson Park completed in NW McMinnville, featuring an inclusive accessible playground, paths, shelter and open space.

General Fund – Library

2021 – 2022 Proposed Budget --- Budget Summary

Budget Highlights

The McMinnville Public Library builds equity and literacy, saves the earth's resources, assists people during economic downturns, and shapes and reflects the vibrancy of our town. These priorities were highlighted during the COVID-19 challenges of the last year, with the Library responding to the changing needs of the community by offering

- Home delivery of library materials
- Outdoor story times
- Increased service over the phone including technology assistance, book selection, and research assistance
- The new Shelf Help program whereby library staff make curated selections for regularly scheduled delivery to library patrons
- A Stuffie Sleepover event where children brought in their dolls and stuffed animals to spend an exciting night at the Library, engaging in fun activities such as visiting the Police and Fire Departments, using the diving board and floaties at the Aquatic Center, and engaging in an obstacle course at the Community Center.
- Increased digital content for borrowing, including streaming movies through Kanopy, ebooks and audio books through Overdrive, and access to Consumer Reports online, as well as many other digital magazines.
- Books, seeds, and crafts delivered to grade school students through school pick up sites during school shutdowns.

When I got my library card, that's when my life began. —Rita Mae Brown, author

Funding Highlights

While primary funding for the Library comes from the City General Fund, other resources are reflected in fiscal year 2021-22.

- \$189,462 Chemeketa Cooperative Regional Library Service
- \$8,000 Friends of the McMinnville Public Library (likely to be increased due to City budget cuts)
- \$ 31,250 Library Foundation of McMinnville (likely to be increased due to City budget cuts)
- \$5,000 McMinnville Kiwanis
- \$6,590 Oregon State Ready to Read grant
- \$800 McMinnville Soroptimists

2021 – 2022 Proposed Budget --- Budget Summary

Budget Challenges

The primary cost of library service is staff, materials for borrowing, and technology. With the necessity of reducing the budget came a reduction in these areas.

 As with most general fund personnel, all library staff are furloughed 20% from April 5 through September 6, 2021. While this certainly creates difficulties for reaching the level of service provided pre-pandemic, we do plan to add back some services as the COVID-19 vaccination becomes more widely distributed and social restrictions decrease. We recently moved from 3 open days (23 open hours) to 5 open days (33 open hours).

(~\$110,000 reduction in 01-21.7000)

- The library relies heavily on a well-trained group of volunteers. It was unfortunately necessary to reduce the budget for recognition of these volunteers. (\$1000 reduction in 01-21.7580)
- A primary challenge of the library is to inform the community of all the services available through the library including books, DVDs, games, puzzles, downloadable audio and video, streaming video, story times, and more. However, it was decided to decrease funding to the public information budget. (\$1000 reduction in 01-21.7660-30)
- The library has over 70 computers used by staff and the public. While normally on a 3-5 year replacement schedule to keep these computers up to date, this year there will be no computer replacements at the library due to budget constraints.

(\$11,000 reduction in 01-21.7840-70)

• The library has still not recovered the cuts to the book budget from 2012, when the Library Foundation and Friends of the Library stepped in with funds for purchasing books and other items for patrons to borrow. Instead of replenishing this funding in the city budget, the budget has been further reduced. The Friends and Foundation will likely increase their support for purchasing library materials for borrowing, becoming a primary source of funding instead of their preferred purpose to fund added value programs and resources for the library. (\$19,000 reduction in 01-21.8150)

Mac-Town 2032 Strategic Plan Library Focus

This budget reflects the Library's best efforts to continue to creatively focus on the needs of the community and the Goals of Mac-Town 2032 while considering COVID-19 and budget challenges.

Below are some of the work that the library continues in support of the priorities of Mac-Town 2032

City Government Capacity

Develop and foster local and regional partnerships

- The McMinnville Public Library partners with local and state libraries to bring you:
 - Oregon Library Passport Card Bring your McMinnville Public Library Card to any Oregon Public Library to get a library card at that institution and increase your borrowing power!

- Oregon Digital Library Consortium Use your McMinnville Public Library Card to borrow downloadable ebooks and audiobooks from a collection shared with the members of the Oregon Digital Library Consortium.
- CCRLS (Chemeketa Cooperative Regional Library Service) – Borrow physical and electronic material from 18 different libraries within Polk, Yamhill, and Marion Counties.

City Government Capacity

Develop and foster local and regional partnerships

- The McMinnville Public Library staff partner with local and regional agencies to bring services to our community:
 - Free tax preparation to over 300 people through AARP and other entities.
 - This summer the McMinnville Public Library and Parks & Recreation Departments will bring a Summer of Fun to the community after more than a year of social distancing. We are excited to partner with other City departments, McMinnville Downtown Association, McMinnville Education Foundation, Unidos, YCAP, Evergreen Museum, and many more businesses and organizations.

Invest in the City's workforce

- The Public Library Association, a division of the American Library Association, is holding its annual conference in Portland, Oregon in 2022, and the library plans to send staff to this exciting educational conference.
- Library staff proposals can be submitted by any staff member. Proposals are evaluated and implemented by staff, empowering them to pursue their interests while meeting the goals of MacTown-2032.

• Library staff regularly attend training in person and online to build technical, communication, management, leadership, and person to person skills.

<u>Mac-Town 2032 Strategic Plan Library Focus cont.</u> Civic Leadership

Attract and develop future leaders

- Through volunteer engagement, staff training, and Friends and Foundation Boards the McMinnville Public Library offers options for civic engagement and leadership opportunities.
- 2021 Summer Reading Program and will encourage community involvement and civic engagement through games and incentives, inspiring people to attend community and civic activities. This will increase knowledge and awareness of all that is available in the community. Awareness leads to engagement which can lead to leadership in many forms.

Community Safety & Resiliency

Build a community culture of safety

• Library staff are trained and practiced in creating a safe environment for those who visit the library. An updated Patron Code of Conduct, regular training on managing difficulties, and quick response from Police and Fire all assist in creating a safe environment.

Economic Prosperity

Improve systems for economic mobility and inclusion

• Libraries are relied upon during times of economic downturn for online access, job resources, entertainment and connection. The library is continuing to build resources for the community to use during uncertain times.

Engagement & Inclusion

Celebrate the diversity of McMinnville

- The Library engages with the Hispanic community through programs such as El día de los niños and Book Buddies, with the intention of building relationships and trust with the Latino community. The library is often a place of first engagement with City government, and we want to share this opportunity with other Departments through greater programming and communication with Latinos.
- Library staff were integral in creating the Equity, Diversity, Inclusion & Antiracism Toolkit produced by the Oregon Library Association. This publication will continue to be used in the coming year to build awareness, knowledge, and best practices.

Cultivate cultural competency and fluency throughout the community

• The Library is a welcoming and safe place for everyone in our community, and programs and materials reflect that through a focus on various cultures, religions, economic status, gender orientation, and more.

Growth & Development Character

- The McMinnville Public Library is a hub of the community, bringing all walks of life together for a common purpose of education, enrichment, and entertainment. Public libraries serve as a community focal point and culturally enrich a community.
- Work will continue with MacPAC to develop plans for building a new library, which will serve our community for decades into the future. Exciting and innovative library space, programs, and resources have been proven to increase the economy of a community through increased livability, education, and tourism.

The health of our civilization, the depth of our awareness about the underpinnings of our culture and our concern for the future can all be tested by how well we support our libraries. —Carl Sagan

Core Services

High Priority Services (Service Priority 1)

- Make available an up to date, relevant, and diverse collection of traditional library materials for borrowing- books, audio, video for all ages and in languages appropriate for the community
- Deliver early literacy programming and education for children and their caregivers
- Maintain a safe and comfortable space for people to read, learn, grow, and inquire
- Offer access to materials from other libraries through an integrated library computer system, education regarding how to use this system, and processing of borrowing materials from other libraries
- Bridge the digital divide by providing computers, internet access, WiFi, printing, and technology training
- Provide confidential library patron account management in person and online

Medium High Priority Services (Service Priority 2)

- Provide an up to date, relevant, and diverse collection of nontraditional library materials for borrowing- downloadable audio and ebooks, games and puzzles, technology, etc. for all ages
- Provide bilingual access to library resources through purchasing of materials in languages appropriate for the community, scheduling bilingual staff at public service desks, and creating materials for the public in appropriate languages
- Assisting patrons in fulfilling library needs, such as recommending research and reading materials, assisting with technology, and training and information regarding using library resources
- Maintain a well-organized, curated collection of library materials for borrowing in person and online

Medium Priority Services (Service Priority 3)

- Offer home delivery of library materials
- Deliver Book Buddies bookmobile outreach to youth in our community who otherwise may not be able to access the library
- Offer education and entertainment programs for children, tweens, and teens
- Build public awareness of library resources and services

Medium Low Priority Services (Service Priority 4)

- Offer education and entertainment programs for adults
- Provide community meeting space

General Fund – Library

- **1909** The first public library in McMinnville is started by the Civic Improvement Club in the Wright Building.
- **1910** Civic Improvement Club works with the city and applies to the Carnegie Institute to build a library.
- **1913** In February 1913, the Carnegie library building is dedicated.

- **1973** McMinnville Public Library and 16 other libraries form the Chemeketa Cooperative Regional Library Service (CCRLS).
- **1980** McMinnville voters pass a 20-year bond levy (\$1,715,000) to build a library addition.

- **1982** Library addition opens, adding 11,500 square feet.
- **1986** Library installs its first automation system.
- **1996** Library undergoes major repairs, renovations, and earthquake retrofit.
- **2000** Children's Bookmobile "hits the road" funded by the City and Library Foundation.
- 2008 Library2Go downloadable book service offered through Oregon Digital Library Consortium.
- 2012 Library celebrates 100 years serving the community and receives the McMinnville Downtown Association Manager's Award for the festivities.

Historical Highlights

2013 The Oregon Library Passport program extends borrowing privileges for to over 130 public libraries.

2015 Book Buddies bookmobile program begins, bringing the library summer reading program to locations outside the library.

2016 Library completes plaza enhancement and receives the McMinnville Downtown Association Main Street Award for the project.

General Fund – Library

Historical Highlights

- **2017** All CCRLS library materials are "tagged" with Radio Frequency Identification (RFID) to assist in borrowing and inventory processes.
- **2018** Library Children's Room remodel funded primarily with grants and donations from Friends of the Library, Kiwanis, Ford Family and Oregon Community Foundations.

Before Remodel

After Remodel

2020 Library introduces home delivery in response to the COVID-19 pandemic.

GENERAL FUND NON-DEPARTMENTAL

Budget Highlights

Revenues

Property Taxes - Current

The City's permanent property tax rate is \$5.02 per \$1,000 of assessed value.

- The 2020-21 proposed budget projects a 4.0% increase in assessed value (AV) compared to 2019-20 AV. The AV increase in 2019-20 was approximately 5.3% compared to the prior year.
- The City assumes 7.5% on property taxes levied will not be collected, this includes amounts for refunds, credits, and discounts, as well as unpaid taxes due. After adjusting for this figure, property tax revenues are estimated at \$14.5 million for current receipts in fiscal year 2020-21 with an additional \$400,000 budgeted for prior year taxes.
- The Covid-19 emergency are not anticipated to impact the AV calculations for next year but collections rates of current year property tax in May 2020 and next November 2020 may decline with jurisdictions seeing a higher proportion of property tax receivables in the next year or more. At this time, longer term impacts on this revenue source are unknown though potentially could be significant if businesses and property owners experience sustained negative economic consequences.

Franchise Fees

- McMinnville Water & Light payment in-lieu of tax for 2020-21 is projected to be similar to estimated payments for 2019-20.
- Franchise fee revenue for cable, telephone, natural gas, and waste collection are projected to be relatively consistent with prior year levels.

Intergovernmental

• State Shared Revenues - Oregon state shared revenues are a significant source of funding for General Fund operations. Cigarette

taxes are projected to be flat relative the prior year. However, the City's allocation of State shared revenue, which is a distribution of the State's liquor and marijuana receipts, is expected to increase slightly compared to the prior year.

- State and local marijuana taxes Taxes collected for both State and local marijuana taxes are trending slightly positive relative prior year and are budgeted \$167,000 and \$185,000, respectively.
- The stay at home emergency orders have resulted in reported upticks in liquor and marijuana sales. The City is not revising its state shared revenue budgets due to the uncertainty inherent in the situation and its unknown duration.

Urban Renewal

In 2016-17 the City executed a bank loan for approximately \$2.0 million to fund street improvements for the portion of Alpine Avenue within the urban renewal district. Loan proceeds were receipted into the General Fund and then transferred to the Urban Renewal Fund. Debt Service payments for the bank loan, which will be paid with urban renewal tax increment dollars transferred from the Urban Renewal Debt Service Fund, are included in the 2020-21 Proposed Budget.

PERS Transition Liability

In 2016-17 the City also executed a bank loan for approximately \$3.5 million, with loan proceeds used to "refinance" the City's PERS transition liability at a lower interest rate. Debt service payments included in the 2020-21 Proposed Budget will be paid from general operating funds of the City.

Transfers In

- Reimbursement from other funds for Administration, Finance, Engineering, Planning, and Parks and Recreation Administration personnel services support - \$1,491,295
- Reimbursement from other funds for Engineering Materials and Services costs - \$81,282

337

 Transient Lodging Tax - Represents 30% of the net Tax collected – \$338,800 and reimbursement of \$11,800 for Finance, \$4,500 for Planning, and \$17,900 for Administration General Fund costs to administer the tax.

Transient Tax estimates have been revised down by 30% in Q4FY2019-20 and Q1FY2020-21.

- Urban Renewal Tax increment revenues received in Urban Renewal Debt service are transferred to reimburse the General Fund for debt service on urban renewal debt - \$187,300; personnel services support in Planning \$46,800 and in Finance and Admin \$21,700.
- Insurance Services Distribution of surplus reserve to the General Fund of \$427,800. Over the last several years, the reserve in the Insurance Services Fund has grown, due to actual premium costs and claims expense being less than budgeted. The Insurance Services fund transfers funds to the General Fund for staffing and administering these activities \$51,000 and is also continuing to support the Human Resource Manager position in the General Fund - \$120,500.

Expenditures

Transfers Out

- Transfer to Emergency Communications Fund for police and fire (General Fund) emergency dispatch services is \$863,700. The increased amount is due to an assumed 3% increase in the City's contribution to YCOM.
- Transfer to Ambulance Fund General Fund support of the Ambulance Fund is eliminated with the change of moving Ambulance activities to the Fire Department mid-year in FY2019-20.
- Transfer to Information Systems Reimburses the Information Systems and Services (IS) Fund for personnel services support.

Future Challenges and Opportunities

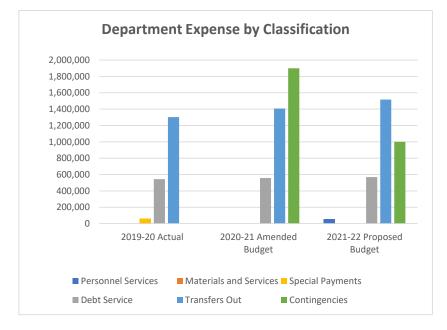

The City's tax base grew rapidly between 2004 and 2009, resulting in significant increases in assessed property values. However, due to local economic conditions and corresponding lack of building activity, the increase in assessed values slowed significantly between 2009 and 2012. In the last several years, assessed values are showing a slow but steady trend upward. We anticipate this sustainable growth in assessed values will continue.

The City's general property tax revenue is directly related to changes in assessed values. Therefore, new construction and a healthy housing market have a significant impact on property tax revenue and the City's ability to fund services to the public. Conversely, should major tax payers experience significant and/or sustained difficulties due to the Covid-19 pandemic with its associated negative economic consequences, the City's tax base could also contract.

General Fund – Non-Departmental

1916 Voters establish original operating property tax base.

City of McMinnville

- **1980** First library operations 3-year serial levy passed \$45,000 per year.
- **1985** Second library operations 3year serial levy passed -\$65,000 per year.
- **1986** First police, library, and transportation 3-year serial levy passed \$300,000 per year.
- **1988** March election passed library operations 1-year serial levy \$80,000 per year.
- **1988** November 1988 general election, "Life McMinnville Style" new tax base passed -\$1,775,000. Replaced original City tax base and several serial levies routinely used to supplement operations for police, library, transportation, street repair, traffic signals, community center operations, and parks and recreation.
- **1990** November 1990 general election, Oregon voters passed Measure 5 limiting non-school property tax rates to \$10.00 per thousand of assessed value.

- 1996 November 1996, Oregon voters passed Measure 47 rolling back assessed values two years and limiting yearly assessed value increases to 3% unless significant improvements made to property.
- **1997** January and February 1997, City Council, Budget Committee, and Department Heads review City provided services and develop a budget reduction plan to address Measure 47/50 which included significant budget cuts and fee increases.
- **1997** May 1997, Oregon voters passed Measure 50 to "clean up" Measure 47 inconsistencies. Measure 50 established district permanent tax rates.
- **1997** City's permanent rate is established at \$5.02.
- **2000** First year City levies entire \$5.02 per thousand assessed value permanent rate.

Historical Highlights

- **2002** November 2002 general election local option levy proposal of \$1.78 per thousand of assessed value fails.
- 2003 Due to extreme financial pressures in the steel industry and rising power costs, Cascade Steel Rolling Mills requested a limit to the heavy industrial user class franchise fee growth to 2002 – 2003 plus 3% annual growth. City Council ratified request with Resolution 2003-14.
- **2005** Transfers of ~\$328,000 into the General Fund helped purchase the OMI Regional Building for a total of \$1,065,000; Building became the new Community Development Center.
- **2006** Following the Community Choices Project, the 2006 – 2007 Proposed Budget added three police officer positions and one planning position.

- 2006 McMinnville Water & Light (W&L) payment in-lieu of tax in proposed budget is less than amount collected in previous year. Trend is due to extensive conservation initiatives W&L has undertaken over the last several years.
- **2007** Implementation of Logos.net financial system established "non-assigned" revenues in Non-Departmental classification.
- **2008** All operating permanent rate, \$5.02, property tax supported funds folded into the General Fund; i.e., Fire, Parks & Recreation, and Improvements Funds.
- **2016** Executed a bank loan to refinance the City's PERS transition liability and to fund the Urban Renewal Alpine Avenue project.

SPECIAL ASSESSMENT FUND

/

Special Assessment Fund

Budget Highlights

Downtown Economic Improvement District (DEID) --- In 1986, the City Council adopted an ordinance creating an economic improvement district and authorizing assessments on properties that benefit from the district. The purpose of the special assessment in the downtown area is to promote business activity by coordinating the efforts of all property owners.

DEID assessments that are collected by the City are passed through to the McMinnville Downtown Association (MDA).

DEID assessments for 2020 through 2022 are based on a rate of \$0.75 per square foot for properties in Zone 1 of the District. Zone 1 is primarily the downtown portion of 3rd Street. For properties in Zone 2, the rate is \$0.375 per square foot. Zone 2 is primarily the downtown portion of 2nd Street and 4th Street. These are the same rates that were in effect for 2013 through 2019.

The current assessment cycle duration is from August 1, 2019 through July 31, 2022. City Council reviews the DEID ordinance at the end of the assessment cycle and determines if the DEID will be renewed and whether the rates will be increased.

The fund also is used for some grants.

- In FY2019-20 a Community Development Block Grant (CDBG) program federal grant was awarded and will continue into the FY2021-22 fiscal year.
- In FY20-21, unanticipated grants to support economic assistance grants due to the Covid pandemic were included for \$57,000 to local businesses.

Core Services

The Special Assessment Fund is a special revenue fund and is currently used to account for DEID assessments, which are committed by ordinance for a specific purpose.

Mac-Town 2032 Strategic Plan

• Use of the DEID assessments is particularly relevant to one of the goals of the Strategic Plan:

Economic Prosperity – Provide economic opportunity for all residents through sustainable growth across a balanced array of traditional and innovative industry sectors. The MDA is a key partner with the City and businesses within the District. The MDA coordinates activities, organizes marketing efforts, serves as a source of information and assistance, and recruits new businesses.

Future Challenges and Opportunities

Interest is charged to property owners who do not pay their DEID assessment in a timely manner. This interest is used to partially offset the City's administrative costs and is not passed through to the MDA.

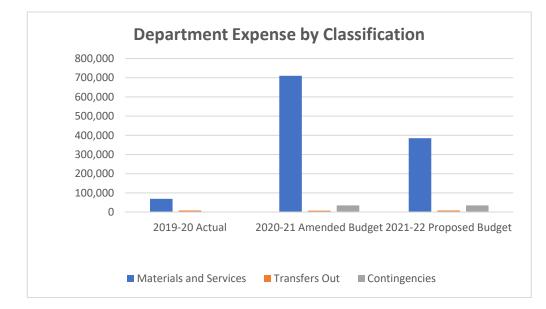

In the context of Covid-19's cascading economic impacts, this assessment vehicle will be evaluated regarding how it can be best leveraged to support the small business within the assessment boundaries.

FY2021-22 may also ultimately include additional economic development support activities but at the time of building the budget, the City did not have sufficient information to be able to incorporate it at this time; a supplemental budget process will be used should funding become available for this type of programming.

Special Assessment Fund

Special Assessment Fund

- **1976** City Council establishes Villard Street Local Improvement District.
- **1986** City Council establishes Cleveland Avenue Local Improvement District - \$77,500.
- 1986 City Council establishes Downtown Economic Improvement District (DEID) – 1st three-year assessment district ~\$33,000. DEID assessments collected "passed through" to McMinnville Downtown Association (MDA).
- **1987** City Council establishes Michelbook Lane Local Improvement District - \$71,500.
- **1989** City Council re-establishes DEID – 2nd three-year assessment district ~\$33,000. DEID assessments collected "passed through" to MDA.
- **1991** City Council establishes NE Hembree Street Local Improvement District -\$130,000.
- **1991** City Council establishes NE Newby Street Local Improvement District - \$98,000.

- **1992** City Council reestablishes DEID – 3rd three-year assessment district ~\$42,000.
- **1993** City Council establishes Pacific Avenue Local Improvement District -\$30,000.
- **1995** City Council reestablishes DEID – 4th three-year assessment district ~\$42,000.
- **1998** City Council establishes Burnette Road Local Improvement District -\$361,500.
- **1998** City Council reestablishes DEID – 5th three-year assessment district ~\$44,500.
- 1999 City Council establishes Newby Sidewalk Local Improvement District -\$23,000.
- 2001 City Council reestablishes DEID – 6th three-year assessment district ~\$47,000.

Historical Highlights

- 2004 City Council re-establishes DEID – 7th three-year assessment district ~\$51,500.
- 2007 City Council re-establishes DEID – 8th three-year assessment district.
- 2010 City Council re-establishes DEID – 9th three-year assessment district. DEID assessments collected passed through to MDA.
- 2013 City Council re-established DEID – 10th three-year assessment district. DEID assessments collected are passed through to MDA.
- **2015** City is awarded a \$400,000 Community Development Block Grant (CDBG) for housing rehabilitation grants to low and moderate income homeowners.
- **2019** City is awarded a \$500,000 Community Development Block Grant (CDBG) for housing rehabilitation in partnership with the Yamhill County Housing Authority.
- 2021 City distributed \$57,000 in Covid-19 relief grants to local businesses.

TRANSIENT LODGING TAX FUND

1

~

Transient Lodging Tax Fund 2021 – 2022 Proposed Budget --- Budget Summary

Budget Highlights

- Cities and counties are permitted by the State of Oregon to charge a transient lodging tax (TLT) for temporary lodging at hotels, motels, bed & breakfasts, and other temporary lodgings. In 2013, the City Council adopted a TLT ordinance that assessed an 8% tax on the rent charged by a transient lodging provider. The tax is assessed on the occupant, collected by the provider, and turned over to the City of McMinnville.
- Effective August 1, 2017, the transient lodging tax rate was increased 10 percent and, effective January 1, 2018, RV parks and campgrounds were included in the definition of transient lodging tax providers.
- While Oregon law requires that at least 70% of revenue collected as transient lodging tax be used to fund tourism promotion, the remaining 30% may be appropriated at the City Council's discretion. The 2021-22 proposed budget includes a transfer of those discretionary funds to the General Fund.
- Among the revenue streams most impacted by the Covid-19 pandemic is TLT. In FY2020-21, current estimates anticipate revenues under 60% of the last complete fiscal year without Covid (FY2018-19). Current trends show revenues and stays rebounding; the FY2021-22 budget assumes revenues approaching FY2018-19 levels.

Core Services

- Visit McMinnville, a stand-alone, non-profit destination marketing organization (DMO), with the sole purpose of effectively marketing McMinnville as a tourist destination, receives 70% of the TLT.
- The 2021-22 budget will support the City's ability to focus on Visit McMinnville's activities, especially in an effort to contribute to a cohesive, long term vision and connection of our Downtown, Granary, and Alpine districts.

Mac-Town 2032 Strategic Plan

• The transient lodging tax program is particularly relevant to two of the goals identified in the Strategic Plan:

Economic Prosperity – Provide economic opportunity for all residents through sustainable growth across a balanced array of traditional and innovative industry sectors. Visit McMinnville's marketing efforts positively impact retailers, food service and lodging providers, and the wine industry by significantly increasing tourism in McMinnville.

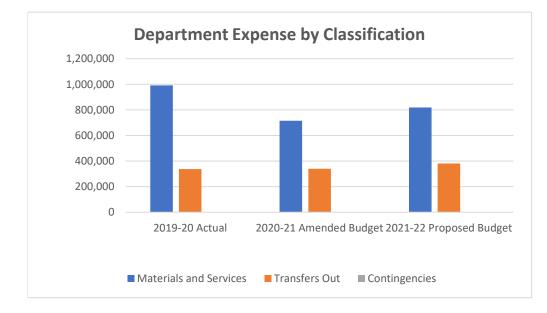

City Government Capacity – Strengthen the City's ability to prioritize and deliver municipal services with discipline and focus. Discretionary funds transferred to the General Fund help support administrative, public safety, and cultural services provided by the City.

Future Challenges and Opportunities

 Uncertainty with tourism generally and TLT revenues specifically remains. However, evidence from actual occupancy levels in the 2021 calendar year indicate that McMinnville is well positioned to be a destination of choice for day trips and weekend getaways by previously home-bound people living on the I-5 corridor who have disposable economic resources to use for tourist activities.

Transient Lodging Tax Fund

- **2013** Transient Lodging Tax Ordinance No. 4974 adopted by City Council assessing an 8% tax on the rent charged by a transient lodging provider.
- **2014** Transient Lodging Tax (TLT) collected by lodging providers beginning in January 2014.
- 2015 City Council directs TLT bylaws be revised to create a stand-alone, non-profit destination marketing organization. Visit McMinnville, to market McMinnville as a tourist destination.
- 2017 Transient Lodging Tax Ordinance No. 5026 adopted by City Council. TLT rate was increased from 8% to 10% effective August 1, 2017. This Ordinance also included RV parks and campgrounds in the definition of transient lodging tax providers effective January 1, 2018.
- **2020** March 2020, Governor's Emergency Order closes restaurants and bars for dinein patronage as well as museums, theaters and recreation facilities.

2022 Trends indicate revenue levels approaching the last full fiscal year prior to the pandemic are a reasonable forecast for the year.

TELECOMMUNICATIONS FUND

Telecommunications Fund

2021 – 2022 Proposed Budget --- Budget Summary

Budget Highlights

- The Telecommunications Fund is used to account for a portion of the cable franchise fees collected from Frontier Communications and Comcast Cable. The total cable franchise fee is 5% and is allocated to General Fund Non-Departmental (2.75%) and the Telecommunications Fund (2.25%). Franchise fee revenues allocated to the Telecommunications Fund are passed through to McMinnville Community Media (MCM).
- The City also receives a Public Education and Government (PEG) subscriber fee from Frontier Communications and Comcast Cable.
 The PEG fee is \$1 per subscriber per month. These funds are also passed through to MCM and are restricted for capital purposes.

Core Services

- McMinnville Community Media (MCM) is a non-profit organization that was formed by the McMinnville City Council. In July 2001, MCM assumed management and operation of public, education and governmental (PEG) access for the McMinnville community.
- MCM is responsible for managing and operating the community access channels as a public forum, ensuring that the channels are available for all forms of public expression, information and debate on public issues.
- MCM is also responsible for ensuring the public's access to community access channels, equipment, facilities, and media literacy training, on an equitable basis.

Future Challenges and Opportunities

- Cable franchise fees have had a range of actual annual variances from -2.9% to 4.0% with two of the last three years running negative for Comcast, the larger revenue source. FY20-21 revenues are anticipated to be slightly higher for Comcast while former Frontier customers are lagging prior year revenue levels. FY2021-22 revenues are anticipated to be 1% higher than FY2020-21 estimates.
- The revenue impact of Frontier's bankruptcy and its successor firm's plans and customer base level is uncertain.

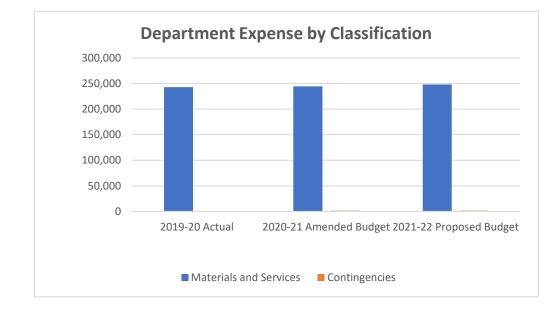

Mac-Town 2032 Strategic Plan

• The City's financial support of McMinnville Community Media (MCM) is particularly relevant to one of the Strategic Plan goals:

Engagement and Inclusion – Create a culture of acceptance and mutual respect that acknowledges differences and strives for equity. The City's contribution of telecommunications franchise fee revenue to MCM promotes diversity in community access, assuring that programming serves under-served populations and reflects a broad range of community interests.

Telecommunications Fund

- **1982** Original 15-year cable television franchise agreement passed by City Council action, Ordinance 4231. New 3% franchise fee revenue dedicated to General Fund.
- **1999** Telecommunications Fund implemented in anticipation of successful completion of new franchise agreement and "past sins" negotiations with TCI Cablevision of Oregon dba AT&T Broadband.
- **2001** New franchise agreement with TCI Cablevision of Oregon dba AT&T Broadband signed and becomes effective July 1, 2001.
- **2001** New agreement raises franchise fee from 3% to 5%. City Council dedicates 2.25% of raised franchise fee to the Telecommunications Fund and 2.75% to the General Fund.
- 2001 New agreement also requires a \$1 per month per account PEG access support subscriber fee which must be spent on cable access channel capital equipment.

- **2001** City contracts with McMinnville Community Media (MCM), a non-profit corporation, newly formed to operate the local access channel.
- 2001 McMinnville Community Media (MCM) contracts with Multnomah County Television (MCTV) to operate the local access channel until MCM can lease space, construct technical connections to McMinnville Marketplace location, and open a new studio.
- 2001 City receives \$453,500 from TCI / AT&T a combination of \$352,500 of "past sins money", \$75,000 for MCM to begin operating the local access channel by July 1, 2001, and ~\$26,000 for move to McMinnville Marketplace.
- **2002** April 1, 2002 MCM takes over operating McMinnville's local access Channel 11 from MCTV.
- **2003** January 2003, MCM expands on-screen community bulletin board for use by local groups and organizations.

Historical Highlights

- **2005** MCM expands media literacy curriculum and creates digital learning lab for computer editing and production.
- **2006** January 2006, Major upgrade of **mcm11.org** website, allowing form submittal and easy access to program listings.
- **2007** Estimated "past sins" balance remaining at July 1, 2007 is ~\$120,000.
- **2008** MCM purchases a government surplus cargo van transforming it into a multi-camera mobile production truck.
- 2009 "Past sins" settlement remainder of \$32,200 and accrued interest of \$11,000 paid to MCM. Remaining accrued interest of about \$40,000 to be paid in fiscal year 2010-2011.

EMERGENCY COMMUNICATIONS FUND

City of McMinnville Emergency Communications Fund

2021 – 2022 Proposed Budget --- Budget Summary

Budget Highlights

- Frontier Telephone Franchise Fee -The City's telephone franchise fee is 7% and is allocated to General Fund Non-Departmental (4%) and the Emergency Communications Fund (3%). The revenue allocated to the Emergency Communications Fund is dedicated to the 911 emergency communications system.
- Transfers From Other Funds Transfers from the General Fund equal \$900,872, reflecting an assumed 5% increase in the City's contribution to Yamhill Communications Agency (YCOM) for dispatch services.

The proposed 2020-21 budget also includes transfers of \$37,172 from the General Fund to make debt service payments on emergency communications equipment acquired from Motorola in 2018-19. This transfer will occur for seven years, until the debt is paid off.

Transfers for both dispatch services and payments on the communications equipment are allocated as follows:

- 85% Police
- 5% Fire
- 10% Ambulance (now part of the General Fund Fire Department)
- McMinnville Public Safety Radio System --- Provides public safety radio infrastructure for police and fire, and emergency interoperability with public works, the McMinnville School District and Linfield College. The City is collecting system user fees from McMinnville School District and Linfield, which partially pays for equipment maintenance agreements and equipment repairs.

 Emergency Operations Center (EOC) - The EOC is based in the Police Department facility and is used for major disasters. The communications section is based at the Fire Department and is used for smaller events like mass casualties.

Core Services

- City of McMinnville's membership contribution provides the most significant portion of YCOM's funding – 43%. The next largest member contribution is paid by Yamhill County – 37%.
- The YCOM funding formula is based on a distribution of YCOM costs; 85% law enforcement and 15% fire protection and emergency medical services

Mac-Town 2032 Strategic Plan

The City's paying for the cost of dispatch services and maintenance of emergency communications equipment is particularly relevant to one of the Strategic Plan goals:

Community Safety & Resiliency – Proactively plan for and responsively maintain a safe and resilient community. Emergency communications equipment acquired in 2018-19 and partially funded with reserves from this fund will support exceptional police, fire, and emergency medical services provided to the community.

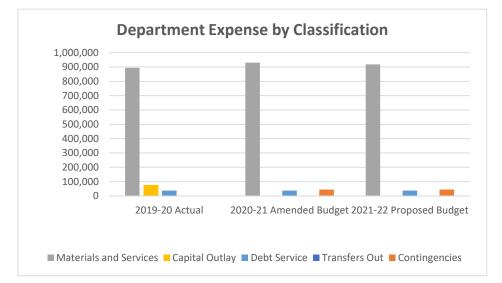

Future Challenges and Opportunities

• Identifying funding sources for maintaining and improving the public safety radio system.

Emergency Communications Fund

1987 Yamhill Communications Agency (YCOM) is formed under ORS 190. Previously Yamhill County and City of McMinnville operated joint emergency communication center in the basement of Yamhill County Courthouse. During this time, emergency communication expenses are a department in the General Fund.

- **1988** YCOM moves into a remodeled portion of the Police Department rent and primarily utility free.
- **1990** July 1, 1990, telephone franchise fee increased from four percent to seven percent. Franchise fee increase allowed by State of Oregon to fund enhanced 911 telephone service.

1990 July 1, 1990, Emergency Communications Fund implemented to receive additional three percent of telephone franchise fee dedicated to enhanced 911 with original four percent of telephone franchise fee continuing as General Fund revenues. **1990** State of Oregon shared revenues distributed from telephone tax revenue moved from General Fund to the new Emergency Communication Fund.

- **1990** YCOM City of McMinnville membership contribution made from the new Emergency Communication Fund.
- **1990** Emergency Communications Fund balanced by an annual transfer from the General Fund. Transfer funded 75% from General Fund property taxes, 8.75% Fire Fund property taxes, and 16.25% Ambulance Fund emergency medical service fees.

1992 City funds YCOM equipment purchase to move toward providing enhanced 911 -\$86,800. **Historical Highlights**

2002 YCOM Policy Board revises funding formula to allocate costs 85% to police member entities and 15% to fire member entities.

2004 City's first budgets to implement its Emergency Operations Center (EOC).

2006 YCOM Policy Board votes to change the YCOM 190 intergovernmental agreement reorganizing the YCOM Policy Board management structure to a 5-member Executive Board. The Executive Board is comprised of one County Commissioner, one City of McMinnville representative, one "at-large" fire district member, one "at-large" city member, and the County Sheriff who also serves as Board Chairperson.

- **2008** YCOM prepares to move into the City of McMinnville's new Public Safety Building.
- **2012** McMinnville replaces its old Tait MPT Trunked public safety radio system with a Motorola three site, three channel simulcast system.
- **2018** The City receives information that the current subscriber units (mobile and portables) are no longer serviceable. The City looks to update the Police Department's mobile radios and portables.

2019 Emergency

Communication system upgrade switches analog system to digital P25 radio system, allowing interoperability with other jurisdictions.

Budget Highlights

- The pandemic has had a significant impact on revenues for the Street Fund over the past year. Similar to the General Fund, as a cost savings measure to rebuild fund reserves, staff furloughs have been implemented. This will have an impact on the Division's ability to deliver services over the next budget cycle. Staff will be carefully monitoring revenues, and will be making adjustments to spending as the situation requires. Thus, some of the highlights discussed below will be revenue dependent; i.e. if revenues are down, these expenditures will be reduced or not implemented. This approach is consistent with the Government Capacity priority in the City's recent Strategic Plan, with a focus on the strengthening the City's ability to prioritize and deliver municipal services with discipline and focus.
- COVID-19 continues to impact the Division's operations. Force preservation strategies such as limiting vehicle to one occupant and staggering crew start times remain in place. These strategies are consistent with the Community Safety and Resiliency priority to proactively plan to responsibly maintain a safe and resilient community.
- The 2021-22 budget proposal continues the second year of funding to increase seasonal labor to address increased maintenance requirements related to newly constructed facilities.
- Winter flooding and ice storm events placed a significant strain on the Division's resources and staff. January flooding impacted roadways and drainage systems. Street crews removed tree related debris from over 380 sites around the community after the ice storm. Staff began meeting with Oregon Emergency Management (OEM) to seek FEMA reimbursement for some of this work, but at this point that funding is uncertain.

- The budget request includes funding to replace a 1996 one ton flatbed pick up. These units are used for a wide variety of tasks related to the Division's mission.
- The resources for additional labor and equipment replacement are consistent with the division's commitment to the Strategic Plan value of stewardship, and represent an effort to be responsible caretakers of our shared public assets and resources.
- The proposed budget continues to provide resources to put a high priority on localized pavement repair work. Additionally, as with past practice, funds have been transferred to the Transportation Fund to support pavement preservation projects funded through the Transportation Fund.
- The budget proposal continues to allocate funding to improve traffic signage and pavement markings throughout the community. This last year staff implemented a "driver feedback" sign program that places these radar units at strategic locations along corridors with noted speeding problems. For FY 21-22 staff has proposed purchasing two additional radar sign assemblies to expand this program.
- Staff utilizes condition rating systems for sign retro-reflectivity and pavement markings. Deficient signs and markings are identified and scheduled for replacement over the coming year, with the condition ratings used to establish priorities. Specific signage projects will include the annual nighttime retro-reflectivity surveys and resulting replacements, as well moving into the fifth phase of a five year program to upgrade residential street signage to the new federal standards. Staff will continue a program to install shared lane markings as per the adopted Transportation System plan in various locations around the community as well.

 Maintenance of storm water facilities continues to have no direct funding source and repairs are made on an emergency basis

only. The budget proposal continues to carry over funding for a culvert repair/replacement on Edmunston Street in southwest McMinnville. Hill Road, Alpine Avenue and Old Sheridan are all roadways that have had storm water quality facilities installed in recent years. These include storm planters, infiltration swales, and detention

ponds. These new facilities need to be cared for on a proactive

Street Crew Training Session

schedule in order to maintain their effectiveness, which is a requirement of the environmental permits for these projects.

The budget continues funding for street lighting. In 2015 the City partnered with McMinnville Water and Light to develop and implement street lighting standards, which will include LED lighting fixtures as standard. LED upgrades would lead to significantly lower energy consumption, but at a higher capital cost than replacing with traditional fixtures. As a note, all new City funded street lighting improvements, either new installations or replacements, are with LED fixtures. This includes lighting recently installed along Old Sheridan. Street lighting constitutes approximately 26% of the Street Funds Materials and Services budget.

Core Services

The Division's core services are consistent with the City's Strategic Plan Value of Stewardship. This stewardship is reflected in the Division's primary mission to maintain the City's transportation system asset base. These services are also consistent with the City Government Capacity priority in that they represent the Division's ongoing efforts to identify and focus on core services. The Street Maintenance staff's primary mission is maintaining the City's transportation system. This includes approximately 113 centerline miles of street, beautification areas, undeveloped rights of way, 382 reverse frontages, alleys, and storm water conveyance, detention and treatment facilities. Maintenance includes regularly scheduled activities as well as demand-driven responses to weather, vehicular accidents, and special events.

Pavement Maintenance

- Preservation projects include pavement overlays and slurry seals. These projects are developed, designed, procured and managed by Engineering staff with support from Street Maintenance staff.
- Street repair activities include partial and full depth localized repairs, skin patches, pot hole filling and temporary cold mix repairs in inclement weather. This work is conducted with both inhouse and contract forces. This work is done in response to pavement failures, as well as in advance of planned repair or preventive maintenance work. Furlough impacts will reduce the "in-house" element of this work this budget cycle.
- Crack sealing remains an important "first defense" maintenance tactic that is cost effective and relatively inexpensive. The City owns its own crack sealing equipment and typically applies approximately 15,000 pounds of material each year on candidate streets. Furlough impacts will reduce this maintenance effort this budget cycle.

Pedestrian Facilities

- The City utilizes the Public Right of Way Accessibility Guidelines (PROWAG) as a standard in the right of way.
- Curb, gutter and sidewalk repairs: In the downtown area, sidewalk repairs are conducted adjacent to City owned properties or in a 50/50 cost share with property owners who are addressing street tree related damages. Outside of the downtown area, private property owners are responsible for sidewalks adjacent to their property. The City is responsible for curb/gutter damage, and conducts that work with both in house staff and contract forces.

- The City partners with property owners completing sidewalk repairs to install PROWAG compliant curb ramps at street intersections where needed.
- City staff installs and maintains accessible parking spaces adjacent to private residences upon an approved request.
- City staff installs and maintains on-street ADA parking spaces in the downtown core.
- PROWAG compliant ramps are installed upon request in areas where there are no ramps, or existing ramps are not compliant.

Storm Water

- Residential street sweeping by contract on a six-week schedule; arterials/bike lanes on a monthly basis; weekly downtown street sweeping by contract
- Catch basin cleaning with the Wastewater Collections crews
- Storm water quality facility maintenance.
- Residential curb side leaf collection by City crews, with approximately four pickups per year

Vehicle/Equipment Maintenance

 City-owned vehicles and equipment are maintained and repaired through a work order system, with the majority of work being performed by City staff. The Public Works Division maintains 61 vehicles and 160 various pieces of equipment at the Riverside Drive facility.

Right-of-Way (ROW) maintenance

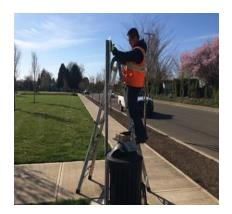

• City-owned areas are maintained on scheduled basis with a combination of City personnel, contract labor, and inmate labor.

Community Event support

• Public Works staff place barricades, hang banners, and work with local groups in staging a wide variety of community events throughout the year.

Traffic Operations

- Street signs and regulatory signs are built, installed, and maintained. Signs and pavement markings are installed on a cost-recovery basis for developers. Signs are made on request for other City departments and for major city infrastructure projects.
- Traffic signals are maintained by the Oregon Department of Transportation (ODOT) via an intergovernmental agreement.
- Pavement markings are inspected and replaced on a condition based basis.
- Roadway striping is performed with contract forces on an annual basis.
- Curb painting is performed on a three year cycle, with school zones and downtown areas painted annually.
- Staff reviews various traffic signage and parking requests and provides recommendations to Engineering.
- Furlough impacts will likely increase response times for nonsafety related traffic operations work during this budget cycle.

Carlos Ochoa – New signage installation

Street Trees

- This program supports the Planning Department's administration of the street tree ordinance, and is an element in the City's "Tree City USA" designation. Site inspections and recommendations are provided on various street tree removal/planting requests. Tree related sidewalk issues are inspected in support of Engineering's sidewalk permit program. Furlough impacts will likely extend response time these requests.
- Staff waters and prunes City owned trees; major pruning work is by contract. This work is primarily in the downtown tree zone and in beautification areas.
- Storm damaged trees in the right of way are removed and debris clean up. This work is done with both staff and contract forces.

Emergency Response

This core service is tied to the Strategic Plan Community Safety and Resiliency priority and directly works to address this priority's objective to "provide exceptional police, municipal court, fire, emergency medical services (EMS), utility services and public works". Activities are typically related to inclement weather, accidents, and hazardous materials spill responses. Tasks include anti-icing/deicing, sanding, plowing, catch basin clearing, spill clean-up, closing flooded streets, sanitary sewer/storm drainage problems, removing downed trees from rights-of-way, etc. This work is done with support from the Park Maintenance and Wastewater Conveyance System crews.

Future Challenges and Opportunities

Newberg/Dundee By-Pass Local Funding

 A portion of the City's gas tax revenue increase from the 2009 House Bill 2001 is dedicated to meet this obligation. Principal and interest payments will be approximately \$200,000 per year over the twenty year life of the loan. Payments began in 2017.

Maintenance Planning

- Continue using computerized maintenance management software (CMMS) to help project workloads and document maintenance activities. Utilize data to optimize street maintenance efforts. Staff will be working with Information Services to upgrade the City's existing CMMS this budget cycle.
- Continuous Improvement: As part of an on-going effort, Street Maintenance staff reviews various operations and asset maintenance activities to identify or re-affirm priorities, establish or revise condition standards and identify strong and weak performance areas.
- Plan for and implement storm water facility maintenance programs: these types of facilities will require a more proactive, planned maintenance effort as compared to existing facilities.
- Continue with various partnerships, including ODOT, Yamhill County, other Yamhill County cities and local service clubs. These partnerships are consistent with the City's mission as described in the Strategic Plan to deliver "high quality services in collaboration with partners for a prosperous, safe and livable community."

Pavement Management

- Continue to track network pavement conditions relative to available resources. Network conditions are expressed in a "Pavement Condition Index" (PCI). PCI ratings are from 0-100, with 0 a completely failed street and 100 a "like new" street. A common industry standard is that \$1 spent on preventive maintenance (slurry seal) can delay and save \$3-10 on rehabilitation (overlays) and perhaps \$30 or more on reconstruction work. Streets that are in "very good" condition have a PCI of 70 or greater.
- The City's current overall system PCI stands at 69. At this point, about 63% of the City's network meets that "very good" condition threshold.

To maintain that level will require an annual investment of approximately \$1.25 million dollars. Prior to the 2014 Transportation Bond measure, resource availability limited the City's annual investment to approximately \$525,000. Competing requirements such as the Newberg/Dundee bypass loan repayment and street lighting negatively impact that amount. While the 2014 Transportation Bond provided an infusion of approximately \$5.3 million dollars, over time, without additional resources, pavement conditions will continue to fall below the preventive maintenance threshold, leading to increased preservation costs. Additionally, the bond focused on repair and repaving efforts on neighborhood streets in poor condition. That means that facilities such as Lafayette Avenue (south of 8th Street) and 2nd Street (west of Adams), as well as other collectors, will need pavement preservation work in the very near future using Street Fund resources. House Bill 2017 will provide additional resources; however it is clear that without increasing the annual investment in the pavement network, pavement conditions will decline. As a note, House Bill 2017 requires that all cities report pavement conditions to ODOT every two years in order to receive funding. The City completed and submitted the second round of reporting in January of 2021.

Storm Water Management

 As noted above there currently is no direct funding source for storm water related work. A small portion of the Wastewater Conveyance System staff's time is allocated to the Street Fund for routine cleaning and maintenance of the storm system in known problem areas. Thus there is no funding for system improvements or to address deficiencies within the system. The newly constructed storm water planters for Alpine Avenue, Hill Road and Old Sheridan Road have resulted in an increased workload for the Division. However, the City was recently notified that the Oregon DEQ has issued a mercury TMDL (total maximum daily load) limit for the Willamette River. This will require that the City create a mercury minimization plan for storm water, which will then most likely lead to the need to create a storm water utility for the community. Until that time, storm water maintenance costs will primarily remain with the Street Fund.

Aging Fleet

• The Street Maintenance Division's powered rolling stock includes 25 units with an estimated replacement value of \$1.7 million.

TYPE (# of units owned)	AVERAGE AGE
Street sweepers (1)	21 years
Utility trucks and vans (12)	21 years
Dump trucks (5)	28 years
Construction / maintenance equip (7) **	21 years**

** Includes backhoes, right-of-way mower, tractors, water truck/flusher, and roller.

- Staff will continue to use a methodology that identifies replacement candidates based on condition, usage and need, and not just age. Replacement strategies can range from equipment replacements to re-evaluating operations to determining least cost options (contracts, rentals, lease, etc.).
- The use of repurposed units, as well as the acquisition of surplus units from other agencies (McMinnville Water and Light) has proven to be a useful strategy for the Street Fund. Over the past several years the Division has purchased and re-purposed units from other City departments as well as McMinnville Water and Light. This is good public fleet practice, and provides a value to the public in that units that are no longer useful in one role can be repurposed to another.

 However, as the fleet continues to age, the challenge will be to regularly assess reliability, repair costs and functionality for various fleet units, including those used in emergency operations, and assess the most effective manner to fund their replacement. This results in another pressing demand for resources that impacts available funding for pavement preservation investments. Thus, developing a funding strategy within the available resources to continue to update the fleet continues to be a priority.

5,732	Street Signs maintained
835	Stop Signs
93,802 lineal ft	Yellow Curb, approximately 1/2 maintained yearly
13,101 lineal ft	Stop Bar Pavement Markings
153	Crosswalks
210	Pavement Marking Arrows
563	Misc. Pavement Markings – legends, bike lanes, RR crossings
15,000 pounds	Crack Sealant Applied annually
1.3 miles	Gravel Streets maintained

Accessibility

- Continue to partner with residents and businesses during sidewalk repairs to install PROWAG compliant curb ramps.
- Maintain accessible parking stalls throughout downtown area
- Continue to upgrade curb ramps along with street overlays as per Federal requirements. This work typically comprises 30-35% of the total construction cost of a typical pavement overlay project.
- Continue work to identifying pedestrian access challenges throughout the community and in the downtown core, and address as opportunities arise.

- 2010 In 20th year of annual Leaf Collection program, Street Maintenance crews removed approximately 2,855 cubic yards of leaves from McMinnville's streets.
- **2010** Pavement management software system purchased to help track pavement conditions and develop preservation strategies for street network.
- **2010** Implemented the use of liquid deicer on streets as a tool during snow and ice events.
- **2011** City utilizes "warm mix" asphalt technology for the first time, paving Fenton Street from W. 2nd to Wallace Road.
- 2011 8th Street railroad crossing upgrading in partnership with Portland and Western Railroad. Improvements include concrete crossing panels and new pedestrian crossings.
- 2012 2nd & Hill intersection safety improvements are completed in a joint project with Yamhill County. Intersection converted to a four way stop with new pavement markings on all four approaches.

- **2012** Pedestrian crossing at 15th & Evans for McMinnville High school is improved with new ADA curb ramps, curb and gutter and landscaping.
- **2012** 2nd & Fleishauer intersection school safety improvements include new ADA curb ramps, signage, striping and new continental style crosswalks
- 2013 Pedestrian safety improvements installed at mid block crossings on SW Filbert and SW Cypress adjacent to Linear Park system, including new continental style crosswalks, signage and pedestrian paddles.
- **2014** Public Works crews in partnership with local contractors responded to a major February snowstorm, utilizing liquid deicer, abrasives and road graders to keep snow routes open.
- **2015** Began upgrade of street name signs on arterial and collector streets to 6 inch upper and lower case letters as recommended by Federal Highway Administration. Work to be completed over a 3 year period.

- **2016** As part of succession planning, Senior Utility Worker position implemented.
- 2017 City awarded "Tree City USA" designation for the 20th consecutive year.
- **2019** Utility Worker I position added to increase capacity to maintain new transportation system elements built with 2014 Transportation bond.
- **2019** Baker Creek Road re-striped from Crimson Court to Hill Road to add bike lanes and center left turn lane.
- **2020** Implemented a Driver Feedback program with the purchase of two Radar Driver Feedback Signs. These signs are pole mounted and will be rotated throughout the City in corridors that have been identified as having excessive speed concerns or complaints.

AIRPORT MAINTENANCE FUND

• Airport Layout Map

Budget Highlights

- Fixed Based Operations (FBO) services are being provided by Potcake Aviation which is working out of a temporary office.
- The 2021-22 budget includes FAA grant funding to complete the construction of the Apron & Taxiway Rehabilitation project (no City match required).
- The 2021-22 includes funding to continue managing and removing potential and known obstructions in the runway approach slopes.
- The 2021-22 budget includes both increased revenues and building maintenance commitments outlined in the new long term lease with the Oregon State Police.
- These projects will help meet Strategic Plan goal of Economic Prosperity and the objective of improving systems for economic mobility and inclusion.

Since 1948, the McMinnville Municipal Airport (MMV) has benefited from 26 federal grants totaling over \$19.6 million dollars.

Core Services

 The airport is owned by the City of McMinnville and is included in the National Plan of Integrated Airport Systems, making it eligible for federal funding. McMinnville Municipal Airport, designated by airport code MMV, occupies approximately 461 acres of land.

2021 – 2022 Proposed Budget --- Budget Summary

- MMV is classified as a "Category II Urban General Aviation Airport" in the 2007 Oregon Aviation Plan. As such, MMV is a significant component in the statewide transportation system, and functions to accommodate corporate aviation activities (including business jets and helicopters), and other general aviation activities.
- The adopted 2004 Airport Layout Plan (ALP) identifies the current and future airport facility needs, and the improvements necessary to maintain a safe and efficient airport.
- The adopted "Minimum Standards for Commercial Aeronautical Activities" for the airport provide guidance and standards for current and future commercial activities and leases at the airport.
- MMV is a regional airport that supports the regional economy by connecting McMinnville and Yamhill County to statewide and interstate markets.
- There are several onsite services at MMV that support corporate and general aviation activities, including fixed-wing/rotary-wing flight instruction; aircraft/avionics maintenance; aircraft storage; self-piloted business flights; corporate flights; and personal flying.

There are 121 based aircraft at the McMinnville Municipal Airport.

- Per the FAA's Northwest Mountain Regional Airport Plan (2011), MMV was the third busiest (of nine) regional airports in Oregon, with an estimated 63,500 total aircraft operations during FAA fiscal year 2009.
- Airport Fund resources are used to maintain all facilities and equipment owned by the City. This includes hangars; the FBO building; the Oregon State Police building; and airfield infrastructure, including the runway, taxiways, lighting, and grounds.

Future Challenges and Opportunities

- City owned buildings and facilities (including hangers, maintenance hangars, and hanger taxiways) are in need of repair and replacement. These projects are low in priority for FAA grant funding and, therefore, must be funded by City or private resources. Very little, if any, Airport Maintenance Fund revenue is available for these projects.
- The airport has attempted to be totally self-supporting. However, due to the limited revenue generation, the City has had to come up with creative funding sources, such as the partnership with Evergreen Aviation which funded the City's required 5% match for the 17-35 Runway/Taxiway project completed in 2010; the successful procurement of a ConnectOregon V grant in 2014 which funded the City's required 10% match for the runway 4-22 project; and successful procurement of 7.5% of matching funds through the Oregon Department of Aviation Critical Oregon Airport Relief (COAR) grant). With all property tax supported funds struggling for revenues, it is more critical than ever that additional revenues are generated from other sources.
- FAA regulations continue to change. Security measures will likely increase in the future putting additional strain on Airport Maintenance Fund revenues.
- FBO needs and siting study was completed and adopted by the Airport Commission and City Council, but no funding is available to move forward with recommended plan. Potcake Aviation is moving forward with their own plan for a new FBO facility and is currently operation out of a temporary facility.

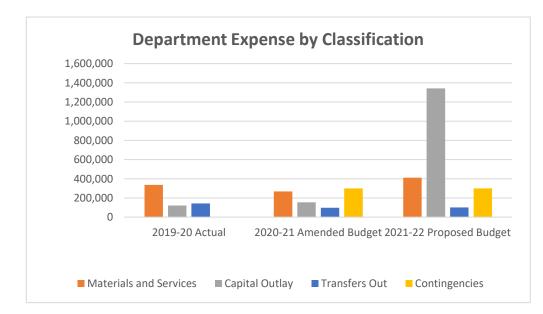

such as the "Streaked Horn Lark" pose significant environmental challenges related to airport development and improvement projects.

Threatened species

Core Services

High Priority Services

- Maintain the City's airport asset base, including:
 - Airport Layout Plan project development and completion
 - Contract Airport Manager coordination
 - o Land lease and airport tenant management

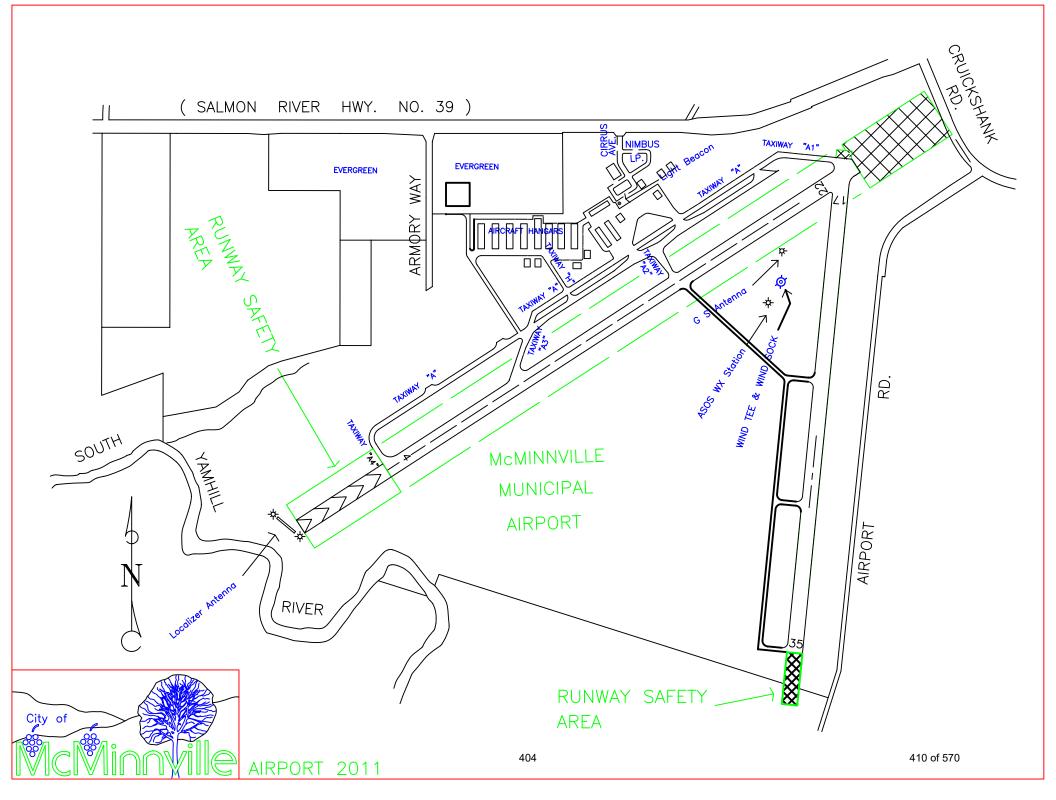

Historical Highlights

- 1942 McMinnville Municipal Airport constructed as national defense project for World War II. The airport property is acquired (fee title) by the City in 1942 and the federal aovernment constructs the airport and airfield facilities. 1957 East Hangar is constructed. 1973 Airport Layout Plan (ALP) and Master Plan is written. 1982 Voters pass 6-year bond levy to construct Automated Flight Service Building - \$700,000. 1987 Annual \$60,000 Transfer to Debt Service Fund eliminated. 1992 Main runway 4/22 reconstructed at cost of \$1,375,000 – 90% Federal Aviation Administration – **Airport Improvement Projects** (FAA-AIP) Grant funded.
- **1999** New AVGAS and Jet A above ground fuel tanks installed using lease/purchase 7-year financing.
- 2001 Airport Taxiway Improvement Project completed at a cost of \$1,900,000 – 90% FAA – AIP Grant funded.

- **2003** Runway Protection Zone (RPZ) Tree Topping Project completed at a cost of \$165,000 – 90% FAA-AIP Grant funded.
- **2004** Apron Expansion Project completed at a cost of \$490,000 – 90% FAA-AIP Grant funded.
- 2005 Completed Oregon Department of Aviation (ODA) sponsored runway/taxiway seal coat project, paid off aboveground fuel tanks, and completed major runway lighting repairs.
- **2006** FAA contracts out Flight Services to Lockheed-Martin. Flight Services Station to close.
- **2006** City and Evergreen Aviation reach agreement on partnership for major airport improvements.
- **2007** Environmental and design work begin for major airport improvements.

- **2008** City and Oregon State Police reach agreement on lease terms on the former FAA Flight Services Station Building.
- **2008** New taxiway to Evergreen hangar and reconstruction of Runway 17/35 completed.
- **2009** Remodel of the former FAA Flight Service Station for the Oregon State Police is completed. OSP occupies 90% of the building on a long term lease.
- **2010** Completion of the 17/35 Runway/Taxiway project at a cost of \$4.4mil.
- 2014 City successfully applies for a Connect Oregon V Grant for the City's 10% share of matching funds for an almost \$8M Runway re-construction project.
- **2016** Konect Aviation takes over as Fixed Base Operator (FBO) and contract Airport Manager.
- 2017 Potcake Aviation takes over as Fixed Base Operator (FBO) and contract Airport Manager.

- 2018 Primary Runway 4/22 reconstructed at a cost of \$8.4M – 90% Federal Aviation Administration – Airport Improvement Projects (FAA-AIP). 10% Matching funds paid by ConnectOregon V Grant.
- **2019** The Oregon International Airshow hosts a successful three day airshow at MMV, featuring the RAF Red Arrows.

TRANSPORTATION FUND

I

I_____

Budget Highlights

- Planned capital improvements during fiscal year 2021-22 include:
 - \$ 85,000 for repaving NE 18th Street, between NE Hembree Street and NE McDonald Lane as part of the NE High School Sanitary Sewer Rehabilitation Project. This is the last of the pavement preservation projects identified in the voter approved 2014 transportation bond measure;
 - \$200,000 for the application of slurry sealcoat to various City streets; and
 - \$500,000 for the design and installation of a new traffic signal at the Baker Creek Road / Michelbook Lane intersection.
- The 2021-22 proposed budget includes \$ 250,000 to begin the update of the City's Transportation System Plan.
- Also included in the 2021-22 budget proposal is the \$201,248 principal & interest payment on the ODOT loan for the City's portion of the Newberg Dundee bypass project. The City will use a portion of our allocated Federal Surface Transportation Program (STP) funds to cover the scheduled loan payment. The remainder of the City's STP funds will be aggregated with future STP allotments and fund exchanged with ODOT in a future fiscal year to help pay for street preservation work.

Core Services

- Capital improvements to the City's transportation system that increase the system capacity.
- Contracted maintenance projects that extend the life of the City's transportation system.

2021 – 2022 Proposed Budget --- Budget Summary

Future Challenges and Opportunities

 Develop an implementation plan to address the transportation capital needs identified in the updated Transportation System Plan.

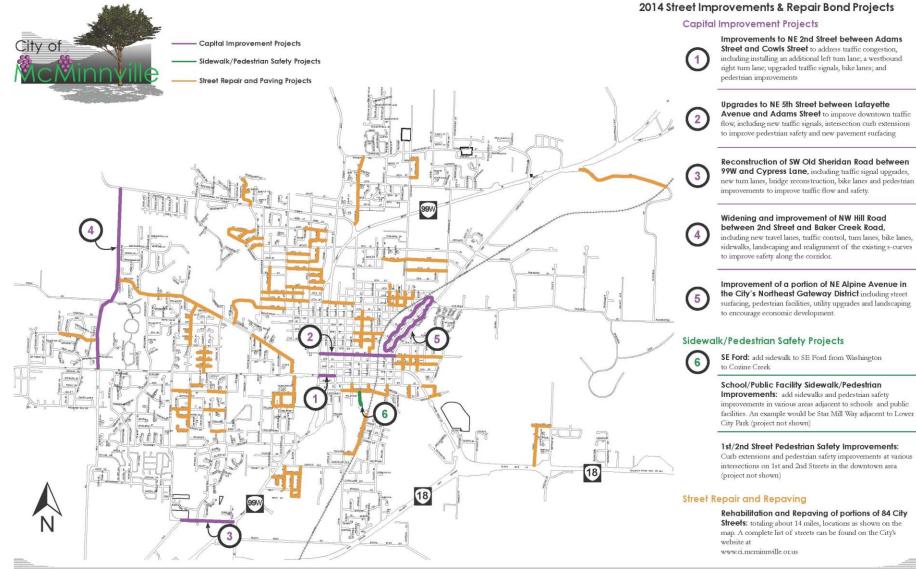

In early 2021, the \$4.8-million Sheridan Old Road Improvements project was completed. improving vehicular, pedestrian, and bicycle safety between SE Cypress Lane and Highway 99W. This project was the last of the five major Capital Improvements identified in the transportation bond measure approved by the voters in 2014.

2021 – 2022 Proposed Budget --- Budget Summary

Measure #36-165 | Election Information

facilities. An example would be Star Mill Way adjacent to Lower

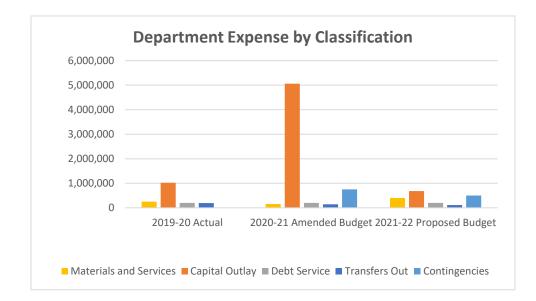

1st/2nd Street Pedestrian Safety Improvements:

Curb extensions and pedestrian safety improvements at various intersections on 1st and 2nd Streets in the downtown area

Rehabilitation and Repaving of portions of 84 City Streets: totaling about 14 miles, locations as shown on the map. A complete list of streets can be found on the City's

Historical Highlights

- 1856 The "McMinnville Town Plat" drawn establishing the streets in the area generally bounded by Adams Street / 1st Street / Evans Street / 5th Street.
- **1900** In the early 1900's, many of the downtown area streets constructed.
- **1950** Approximately 15 miles of City streets --- mostly from the downtown area north to 15th Street - both east and west of Adams / Baker Streets.
- **1970** Approximately 40 miles of City streets --- Growth occurred in the Michelbook Land / Baker Creek Road area; along McDonald and McDaniel Lanes; near Linfield; and in the Fellows / Brockwood area.
- 1975 Voters pass 5-year roadway serial levy -\$120,000 per year.
- **1980** Voters pass 3-year street and traffic signal serial levy \$140,000 per year.

- **1983** Voters pass 3-year street and traffic signal serial levy \$140,000 per year.
- **1986** Voters pass 3-year serial levy for street maintenance, street repairs, and traffic signals \$105,000 per year.
- **1990** Approximately 64 miles of City streets --development taking place along the West Second Street corridor; in the McDonald Lane area north of 99W; in the 3-mile Lane / Kingwood area; and in the McMinnville Industrial Promotion industrial area.
- 1994 City adopts "Transportation Master Plan."
- **1995** May 1995, voters failed 10-year transportation debt service bond levy by 5 votes - \$5,995,000.

City Council adopts Resolution 1995-14 establishing system development charges (SDC) for street, traffic control, and pedestrian facilities. The resolution sets a rate of \$125 per equivalent trip length for new development.

1995

- **1995** Transportation Fund implemented to account for SDCs and street capital projects.
- **1996** McMinnville voters approve an expanded 10year general obligation bond measure for street improvements, overlays, and school zone safety projects - \$7,415,000. Expanded measure includes Lafayette Avenue and passes by 965 votes.
- **1997** West 2nd Street improved with bike lanes, sidewalks, and a traffic signal at Michelbook Lane - bond project.

- **1997** Baker Creek Road extension project completed linking Baker Creek Road more directly with Hwy 99W - bond project.
- **1999** In 1999 / 2000, Lafayette Avenue improvements constructed - bond project.
- **2000** Pedestrian improvements along Fellows Street west of 99W are installed bond project.
- **2006** City Council adopts resolution adjusting the transportation SDC rate to \$146 per equivalent trip length for new development.
 - 2007 City Council adopts resolution adjusting the transportation SDC rate to \$149 per equivalent trip length for new
- development. **2009** Working through the Oregon Department of Transportation, the City accessed approximately \$700,000 in federal economic stimulus funds to complete asphalt overlays on 2.25 miles of

- City collector streets and to upgrade about 140 corner curb ramps to current standards.
- **2010** City Council adopts the update to the City's Transportation System Plan that addresses both current and future local transportation needs.
- **2010** In March 2010, the new traffic signal at the intersection of Lafayette Avenue / Orchard Avenue was energized, greatly improving the traffic flow at that location.
- 2013 City Council authorizes Mayor to accept ODOT's terms & conditions on proposed Oregon Transportation Infrastructure bank loan for City's share of local funding match for the Newberg-Dundee bypass project.
- 2014 The voters approved ballot measure 36-165, including \$24-million of needed transportation capital, street repair and repaving, and pedestrian safety improvements.

- **2017** The City worked with the
 - School District to identify needed pedestrian safety improvements near schools and other public facilities. In 2017, the City completed \$1.2-million of work to sidewalks and crosswalks in many areas of the community, including:
 - Adding sidewalk along Ford Street south of 1st Street;
 - Upgrades to the Fellows Street / Agee Street crossing;
 - Installation of sidewalk and crossing improvements along South Davis Street (Alethea Way to Cleveland Avenue);
 - Upgrades to the Michelbook Lane / Ash Street crossing;
 - Upgrades to the Galloway Street / 15th Street crossing;
 - Completion of the Star Mill Way - Wallace Road sidewalk; and
 - Sidewalk improvements along Grandhaven Street (Lucas Drirve to Grandhaven Drive)

Historical Highlights

2017 The NE 5th Street Improvement Project is completed, the first of the five capital improvement projects identified in the voter approved transportation bond measure, improving safety in the corridor and providing an alternate east west connection in the downtown core area.

- 2018
- The Alpine Avenue Improvements Project is completed, the second of the five capital improvement projects identified in the voter approved transportation bond measure.

2019

The 1st and 2nd Street Pedestrian Safety Improvements project is completed, the third of the five capital improvement projects identified in the voter approved transportation bond measure.

2019 The NW Hill Road Improvements Project is completed, the fourth of the five capital improvement projects identified in the voter approved transportation bond measure.

- **2021** The Old Sheridan Road
 - Improvements project is completed, the last of the five capital improvement projects identified in the voter approved transportation bond measure.

PARK DEVELOPMENT FUND

1

Budget Highlights

- The Park Development Fund's main funding source has been the voter approved \$9.1 million parks bond measure from 2000. That funding source is slated to be paid off in 2021. Other sources of revenue for this fund include potential grants and Parks SDC's.
- The opening of the new Jay Pearson Neighborhood park project in 2019 marked the first barrier free park in McMinnville.

Future Challenges and Opportunities

- The 1999 Master Plan paved the way for great park projects and it has served our community very well over the years. After almost 20 years, it needs to be updated to create a vision for the next 20 years of park development in McMinnville. The Planning Commission work plan tentatively has this planning effort occurring around 2023 within existing resources. This timeframe could be accelerated if additional funding or grants are obtained.
- Through the master planning process, new or improved funding sources for park acquisition, development and maintenance should be determined. In addition, the Parks SDC methodology should be reviewed along with potentially expanding who pays Parks SDC's. Currently residential permits pay Parks SDC's but commercial and industrial permits do not.
- The community has an expectation that parks will continue to develop, that unfinished park projects will be completed, and that deteriorating or deferred projects will be funded and completed. At this time, they are not adequately funded.
- The buildable lands analysis and future conversations related to the urban growth boundary continue to be a challenge for providing open spaces in McMinnville. The community set a standard of 14 acres of open space per thousand population back in 1999 and we have not achieved that and given the lack of available land that community standard remains at risk.

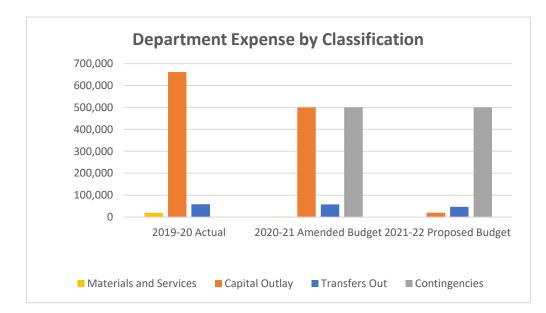

Mac-Town 2032 Strategic Plan in Park Development

- Continuing on the path of ensuring there are barrier free parks and recreational amenities for people of all abilities should be at the forefront of future park development (Engagement and Inclusion). Leading with diversity, equity and inclusion in all of our plans is not only best management practices but reflects our values as a city.
- Open spaces and natural areas contribute significantly to economic prosperity and quality of life. As cities grow, it is essential to provide open space amenities in walking distance to housing. A successful plan for open space will look at networks, connectors, natural areas, active and passive recreation spaces as well as ensuring equitable and inclusive access to well maintained and diverse outdoor spaces.

Park Development Fund

Park Development Fund

- 1906 In 1906 1908, 22 people contributed \$100 each and two people contributed \$200 to purchase land for a City Park. Park bonds were also sold totaling \$7,100 and 8 ½ acres were purchased and City Park was born. A park plan was developed that included a grandstand, playground and lake, a sprinkling system fed by a planned water tower that was filled using a 5 horsepower pump that drew water from Cozine Creek.
- **1909** More park bonds sold totaling \$3,000 authorized for further development of City Park including a pond, and small zoo with bears, deer and other animals.
- **1917** City Park zoo animals were sold. A \$3,500 bond issue was passed to fund a park driveway, concrete to line the pond, and comfort stations in lower City Park.
- **1927** Construction of the Soper Fountain in City Park was approved and \$8,500 of bonds issued for the purchase of the Star Mill property including the mill race, mill pond (where today's tennis courts are located) and water rights.

- **1960** Wortman Park acquisition completed Wortman/ Koch family donations.
- **1968** Quarry Park Site on West Second Street acquired from State of Oregon.
- **1977** Airport Park completed.
- **1979** Tice Property purchased for \$200,000 with 10-year note secured by McMinnville Water & Light and paid from General Fund – now Rotary Nature Preserve at Tice Woods.
- **1979** Initial Barber Park Property in southwest McMinnville off Old Sheridan Road gifted to City.
- **1983** McMinnville Water and Light purchases McDaniel property which is the future Joe Dancer Park property - 80 floodplain acres. Water & Light "trades" the McDaniel property for Cityowned Riverside Drive property where Water and Light is located today and which was the original site of Little League baseball fields.

Historical Highlights

1985 From 1985 – 1986: Dancer Park phases I and II completed - 40 acres, trails, 4 baseball/softball fields, 4 soccer fields.

1988 From 1988 – 1992, Westvale, Jandina, and James Additions, Ashmeadows Greenway in west McMinnville constructed in neighborhood phases.

1991 City Council adopts a park system development charge (SDC) of \$300 per residential unit.

- **1993** Paul Barber gifts a second parcel of property to the City; Barber Park Property now totals 17 timbered acres.
- **1996** Recreation Station constructed in City Park. Over 3,000 community volunteers participate in the week-long construction project.

Park Development Fund

- **1996** Major flood damage to Dancer Park facilities; 300 community volunteers remove gravel and debris from fields and help repair damage; local contractors make facility and roadway repairs and reconstruct new skatepark foundation. Original skatepark opens.
- **1998** City Council approves a revised park system development charge, implementing an increase in park SDC rates from \$300 to \$2,000 per residential unit, phased in over 18 months. Significant increase to help fund approximately 40% of projected growth related park needs as specified in the *Parks Master Plan Update* under development.
- **1999** Dancer Park Phase III expanded irrigation and field areas for softball/ baseball to 60 acres including gravel overflow parking completed.
- **1999** Parks, Recreation, and Open Space Master Plan adopted by City Council
- **1999** SW Community Park property purchased.
- **2000** In November, McMinnville voters pass \$9.5 million 20-year general obligation park system improvement bond issue.

- **2001** SW Community Park planning and design process begins park bond project.
- 2002 Thompson Park construction project begins in south McMinnville.
- **2002** Marsh Lane Extension and Dancer Park expansion begins providing new roadway access, parking, soccer/baseball fields- park bond projects.
- **2002** Bend-O-River mini-park in east McMinnville constructed.
- **2003** Thompson Park construction complete; park opens in June.
- **2003** Marsh Lane Extension and Dancer Park Expansion Project substantially complete.
- **2003** Taylor Park in Brockwood and Fellows vicinity renovated with property tax dollars.
- **2004** From 2004 2005, City Park and Wortman Park Renovation Projects begin; and in the spring of 2005 are substantially complete. New trail systems, restrooms, picnic area improvements, playgrounds.

- 2004 Kraemer property land acquisition SW Community Park paid in full \$1,250,000 from a combination of Capital Improvement Fund property tax dollars and SDCs.
- 2004 In November 2004, world-class skatepark builders, Dreamland Skateparks, Inc., began skatepark renovation/ expansion at Dancer Park and completed project in March 2005.
- **2005** SW Community Park was officially named Discovery Meadows Community Park and grand opening ceremonies were held Saturday, June 4, 2005.
- **2005** Phase I of BPA Westside Pedestrian/ Bicycle Pathway between West Second Street and Wallace Way is completed in October 2005.
- **2006** McMinnville's new skatepark will be named for popular high school student and local skater Drew Ottley, who died unexpectedly of meningococcal disease in January 2006.
- **2007** McMinnville is awarded a \$120,000 Local Govt. Grant to support the Kiwanis Marine Park renovation and dog-park project. The design phase is initiated.

Historical Highlights

Park Development Fund

- **2007** The City acquires a 7.7 acre property west of Hill Road that will become the new West Hills Neighborhood Park. The park design phase of the project is initiated.
- **2007** The City accepts the donation from Mark and Elise Smith of a dedicated park easement upon a four-acre property for the purpose of providing a neighborhood park within a future residential development in northwest McMinnville.
- **2008** The Senior Center parking expansion project is completed in December. This is one of the few remaining park improvement bond projects approved in 2000.
- **2009** The Kiwanis Marine Park renovation project was completed in the fall. Improvements included new parking, new pedestrian bridge spanning the park ravine, new accessible pathways and clearing the boat ramp and access path of tons of storm and flood debris.
- **2009** A new 40+ vehicle parking area to serve the north Dancer Park soccer fields was completed in the fall.
- **2010** McMinnville's first Dog Park was opened in February. This four-acre park has both year-round and

seasonal areas with asphalt pathways throughout.

- 2010 Phase I of the new, 7.7 acre West Hills Neighborhood Park completed and open for public use in June. Initial amenities include a major playground, swing sets, extensive park pathways and open areas, picnic tables and park benches. Future improvements will add a park shelter, restroom, and a basketball court.
- **2010** Phases II and III of the offstreet Westside Pedestrian/bicycle Pathway from Wallace Road to Baker Creek Road through the BPA corridor in NW McMinnville was completed in the fall.
- **2010** McMinnville's boat-ramp at Kiwanis Marine Park is permanently closed due to severe hillside collapse resulting from excessive rain and high river water.
- 2011 "Chegwyn Farms Neighborhood Park" McMinnville's new 4-acre, "farm-themed" park on Hembree Street in NE McMinnville is completed in April.

- **2014** The acquisition of a new park property was finalized; the new four-acre neighborhood park will serve area residents in NW McMinnville.
- **2015** Neighborhood park planning workshops for the NW Neighborhood park (later named the Jay Pearson Neighborhood Park) were initiated in January. The resulting park master plan will be finalized in April or May.
- **2019** The Jay Pearson Neighborhood Park is constructed. This is McMinnville's first barrier free park and is the future of all parks.

DEBT SERVICE FUND

Debt Service Fund

Budget Highlights

Debt Service – Current Property Taxes

- In FY2021-22, the City will levy \$2,904,650 in property taxes for principal and interest debt service payments on general obligation bonds. This levy will result in an estimated tax rate for debt service of \$0.9301 per \$1,000 of assessed property value. This tax rate is down over one quarter from last year's rate of \$1.2685 per \$1,000 because the Park Bond will be paid off in August 2021 prior to the November FY2021-22 tax collection cycle.
- When calculating the tax levy for debt service, the City takes into account that approximately 7.5% of taxes levied will not be collected in the year of the levy, due to credits, refunds, and discounts, as well as unpaid taxes due.
- 2011 Park Improvement Refunding Bonds In 2011, GO bonds were issued to refund (i.e., pay off) Park Improvement Bonds issued in 2001. The 2011 Refunding Bonds will be fully paid in FY2021-22.
- 2015 Transportation Bonds In April 2015 the City issued \$16,085,000 in GO bonds for transportation projects. Issuance of the bonds was approved by the voters in November 2014. The bonds are 15-year bonds and will be fully paid in 2030.
- 2015 Refunding Bonds In April 2015, the City issued \$7,235,000 in GO refunding bonds, with proceeds of the bonds used to pay off the 2006 Public Safety and Courtroom/Civic Buildings Bonds. Total present value savings from the refunding was approximately \$538,000. The 2016 Refunding bonds are 10-year bonds and will be fully paid in 2025.
- 2018 Transportation Bonds In February 2018, the City issued \$7,915,000 in GO bonds for completion of transportation projects. This issuance was the second series of the \$24 million in GO bonds approved by the voters in 2014. The first series of

transportation bonds was issued in 2015. The bonds are 15-year bonds and will be fully paid in 2033.

Ending Fund Balance (EFB)

 Ending Fund Balance is used to pay debt service payments due prior to the collection of property taxes in November; therefore, the prior fiscal year's debt service levy must be sufficient to cover debt service payments due from July 1 through November 1.

Future Challenges and Opportunities

- Major capital projects, building repairs, and equipment related to general services provided by the City can be funded with either general operating revenues or by the issuance of debt.
- The City issued general obligation bonds to fund the Police Station, Civic Hall, Park System improvements, and Transportation improvement projects.
- Because property taxes are used to pay debt service on general obligation bonds, these bonds must be approved by the voters and are exempt from property tax limitations.

Mac-Town 2032 Strategic Plan

• Modern, functional facilities and equipment are particularly relevant to two of the Strategic Plan goals:

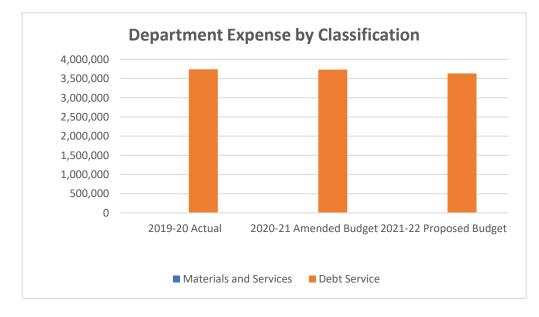

City Government Capacity – Strengthen the City's ability to prioritize and deliver municipal services with discipline and focus

Community Safety & Resilience – Proactively plan for and responsively maintain a safe and resilient community

 Facilities and equipment are critical components in delivering services to citizens and maintaining a safe community. In the future, issuing general obligation bonded debt will continue to be a useful tool for funding major capital projects and providing resources for updating and/or replacement of major City assets.

Debt Service Fund

Historical Highlights

- **1969** Voters approve \$710,000 six-year sewage disposal general obligation bond issue.
- **1975** City and Oregon National Guard sign agreements to exchange airport property for armory property with additional future payment by City to Oregon National Guard.
- **1978** March 1978, voters approve fiveyear \$190,000 armory purchase general obligation bond issue.
- **1978** November 1978, voters approve 20-year \$2,622,000 community center renovation general obligation bond issue.
- **1980** February 1980, voters approve 20year \$1,715,000 library renovation general obligation bond issue.
- **1982** May 1982, voters approve a sevenyear property tax serial levy to construct airport office building.
- **1982** August 1982, voters approve a seven-year general obligation bond to replace the seven-year serial levy to construct airport office building.
- **1984** Voters approve 20-year \$1,885,000 swimming pool renovation bond issue.

- **1986** September 1986, voters approve 20-year \$1,995,000 fire station construction general obligation bond issue.
- **1989** Advance refunding bonds issued to refund library renovation and swimming pool renovation bond issues.
- **1995** Voters fail to pass 10-year transportation general obligation bond issue by 5 votes \$5,995,000.
- **1996** Bonds issued for advance refunding of 1989 bonds.
- **1996** Voters approve 10-year \$7,415,000 general obligation bond issue for transportation system improvements.
- **1997** Bonds issued to refund 1979 community center bonds and 1987 fire station bonds.
- 2002 November 2002, voters approve 20-year \$9,500,000 general obligation park system improvement bond issue.

- **2006** Voters approve 20-year \$13,120,000 general obligation bonds for public safety and courtroom/civic buildings. Bonds sold November 2006.
- 2011 2001 Park System Improvement Bonds refunded with issuance of 2011 GO Refunding Bonds.
- **2012** Projects in Public Safety Facilities Construction Fund completed.
- 2014 November 2014, voters approve 15-year \$16,085,000 general obligation bonds for transportation system improvements
- **2015** Advance refunding bonds issued to refund 2006 Public Safety and Civic Hall/Courtroom Buildings bonds
- **2015** First series of GO bonds approved in 2014 are issued
- **2016** Second series of GO bonds approved in 2014 are issued
- **2021** Park System Improvement bonds retired, reducing the 2022 property tax millage rate for city bond measures by over one quarter

BUILDING FUND

Budget Highlights

- In 2017-18, management of the Building Division moved from the Community Development Department to the Planning Department as part of the city's efforts to implement process improvements and efficiencies. Planning and Building staff work collaboratively and extensively together on building and site development permit review and associated code enforcement.
- In 2018-2019, the Building Division successfully transitioned to a new Accela software platform allowing for online permitting, credit card payments, and system integration with McMinnville Water & Light, Inc. This new software improved customer service efficiencies at the permit counter with the ability to request permits, plan review and inspections electronically,
- The 2018-19 budget also reflected a staff restructuring in the Planning and Building divisions to provide greater efficiencies and customer service by restructuring the two full-time permit technicians to one full-time permit technician that serves the permit counter and one full-time building permit coordinator that focuses on plan review and permit efficiencies to ensure timely customer service. The 2018-19 proposed budget also added 1.5 Building Inspector FTE. This addition freed up the Building Official's time to focus on plan review and administration and allowed the City to reduce the Building Official position to a parttime position.
- In 2020 the Building division transitioned to an electronic plan review software program allowing developers to submit their plans electronically and provide efficiencies internally in terms of review and routing of the permits.
- The 2021-22 budget is a status quo budget, anticipating a reduction in building permit activity due to developable land constraints within the City of McMinnville. Staff will continue to cross-train in different inspection disciplines to create redundancy and depth within the inspector team.

Organizational structure of the Building Division

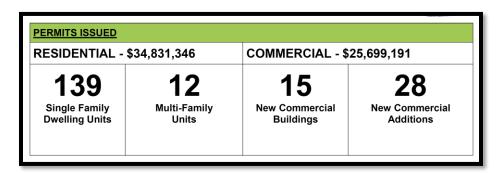

Summary of Core Services

(Detailed matrix is provided at the end of this budget summary)

Building Division

- Hold pre-application meetings to identify and clarify issues particular to a commercial project prior to submittal of construction documents. These meetings are also attended by various other City departments as well as those interested parties on the applicant side of the project.
- Provide plan review services for residential, commercial and industrial projects prior to permit issuance.
- Conduct inspections in the field at various job sites during the construction process of the projects.
- Respond to code interpretation inquiries.
- Respond to contractors, design professionals, and citizens regarding questions and inquiries as needed.

2020 Accomplishments

Residential Construction: The 2020 construction season in McMinnville saw a dip in housing construction due to limited land supply, with a focus on subdivision build-out on the western edge of the city limits and a small lot, small home subdivision on the northern edge of the city limits.

West Hills Subdivision

Commercial Construction: However, some significant commercial projects were constructed such as the rehabilitation of the historic Taylor Dale building on Third Street and its new construction sibling, Taylor Dale II, and the construction of new headquarters for First Federal Bank, also on Third Street.

First Federal Headquarters

Adjusting to the COVID Pandemic: On March 13, 2020, the Building Division closed its in-person permit counter to the public and immediately launched a virtual permitting, plan review and socially distanced inspection environment. 50% of the building staff went into a remote work environment, working from home, and continued to provide 100% of the permit plan review and construction inspections with the aid of e-permitting software, electronic plan review software and videography for inspections. Staff continued to process permits, review plans, provide inspections, and met with developers to discuss their projects. For those that were not comfortable with electronic submittals and when hard copies needed to be transferred between the building team and customers, a system of in and out boxes were developed outside the front entry of the Community Development Center building. These boxes were sanitized regularly throughout the day and deep cleaned at night in order to ensure staff safety and customer safety.

Boxes for plan set exchanges during COVID shutdowns.

Future Challenges and Opportunities

- Retaining depth and redundancy within the building inspection team if development activity decreases.
- Accessing specialized inspection services.

Mac-Town 2032 Strategic Plan Building Division Focus

In early 2019, the City Council adopted Mac-Town 2032, a strategic plan which will guide the City for the next decade or so. The Building Division supports this strategic plan by ensuring decision which we make are made with the strategic plan principles, values and strategies in mind. For fiscal year 2021-22 the Building Division will support the Plan in the following manner:

Values – Stewardship, Equity, Courage and Accountability:

• The Building Division incorporates the strategic plan's value in everything that it does and will continue to focus on stewardship of services and resources, serving the community, leading the Development Services program into electronic plan review for future sustainability and holding ourselves accountable by establishing a Development Services Advisory Council in 2021-22.

City Government Capacity – develop and foster local and regional partnerships:

• Strategically participate in local and regional partnerships.

The Building Division partners with Yamhill County Building Division to provide electrical plan review, permitting and inspection services thereby consolidating the need for specialized inspection services.

City Government Capacity – gain efficiencies from technology and equipment investments:

• Identify and improve service delivery through process improvement training and technology upgrades.

In 2019, the Building Division updated its Accela permitting software to allow for e-permitting and better coordination of permit plan reviews, inspections and completions. In 2020, the Building Division incorporated Bluebeam electronic plan review software into its customer service program to move towards an electronic plan review platform just in time for the onset of COVID shutdowns. This transition allowed the Building team to maintain 100% program delivery during COVID shutdowns. Both softwares are free from the State of Oregon Building Codes Division.

City Government Capacity – *identify and focus on the city's core services:*

• Identify the true costs of services.

In 2019, the Building Division conducted a comprehensive fee study to update its fee schedule in order to operate with full cost recovery and manage a reserve to sustain the program. The Building Division continually evaluates its fee schedule to ensure that it is achieving the right balance of fees and program delivery for the division's customers.

Community Safety and Resiliency – build a community culture of safety:

• Revise local dangerous building ordinance..

In 2020, the Building Division partnered with the Fire Department and the Code Compliance team to update Chapter 15 of the McMinnville Municipal Code – the dangerous building ordinance.

Socially distanced on-site inspections

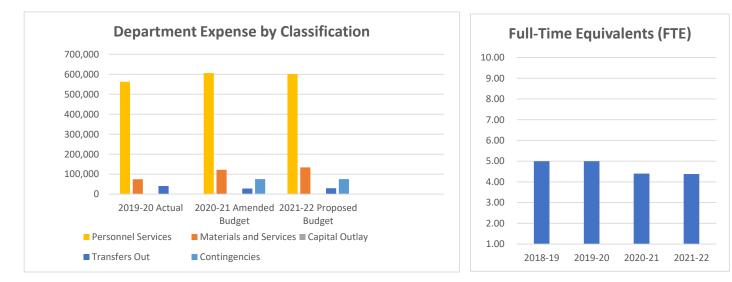

Small Lot, Small Home Subdivision Foundations

Small Lot, Small Home Subdivision Construction

Core Services

High Priority Services (Service Priority 1)

- Field Inspection Services
 - Inspect work to verify a safe and proper installation in the field
 - o Identify corrections needed and recheck work after corrections are complete
- Perform review of plans prior to issuing a permit to commence work
 - o Saves the time and expense of identifying issues for the first time after work is complete
 - o Ensures a document exists of the intended scope and work

Medium High Priority Services (Service Priority 2)

- Consultation Services
 - o Supports users to navigate the regulatory process
 - \circ Identifies issues that may not have been known to owner and design team
 - o Provides answers to questions raised by the design team
- Addressing
 - o Ensures a logical and systematic addressing system across the community
 - o Acts as the "official" keeper of addressing if confusion or disputes exist around addressing
- ADA Coordination
 - o Assesses City facilities for compliance with ADA accessibility
 - o Provides in-house consulting with City staff teams and designers addressing accessibility
 - Satisfies Federal mandate for the role
- Record Retention
 - Keeper of permitting records for all work within the City
 - $\circ~$ Plans are often not always retained by private sector leaving City as only source
 - o Retention timelines set by Oregon Administrative Rule without clear consequence if not retained
 - Forever for publicly owned buildings
 - 10 years for commercial buildings
 - 2 years for one and two family residence.

- **1969** State of Oregon adopts 1968 edition of National Electrical Code.
- **1970s** Early 1970s City of McMinnville establishes a Building Division and begins conducting plan reviews and field inspections.
- **1988** City of McMinnville approved by the State of Oregon to conduct Fire/Life Safety plan reviews.
- **1991** Building Division Advisory Board created from various stakeholders in the building community.
- **1994** Staffing level increases to 5 inspector/plans examiners, as well as the Building Official and administrative staff.
- **1995** Accela building permit computer system implemented for issuing, tracking, and record keeping of permits.
- **1997** Measure 47/50 related staff reductions cause Building Division to use additional outside consultants.

- **1997** Building Division management moved into newly created Community Development Department with ultimate goal of a "onestop" development center.
- **2000** Senate Bill 587 requires Building Division tracking and designation of building fee revenues over direct and indirect expenses.
- 2002 City Council increases building permit fees increasing revenues to selfsupporting level in Building Division.
- 2005 Annual review of reserve balance indicated that revenue reserve would exceed reserve limits. Building permit fee schedule was adjusted to reduce revenue generation by approximately 10%.
- **2006** An additional inspector position filled.
- 2007 Division moved to new Community Development Center.

448

Historical Highlights

- **2009** Downturn in construction industry, eliminated one inspector position upon staff retirement.
- **2010** Building Division instituted two furlough day per month policy as a cost saving measure for all personnel, later eliminated in early 2011.
- **2012** General Fund transfer of \$50,000 to support Building Division activities.
- **2012** Continued downturn in construction industry required one inspector position to be eliminated and a second reduced to part-time. Division support of one Permit Technician was also eliminated making General Fund support unnecessary.
- **2012** Entered into a reciprocal Intergovernmental Agreement with Yamhill County for building inspection services.

- 2018 Restructured staffing added 1.5 full-time inspectors, moved part-time permit technician to full-time building permit coordinator improving customer service delivery and efficiencies by providing all services inhouse.
- 2019 Transitioned to a new epermitting software program.
- **2020** Transitioned to a new electronic plan review software program.

Wastewater Services Fund 2021 – 2022 Proposed Budget --- Budget Summary

Budget Highlights

- The 2021-22 proposed budget continues the City's commitment to meet and exceed environmental requirements; to protect water resources; and to guard public health while providing vital utilities at reasonable rates.
- The Water Reclamation Facility (WRF) is now in its 26th year of operation and the water quality regulatory environment is changing. Some of the highlights of these changes are as follows:
 - New Toxics Regulations implemented by the Oregon Department of Environmental Quality (DEQ) are the most stringent in the country. These new standards will require increased sampling and evaluation to stay in compliance. They could also lead to additional permit limitations.
 - DEQ continues to work on a modified Total Maximum Daily Load (TMDL) strategy for the Yamhill River which could lead to additional regulations related to effluent discharge temperature and nutrient removal.
- Per the approved 2017 Wastewater Services Financial Plan, the 2021-22 proposed budget includes a \$6,013,408 Transfer Out to Wastewater Capital Fund to cover planned capital improvements, including significant repair, rehabilitation and replacement of aging sewer lines.

Core Services

Administration

- Provide organization, planning and support to meet the needs of all of Wastewater Services sections.
- Ensure the reporting requirements to Environmental Protection Agency (EPA), DEQ and other regulatory agencies are achieved.

Plant / Pump Stations

- Provide stable and cost effective operation of the WRF necessary to achieve National Pollutant Discharge Elimination System (NPDES) permit requirements and protect the environment.
- Perform predictive, preventive, and corrective maintenance required to keep equipment operational and extend the useful life of the WRF and pump station equipment.

As part of the preventive maintenance program, mechanic David Chitwood, who prefers Joey, is greasing shaft bearings on one of the oxidation ditches.

- Provide 24-hour per day alarm monitoring and response for the WRF and pump stations.
- Land application of exceptional quality biosolids.

Environmental Services

- Provide the public and local industries information and education on pretreatment programs and goals.
- Issue permits to industrial dischargers, and perform required sampling and monitoring.
- Provide protection for the sewer system and WRF to prevent illicit discharges and harmful wastes that impact the treatment processes, environment or may be harmful to employees working in the collection system.

2021 – 2022 Proposed Budget --- Budget Summary

- Perform required laboratory analysis per the NPDES permit.
- Maintain precision and accuracy through extensive quality assurance and quality control measures.
- Provide technical assistance in evaluating plant processes and preparing for coming regulations.

Conveyance Systems

- Maintain the sanitary sewer system to protect health and prevent property and environmental damage due to system failure.
- Select sewer project repairs to be performed by staff, including replacing sanitary sewer laterals from the sewer mainline to property line, mainline repairs, and install Cured-in-Place-Pipe (CIPP) patches as needed.
- Continue to maintain and repair the stormwater system as a cooperative effort with the Public Works Division to remove pollutants before they are discharged to the streams and rivers.
- Coordinate sewer rehabilitation and replacement projects.
- Reduce inflow and infiltration (I&I) through rehabiliation of manholes.
- Clean sanitary sewer mainlines and TV inspect the majority of lines every two to three years to identify defects that could cause blockages or allow I&I into the system.
- Utilize an asset management system to record sewer maintenance and condition to prioritize repairs and rehabilitation projects.

Future Challenges and Opportunities

Administration

- NPDES Permit Renewal is ongoing. The current permit has been administratively extended. Issues over mixing zones, mercury and silver limits, and new toxics regulations are likely to need attention.
- Participation in South Yamhill River TMDL process with DEQ.

- Develop priority planning to address recommendations from the revised Sanitary Sewer Master Plan.
- Replace existing Programmable Logic Controllers (PLC-5) with Control Logix processers.

Plant / Pump Stations

- Planning for new discharge permit with its contingent monitoring and compliance challenges.
- Continued focus on sustainability goals and opportunities for improvements through energy conservation projects.
- Monitoring for progress with I&I issues and other improvements to the collections system.
- Increased reliability of systems to minimize the potential for sanitary sewer overflows.
- Increased focus on preventive maintenance and corrosion abatement on the aging WRF equipment and processes.

A crew from Stettler Construction uses a crane to install a drive assembly into secondary clarifier #3.

Environmental Services

- Continue to develop and update Standard Operating Procedures and testing methods in expectation of National Environmental Laboratory Accreditation.
- Continue to work cooperatively with the Greater Yamhill Watershed Council on projects that affect the Yamhill River watershed.

2021 – 2022 Proposed Budget --- Budget Summary

 Maintain compliance record with the EPA quality assurance program by continuing to score 100% on all test parameters.

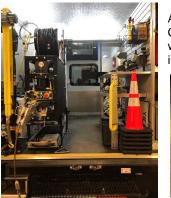

To ensure that the City remains in compliance with EPA and DEQ regulations, the laboratory staff performs more than 6,000 analyses annually, testing for ammonia, phosphorous, E. Coli, and many other parameters. – pictured Rachel Cole, Lab Tech

- Continue employee development of Environmental Services staff.
- Educate staff and prepare for the new procedures related to new Oregon toxics regulations.
- Continue follow up on survey results of all nonresidential users to characterize their wastewater discharge.
- Public outreach and education related to wastewater issues, which include distribution of information regarding keeping wipes and other items out of the sewer system to reduce clogs and providing tours and career fair participation at local high schools.
- Reduce the amount of fats, oils and grease (FOG) in conveyance system with public outreach and inspection of commercial kitchen grease intercepters.
- Continue to place markers identifying stormwater catch basins that drain to river.

Conveyance Systems

- Prioritization of conveyance video and cleaning work.
- Utilization of newest equipment for more efficient conveyance system maintenance and inspection.
- Determine the effectiveness of ongoing I&I projects and the priority for further rehabilitation and improvement.

- Maintain the sanitary sewer collection system in compliance with the NPDES permit.
- Plan for stormwater system management in cooperation with Engineering, Public Works and Wastewater Services Pretreatment.
- Continue to improve sewer maintenance procedures to comply with expected Capacity, Management, Operations and Maintenance (CMOM) requirements.
- Continue to develop in-house sewer rehabilitation capabilities through lining projects.

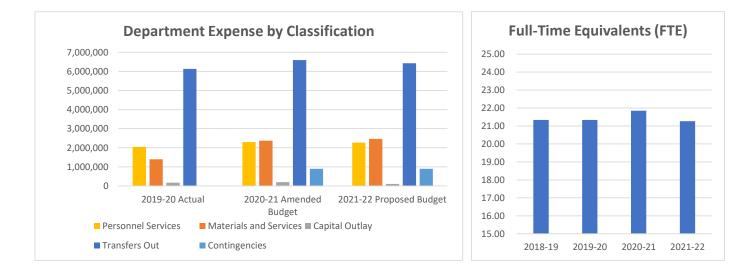

A new van was purchased for the Conveyance System, which is equipped with tools and updated technology used to inspect the sanitary sewer lines, including

CCTV cameras which is also pictured.

Storm Water Management

A small portion of the Wastewater Conveyance System staff's time is allocated to the Street Fund for routine cleaning and maintenance of the storm system in known problem areas. The US EPA has finalized the Total Maximum Daily Load (TMDL) for mercury in the Willamette Basin. The City will begin developing a plan to address the TMDL. The proposed 2021-22 includes professional services resources to hire a consultant to assist with the development of an implementation plan, which will include stormwater control measures to address reduction of mercury in municipal stormwater discharges.

Fund Cost Summary

Core Services

High Priority Services

- Maintain the City's wastewater conveyance and treatment asset base, including:
 - Wastewater treatment operations and maintenance
 - Pretreatment program management, and industrial monitoring as required by DEQ
 - o Laboratory analysis and operations for DEQ permit compliance
 - Conveyance system maintenance
 - Emergency operations

- **1900** First organized effort for a municipal sewage collection system was made early in the 1900's.
- **1915** The original 11th Street Trunk Sewer is constructed, and the 48" line was designed as a combined sewer with an outfall to the South Yamhill River.
- **1950** In the early 1950's, construction of interceptor sewers were built to collect sewage from the Cozine Trunk and 11th Street Trunk to divert all sewage into the City's first wastewater treatment plant.
- **1953** McMinnville's first "trickling filter" wastewater treatment facility begins operation on May 4, 1953. The construction cost totaled \$396,456.40 and was designed to serve a population of 8,000. The residential user fee was \$0.75 per month.

- **1956** The Northeast Trunk Sewer is constructed to provide sewer service to the north and northeast sections of the City. The Northeast Trunk provided the first major sanitary sewer conveyance system that did not also collect stormwater drainage.
- **1964** First sewage treatment plant upgrade was completed in March 1964, adding a new 35' digester with mechanical mixing and upgraded digester heating system.
- **1971** Major expansion and upgrade of the wastewater plant to an activated sludge treatment system to meet a growing population and changing water quality standards.
- **1989** Department of Environmental Quality (DEQ) conducts first Total Maximum Daily Load (TMDL) study on the South Yamhill River. The study determines phosphorus and ammonia limits (nutrients) are necessary.

Historical Highlights

- **1991** Alternatives are studied to achieve new requirements with consultant CH2M-Hill to develop the *1991 Facilities Plan.* This included an infiltration & inflow (I&I) reduction analysis of the conveyance system.
- **1992** A fast-track design for new wastewater facilities is conducted. The City's Pretreatment Program is approved by DEQ on October 25, 1992.
- **1993** City breaks ground on constructing the new Water Reclamation Facility (WRF).

1993

Department of Environmental Quality (DEQ) issues a Stipulation and Final Order (SFO) to eliminate all sewage overflows into the Yamhill River from the City's conveyance system during storm events when rainfall is less than a one in 5-year storm event.

- **1994** City explores privatization of WRF operations and management. City Council decides to retain direct operating control of WRF after considering cost and quality analysis.
- **1995** First *Wet Weather Management Plan* to control I&I is submitted to DEQ. Consultant estimates costs at \$30 million to comply with the plan.
- **1996** The \$28 million Water Reclamation Facility (WRF) begins operating on January 24, 1996 in response to new water quality standards and the City's growing population.

1996 C

Construction of the \$8 million Cozine Pump Station and trunk replacement project begins. Official Inflow and Infiltration (I&I) program implemented.

- **1997** Alpine Avenue Sewer Improvement Project to reduce I&I is completed in summer 1997.
- **1997** City Council adopts private sewer lateral ordinance defining the responsibilities for property owners to repair defective sewer laterals.
- **1998** WRF receives two awards from The Pacific Northwest Pollution Control Association -- Municipal Water Protection Award for WRF's contribution to clean water and George W. Burke Facility Safety Award.
- **1998** City purchases first TV inspection unit to inspect underground pipes.
- **1999** The Oregon Association of Clean Water Agencies (ACWA) presents the Outstanding Member Agency Award contribution to improving water quality.
- **1999** WRF added a third channel of ultraviolet (UV) lights, which is used to disinfect the WRF's effluent.

- **1999** City submits revised *Wet Weather Management Plan* to meet DEQ's 2010 timeline for elimination of overflows.
- **2000** Sewer capital investments reach an estimated \$54 million on the WRF construction, pump station improvements, and collection system repairs.
- **2001** A large screen was installed ahead of the Raw Sewage Pump Station to remove debris from the influent prior to being pumped into the WRF.
- **2003** A new pump station was built, which replaced 3 Mile Lane #1 Pump Station. Sewer lines were relocated and 3 Mile Lane #2 Pump Station was eliminated.
- **2005** A new pump station added in the Autumn Ridge Development.
- **2005** An equipment storage building is completed for sewer maintenance equipment and the Conveyance System Maintenance crew moves to the division. The WRF Manager assumes supervisory management of the program.

- **2006** Water Reclamation Facility and Conveyance System Maintenance are re-named Wastewater Services Division.
- **2006** Pacific Northwest Clean Water Association (PNCWA) presents WRF with 2005 Compliance Award for no permit violations in calendar year 2005.
- **2006** PCWA presents WRF with 2006 Project of the Year Award for the energy saving HVAC upgrade to the Administration Building.

- **2008** PNCWA presents WRF with 2007 Compliance Award for no permit violations in calendar year 2007.
- **2008** DEQ working on the second TMDL analysis on Yamhill River addressing bacteria, temperature, and iron.

- **2008** Sanitary sewer master plan updates completed for the Water Reclamation Facilities and the Conveyance System.
- 2010 City successfully completes decade long consent decree. No permit violations or sanitary sewer overflows. High School Basin I&I project completed. Secondary Treatment improvements in design.
- 2011 Modifications to the WRF processes allow for increased hydraulic capacity. Dave Gehring is selected as the PNCWA Oregon Operator of the Year.
- 2012 Downtown area I&I project completed, which included separation of combined sanitary and storm lines. Pump project was completed at Cozine pump station, which will increase efficiency and reduce energy usage during the summer. Received Requests for Proposals for WRF expansion and CH2M Hill was selected to design the project.

- 2013 Miller Addition sanitary sewer rehabilitation project completed to reduce I & I. Updated control system and data collection software to improve reliability and efficiency. WRF expansion process began with CH2M Hill preliminary design.
- **2014** Ground breaking commenced in July of 2014 for the expansion of the secondary treatment process at the Water Reclamation Facility (WRF). When completed, the WRF will be able to better manage flow during wet weather conditions and to increase capacity to accommodate future population growth, while continuing to produce high quality effluent and Class A biosolids that benefit the environment.

2014 Completion of the City's updated Sewer Use Ordinance and Significant Industrial User Implementation Manual for the Wastewater Services Pretreatment Program. This process involved major changes to incorporate federally mandated language into the City's Municipal Code. After several years, multiple revisions, and a public hearing period, the new ordinance was approval by the Oregon DEQ and the EPA. The City Council adopted Sewer Use Ordinance 4987 in early January 2015.

2015

Completion of the Secondary Clarifiers and Autothermal Thermophilic Aerobic Digester (ATAD) coating, and construction of the grit drying area at the WRF.

Replacement of two main pumps and variable frequency drives (VFD) at the Cozine Pump Station.

Engineering and design for the replacement of the 3 Mile Lane #3 Pump Station.

2016 Completion of the Water Reclamation Facility secondary treatment expansion.

The expansion project received Project of the Year 2016 award from American Public Works Association (APWA) Oregon Chapter. Project of the Year awards are given to recognize "excellence, innovation and cooperation with regard to the management and administration of public works projects." **2017** Completion of the 3 Mile Lane #3 Pump Station.

Cook School sewer rehabilitation project completion.

Oregon DEQ performed an audit on the Pretreatment Program.

Design and engineering for UV and tertiary projects.

Converted monthly discharge monitoring report to electronic submission as required by new US EPA standard.

2018 Completed design and started construction of the Tertiary / UV upgrade project.

Started work on NW 12th Street sewer rehabilitation project.

2019 Completed construction of the Tertiary / UV upgrade project.

Started Design for the Biosolids solids handling expansion.

WASTEWATER CAPITAL FUND

Budget Highlights

- \$ 8,540,000 Design and construction of the Solids Treatment Capacity Improvements project.
- \$ 1,075,000 Design and construction of a new force main as part of ODOT's Three Mile Lane Bridge replacement project;
- \$ 1,760,000 Design and construction of the upgrade to the Water Reclamation Facility Administration Building.
- \$ 2,440,000 Continued sewer rehabilitation and reconstruction projects at various locations around the City to address inflow and infiltration (I&I).
- \$ 800,000 Planned major equipment replacement projects, including the addition of an emergency generator at the Cozine Pump Station, Influent Screen Replacements, Programmable Logic Controller Upgrades; Roof replacement on the Water Reclamation Facility Administration Building.
- \$350,000 Water Reclamation Facility Master Plan updates
- \$ 6,013,408 Transfer in from Wastewater Services Fund to cover the ratepayer contribution for capital needs per the approved 2017 Wastewater Services Financial Plan.

Core Services

- Capital improvement planning and construction for the City's wastewater collection system and Water Reclamation Facility (WRF) to meet needs of increased growth of community and ever-changing regulatory climate.
- Continue projects to reduce the infiltration and inflow of ground water and rain into the City's sanitary collection system.

Future Challenges and Opportunities

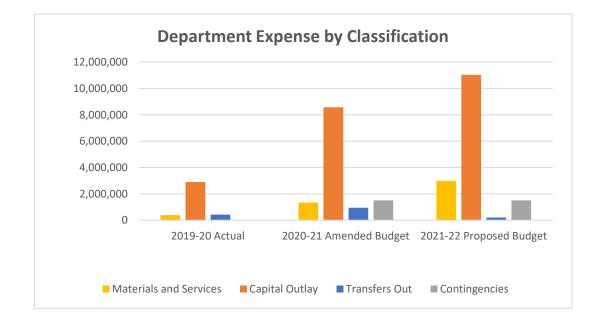

- Continued prudent and timely review of the Wastewater Financial Plan, and corresponding implementation of rate adjustments necessary to meet the operations, maintenance, and capital construction needs identified in the updated Conveyance System and Water Reclamation Facilities Master Plans.
- Future Wastewater Financial Plan efforts should include a review of policy options related to rates for low income/senior users.

The City continued to invest in upgrades to the public sanitary sewer system in 2019. Work included recoating of tertiary clarifiers #1 & #2 and ATAD #3 at the Water Reclamation Facility.

- **1969** Voters approve \$710,000 sixyear sewage disposal general obligation bond issue.
- **1987** Sewer Capital Fund established for future sewer treatment plant expansion and sewer system capital improvements.
- 1992 April 1992, City Council passes Resolution 1992 – 14 authorizing the use of bond revenues to pay for preincurred expenses for the wastewater treatment facility. This resolution allows the City to re-pay expenses incurred prior to sewer revenue bond issuance.
- 1992

August 1992, City Council passes Resolution 1992 – 28 authorizing the issuance of revenue bonds for the purpose of financing the acquisition, construction, installation, and equipping of facilities for the City's wastewater management program.

- 1993
- December 1993, \$10,121,020 State of Oregon Bond Bank, Special Public Works Fund (SPWF) 20-year Loan to partially fund a new water reclamation facility.
- 1994 January 1994, City Council passes Resolution 1994 – 01 for the purpose of providing a comprehensive framework for the issuance of revenue bonds. This resolution establishes the debt service bond covenants that require City Council to maintain sewer rates at adequate levels to operate and maintain the sewer system, pay debt service, and maintain a specified level of cash operating and debt service reserves.
- **1994** February 1994, \$28,560,000 Sewerage System Revenue 20-Year Bonds issuance to complete funding the new Water Reclamation Facility, Raw Sewage Pump Station, and significant sewer system improvements.

Historical Highlights

- **1995** New Water Reclamation Facility and Raw Sewage Pump Station complete.
- **1996** Major repair and replacement of Cozine Trunk Line and Pump Station complete.
- **2000** July 2000, \$3,590,000 State of Oregon Bond Bank Water/ Wastewater 10-Year Loan to continue funding significant sewer system improvements.
- **2000** Spending reaches an estimated \$54 million on the WRF construction, pump station improvements, and collection system repairs.
- 2001 Evans Street Sewer Reconstruction Project complete.
- 2002 High School Basin Sewer Reconstruction Project complete.
- **2003** Three Mile Lane Pump Station #1 Replacement Project complete.

- 2004 February 2004, \$23,6980,000 10-year refinancing of remaining 1993 SPWF Loan and 1994 Sewer Revenue Bonds saving sewer ratepayers ~\$2,200,000.
- 2004 May 2004, City completes 2004 Sewer Rate Equity Review and City Council passes Resolution 2004 – 13 revising sewer user fees and sewer SDCs – rates set to achieve \$7.5 million capital reserve in 10 years for future Water Reclamation Facility expansion.
- **2005** Three Mile Lane Trunk Sewer Replacement Project is completed, removing the Three Mile Lane #2 Pump-Station from service.
- **2006** The City Council adopted a new sanitary sewer system development charge rate of \$2,808 per equivalent dwelling unit.
- **2007** The City Council adopted a new sanitary sewer system development charge rate of \$2,870 per equivalent dwelling unit.

- **2009** DEQ approves the WRF Facilities Plan.
- **2009** The Elm Street Sewer Rehabilitation Project was completed.
- **2010** The Saylor's Addition and High School Basin Sewer Rehabilitation projects were completed.
- 2012 The Downtown Basin Sewer Rehabilitation project was completed.
- **2013** Design work begins for the expansion of the WRF
- 2016 Construction of the WRF Expansion is completed. The final project cost of ~\$13million was ~ \$2.5-million less than the project estimate included in the adopted 2010 Wastewater Treatment Facilities master plan. The City was awarded a "2016 Project of the Year" award by the Oregon Chapter of the American Public Works Association (OR APWA) for the project work.

492

- **2020** The 12th Street Sanitary Sewer Rehabilitation Project was completed.
- **2020** Design Work begins for the Biosolids Storage and Grit System Expansion Project.
- 2021 Emergency Stand-by Generators are installed at the Water Reclamation Facility and Raw Sewage Pump Station.

INFORMATION SYSTEMS & SERVICES FUND

• Budgeted Computer Equipment – By Department

City of MCMinnville

Budget Highlights

- The 2021-22 proposed budget does not include any changes in personnel. With ongoing events and continuing budget uncertainties, efforts will continue to focus on enabling a mobile workforce, efficiently matching resources with services and servicing infrastructure equipment maintenance needs.
- Information Systems will continue to pursue the philosophy of engaging professional services for high-skill, low frequency projects to keep up with rapid technological changes.
- Information Systems will also continue to strengthen our data and network security position, using computer security awareness training, phishing tests and training tools that equip employees with knowledge of common threats and best computer security practices.

New Programs, Projects, or Equipment:

- Assist several departments with software migrations, installations and upgrades including Public Works/Engineering, Human Resources/Finance integration and increased online payment and other electronic convenience opportunities for citizens.
- Replacing storage/network core fabric switches as scheduled to ensure on-site system stability and provide room for expansion in the future. Continue to evaluate network bandwidth and capacity and keep moving from a 1 GB network to a 10 GB network backbone to support data needs and network growth.
- Continued extension into cloud based and hosted processing in both departmental applications and services as well as infrastructure and authentication. Following industry trends as web based software continues to grow along with service security and reliability.
- Continue initiative for redundancy and continuity of operations for our computer systems. Ensure proper backup standards are followed and implement strategies to combat phishing ransomware type attacks, while working with departments on

contingency planning and practicing restoration and recovery efforts in different scenarios.

- Move towards policy based guidance in all areas of service develop effective, workable policies around IT processes to promote standards of work and procedures to run City business more smoothly.
- Continue long-range strategic planning. Ensure that Information Systems (IS) Department is positioned to support the missions of operating departments.
- The IS Department is an internal service fund which is reimbursed by the operating departments for all services, equipment, software, and hardware costs that are either specific to the department or shared citywide. The IS Department is reimbursed by operating departments for actual IS costs.

Core Services

- Provide business partnerships with City departments as they define processes to fulfill their individual missions.
- Provide network support, security, maintenance and capacity necessary for the City to conduct its business tasks.
- Provide software acquisition, support, and maintenance necessary for the City to conduct its business.
- Provide hardware resources and support both servers and desktop – for the City to conduct its business tasks.
- Regularly conduct research and consult with departments in those areas where technology can provide better service to citizens.

Future Challenges and Opportunities

- Partner with City Departments to provide internal and external services support – look toward improved budget forecasting and reporting tools, dashboards for City metrics and information sharing, training opportunities, and others as needs are assessed and explored.
- Continue to mobilize our workforce and support City employees in every scenario – working from home, on-site, or a variety of hybrid situations.
- Continue deployment of Office 365 technology to deploy intranet sites, extend team communication and collaboration tools, and support remote and mobile office technologies.
- Embrace and extend remote work tools wherever possible throughout the City training, collaboration, mobile work and service delivery.
- Continue to train and equip the IS staff in the use of technology, tools and equipment to enable the maximum use of IS human resources and continue to challenge the IS staff.
- Enhance and expand the City website to incorporate recent branding changes and work to provide a coordinated message throughout all City communication channels.
- Continue to support Public Safety partners as our Fire department integrates and extends mobile and data service partnerships to other local agencies.

Mac-Town 2032 Strategic Plan Information Systems Department Focus

In early 2019 the City Council adopted Mac-Town 2032, a strategic plan which will guide the city for the next decade or so. The Information Systems Department will support this strategic plan by ensuring decisions we make are made with the strategic plan in mind. For fiscal year 2021-22 the Information Systems Department will support plan in the following manner:

City Government Capacity

• Gain efficiencies from technology and equipment investments

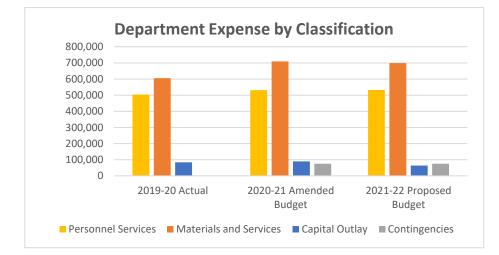

After successfully combining the City's existing phone systems into one Voice-over-IP (VoIP) system in partnership with Yamhill County, IS will continue to improve phone services to deliver productivity options and increased mobile functionality.

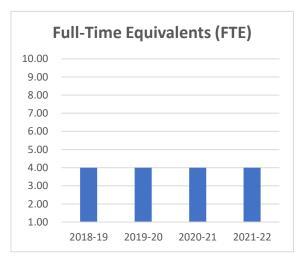

Information Services has also partnered with several departments to procure, install and upgrade software in the Municipal Court, Human Resources, Finance, and Police and will continue these initiatives to evaluate new technologies and how they can improve existing services and provide new services to our citizens.

Information Systems & Svcs Fund

Core Services – Information Systems

Communications

- Provide email services desktop, mobile, web to all employees, council/committee members
- Provide desktop phones, wiring, voicemail/integration service to all employees
- Provide desktop phones, wiring, voicemail/integration service to all employees
- Maintain City Website for external communications, assist departments with editing webpages, provide citizen feedback and other form based input options

Infrastructure / Security

- Provide network backbone services for all employees and city services switching, wiring, fiber, wireless, internet connection
- Maintain operational data backups and disaster recovery readiness for city data and services.
- Maintain city infrastructure and data security for all city services including spam blocking, malware filtering antivirus, firewall, intrusion detection, surveillance camera systems and building security systems
- Maintain and develop policies, procedures and standards to ensure a secure and efficient operational technological environment throughout the City.

Equipment / Tools

- Coordinate and manage all City computer deployments, including desktops, laptops, mobile integration, software integration
- Maintain Printing / Scanning / copier services for all city services and departments
- Provide mobile 'in-vehicle' computers 'MDT's for Public Safety 24/7 services for PD and FD

Support

- Maintain current computer desktop / laptop operating systems and applications, ensure updates are current, ensure compliance with external agencies as required.
- Assist the City in planning for future technologies, planning technology upgrades pursuing efficiencies and most cost effective work solutions.
- Provide excellent customer service, daily support and training for all employee technology needs, build solutions to help employees do their jobs better.
- Maintain and support major systems for each City department New World, ESO, RMS, Accela, Caselle, Hansen, etc.
- Manage vendor relationships, partner agency relationships, work with internal departments to drive effective technology solutions
 across the City

Information Systems & Services Fund

- **1993** City's first Information Systems Manager hired.
- **1995** Fiber Optic Cable Project implemented resulting in fiber loop connecting City facilities.
- **1995** First system administrative specialist hired to help with expanding City IS needs.
- 1996 City transitions to Microsoft Office Suite – Outlook, WORD, EXCEL, & PowerPoint. Email begins!
- **1998** City hires wide-area network administrator and shares cost 50-50 with McMinnville School District #40.
- **2001** McMinnville School District #40 eliminates cost sharing of widearea network administrator position. Position assimilated into City budget.
- **2002** IS Department completed migration of City network from a combined Novell and Windows NT system to Windows 2000, standardizing operating systems City-wide.
- **2003** Partnership formed with Yamhill County for management of IS

services; City director position eliminated.

- 2004 Physical location of IS Department moved from Fire Station to Community Center.
- 2005 Completed move of all City telephones back onto City-County telephone system.
- **2006** Implemented mobile data terminals in fire and police vehicles. First agencies to use new 700 mhz public safety frequencies in the state.
- **2006** Completion of new computer equipment room with backup generator in Community Center.
- 2006 Partnered with Finance Department in selection of new Logos.net ERP financial system from New World Systems, Inc.
- **2006** Assisted in transition of YCOM from City-supported entity to Yamhill County-supported entity.

510

Historical Highlights

- **2007** Partnered with Yamhill County assuming project management and problem resolution of the City public safety radio system.
- **2008** Supported the project of moving all communications for the City to the new Public Safety Building.
- **2009** Began implementation of redundant server strategy for "hot" site backup of City applications.
- **2010** Began utilizing virtual server technology and moved to Storage Area Network devices.
- 2011 Development of an IS strategic plan.
- **2011** Fully implemented electronic ticketing software for Police Department.
- 2012 Completed continuity of operations project utilizing main computer room and auxiliary site in Public Safety building.

- **2013** Implemented a fully electronic agenda system for the conducting of City Council meetings.
- **2014** Added another IS staff member to perform desktop support functions. Redeployed remaining staff so that additional application support is realized, primarily in the public safety areas.
- **2015** Hired a full-time IS Director.
- **2016** Implemented 'next-gen' network firewall technology for increased security and network performance.
- **2016** Completed overhaul of City's website.
- **2016** Replaced City's network storage array to handle increased data storage demand, especially video.
- **2018** 90% of all City computers upgraded to Windows 10.
- 2019 Partnered with Yamhill County to consolidate legacy phone systems into one combined modernized VoIP (Voice-over-IP) system.

- **2020** Moved the City to a mobile workforce where over 80% of city employees were able to work remotely using rapidly deployed mobile meeting tools, work-fromhome hardware setups and VPN connectivity from anywhere.
- 2020 Upgraded the City to Microsoft Office 365

The Storage Area Network devices on the City network have total storage capacity of over 80 terabytes.

INSURANCE SERVICES FUND

Budget Highlights

- Charges For Services As an internal service fund, the Insurance Services Fund charges operating Departments for the cost of property, liability and workers' compensation premiums and claims. Amounts charged to departments are based on the estimated cost of paying insurance premiums and deductibles and maintaining an adequate but not excessive reserve.
- Property premiums are charged to Departments based on several factors such as number of vehicles, square footage of facilities, etc. Liability premium charges are based on risk factors, including personnel services costs, number of law enforcement officers, miles of storm and sanitary sewer systems, etc. Workers' compensation costs charged to Departments are based on wages and types of work performed by employees in the Department.
- Other Income City County Insurance Services (CIS) CIS offers multiple lines credits for entities that purchase more than one type of insurance from CIS.
- Property & Liability Insurance Property insurance premiums are projected to increase by 10% and liability premiums by 10% compared to 2020-21 premiums. The City's risk is limited to the deductible for property claims, which depends on the type of property that has been damaged. The deductible for liability claims is \$50,000.
- Workers' Compensation Insurance:
 - Workers compensation rates, CIS administrative costs, and the state assessment are budgeted consistently with the prior year.
 - CIS is working on a significant change in the delivery of workers compensation insurance coverage starting in FY2021-22. For this reason, a higher contingency for the year is budgeted compared to the past in case the new cost structure combined with the possibility of a reduced multi-line insurance credit is reduced for property and liability insurance lines.

• City of McMinnville experience modifier for 2021-22 was 85%, unchanged compared to the prior year. The modifier is based on not only the dollar amount of the City's workers comp claims, but also on the number of workers comp claims. A smaller modifier results in smaller premiums.

Insurance Services Fund Reserve - Over several previous years, the reserve in the Insurance Services Fund has increased, resulting in a transfer in the prior year to "refund" departments and funds with payroll costs. Because the majority of the reserve in this fund is a result of actual workers compensation premiums and claims being less than estimated, the allocation is based on salaries and wages in those funds. No "refund" to funds will be made in FY2021-22.

In 2021-22, the City continues to fund the Human Resources (HR) Manager position through transfers from the Insurance Services Fund to the General Fund, Administration Department.

Mac-Town 2032 Strategic Plan

The decision to support the HR Manger in the organization that serve all departments and helps reduce the City's risk profile is relevant to the Strategic Plan goal:

City Government Capacity – Strengthen the City's ability to prioritize and deliver municipal services with discipline and focus. The reserve accumulated in this fund is more than sufficient to cover the City's property, liability, and workers compensation claim risks.

Core Services

- The following costs for insurance premiums and claims incurred are charged to operating funds based on an applicable pro-rata allocation of the costs:
 - General liability insurance
- Automobile liability, collision, and comprehensivesing that the second sec

- Property, equipment, and excess crime insurance
- Earthquake and boiler insurance
- Employee workers' compensation insurance

Future Challenges and Opportunities

- City County Insurance is embarking on a partnership with SAIF and created the CIS servicing group underwritten by SAIF. CIS will continue to provide risk management, loss control, return to work services and online training. SAIF will be the workers' compensation carrier and provide financial strength, coverage and claims management services.
- The City's initial premium for workers' compensation insurance is calculated using a retrospective rate. Throughout the year, CIS invoices the City for claims as they are incurred, subject to the maximum limit.

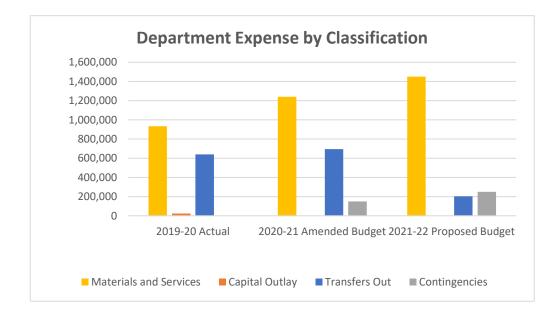

The retrospective rate plan is beneficial to the City when claims are low and the City pays a limited amount for claims incurred during the fiscal year.

• The City will continue to work with CIS to review risk management practices with the goal of limiting exposure related to general liability and workers compensation claims.

Fund Cost Summary

- **1985** City begins purchasing general and automobile liability, property, automobile physical damage insurance coverage from City County Insurance Services (CIS).
- **1986** City begins purchasing workers' compensation insurance coverage from CIS moving coverage from State Accident Insurance Fund.
- **1989** City establishes Insurance Services Fund centralizing insurance premium coverages into one City internal service fund.
- **1991** Medical insurance cost sharing with City general service employees begins. Employees share medical insurance increases with City 50-50.
- **2003** Due to escalating Blue Cross medical insurance premiums City begins to purchase medical insurance coverage from CIS.
- **1995** Insurance Services Fund surplus funds Community Center seismic retrofit.

- **1995** Insurance Services Fund surplus funds significant portion of Library roof repair and seismic retrofit.
- **1997** City establishes direct CIS relationship for most insurance coverages, saving over \$30,000 per year.
- **2000** Fire union members first begin medical insurance cost sharing 10% of premium.
- 2001 City begins participating in the CIS Liability Aggregate Deductible Program. City assumes up to \$50,000 liability risk, and receives a large premium credit from CIS.
- **2003** Police union members first begin medical insurance cost sharing 5% of premium.
- **2006** CIS drops airport coverage from basic property and liability insurance; requires purchase of specialized airport coverage.

Historical Highlights

2006 City re-establishes local agent relationship with Hagan-Hamilton Insurance Agency.

2009 Medical insurance no longer allocated through Insurance Services Fund; costs charged directly to departments.

2012 Insurance Services Fund surplus allocated to operating departments.

- **2015** Insurance Services Fund surplus allocated to operating departments.
- **2018** Insurance Services Fund surplus allocated to fund fulltime Human Resources Manager position in General Fund Administration.
- **2018** Insurance Services Fund surplus allocated to fund purchase of new gurney with lift assist in the Ambulance Fund.
- **2019** Insurance Services Fund surplus allocated to operating departments.

3,015,750	3,060,881	2,953,734	TOTAL REQUIREMENTS	2,354,036	0	0

Accrual basis of accounting – Method of accounting recognizing revenues when earned and expenses when incurred without regard to cash flow timing. [ORS 294.311(1)].

Allocation – The methodology with which funds pay for their share of support services including legal, human resources, financial services, payroll, and engineering services.

Adopted budget – Financial plan itemizing all resources and the use thereof adopted by the governing body. (ORS 294.456).

Ad valorem tax – Tax based on the assessed valuation of property. Property taxes are an ad valorem tax.

Appropriation – Authorization to spend a specific amount of money for a specific purpose during a budget period. It is based on the adopted budget, including supplemental budgets, if any. It is presented in a resolution or ordinance adopted by the governing body. [ORS 294.311(3)].

Approved budget – The budget approved by the budget committee. The data from the approved budget is published in the Financial Summary in the local newspaper before the budget hearing. (ORS 294.406).

Assessed valuation (AV) – the taxable assessed value applied to real estate or other property by the county assessor or the state as a basis for levying taxes. This amount is multiplied by the tax rate to determine the total amount of property taxes to be imposed. It is the lesser of the property's maximum assessed value or real market value.

Assessment date – The date the real market value of property is set – January 1.

Asset – A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events.

Assigned beginning balance – the category established by GASB 54 to mean funds which are assigned for specific use by the governing body of the organization.

Audit – The annual review and appraisal of an entity's accounts and fiscal affairs conducted by an accountant under contract, or the Secretary of State, in accordance with Oregon budget law. (ORS 297.425).

Audit report – A report in a form prescribed by the Secretary of State made by an auditor expressing an opinion about the propriety of a local government's financial statements, and compliance with requirements, orders, and regulations.

Basis of accounting – A term used to refer to when revenues, expenditures, expenses, and transfers – and the related assets and liabilities – are recognized in the accounts and reported in the financial statements.

Beginning net working capital – Net resources less expenditures carried over to the following fiscal year and available for appropriation.

Bond – A written promise to pay a specified sum of money (face value or principal amount) at a specified date or dates in the future [maturity date(s)], together with periodic interest at a specified rate.

Budget – A written report showing the local government's comprehensive financial plan. It must include a balanced statement of actual resource and expenditures during each of the last two years, or budget period, and estimated revenues and expenditures for the current and upcoming year or budget period. [ORS 294.311(4)].

Budget Committee – Fiscal advisory board of a local government, consisting of the governing body plus an equal number of registered voters appointed from within the boundaries of the local government. (ORS 294.414).

Budget message – A written explanation of the budget and the local government's financial priorities. It is prepared and presented by the budget officer. (ORS 294.403).

Budget Officer – Person appointed by the governing body to assemble budget material and information and to prepare or supervise the preparation of the proposed budget. (ORS 294.331).

Budget transfers – Resources moved from one fund to finance activities in another fund. They are shown as "transfers out" in the originating fund and "transfers in" in the receiving fund.

Capital budget – A plan of proposed capital outlays and the means of financing them.

Capital outlay – An expenditure category encompassing all material and property expenditures of \$10,000 or greater, with an expected useful life exceeding one year. This includes, but is not limited to, expenses incurred in the purchase of land; the purchase, improvement, or repair of city facilities; or the acquisition or replacement of city equipment.

Capital improvement plan – An annual, updated plan of capital expenditures covering one or more budget periods for public facilities and infrastructure (buildings, streets, etc.) with estimated costs, sources of funding and timing of work.

Capital project – Those activities resulting in the acquisition or improvement of major capital items such as land, buildings, and city facilities.

Capital fund – A fund established to account for dedicated funds for a specific future capital expenditure.

Cash basis – System of accounting under which revenues are accounted for when received in cash and expenses are accounted for when paid. [ORS 294.311(7)].

Contingency – An expenditure classification for those resources reserved to fulfill unforeseen demands and expenditures.

Contractual services –A formal agreement or contract entered into with another party for services. Services obtained in this category usually include repairs, professional fees or services.

Committed beginning balance – the category established by GASB 54 to mean funds which are committed for specific use by the governing body of the organization.

Community Development Department – the city department that includes public works, engineering, airport and wastewater services.

Community Development Block Grants (CDBG) – Federal program provides annual grants on a formula basis to states, cities, and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for lowand moderate-income persons. Within federal agency Housing and Urban Development (HUD).

Community Emergency Response Team (CERT) –Educates people about disaster preparedness for hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. CERT operations are based with Yamhill County.

Cost of Living Adjustment (CoLA) – an escalator used to increase costs by an established metric to adjust for inflation. The City uses a CoLA for annual salary and wage scale increase as well as with certain fees and contracts.

Debt – An obligation resulting from the borrowing of money or from the purchase of goods and services. Debts of governments include bonds, time warrants and notes.

Debt service – Payment of interest and principal on an obligation resulting from the issuance of debt.

Debt service fund – A fund established to account for the accumulation of resources for, and the payment of, long-term debt principal and interest.

Depreciation – The allocation of the cost of a capital asset over the estimated service life of the asset.

Diversity, Equity and Inclusion (DEI) – work related to diversity, equity, and inclusion, aligned with the City's strategic plan, Mactown 2032, to achieve culturally responsive service delivery, programming, and communication strategies.

Employee benefits – Social security; medicare; PERS retirement; group health, dental and life insurance; workers' compensation; section 125 plans; unemployment; and health savings plan.

Enterprise funds – Funds established to account for activities financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis are financed or recovered primarily through user charges.

Expenditure – A liability incurred for personnel, materials & services, debt service, capital outlay, or other requirements during a budgetary period.

Expense – Outflow or other use of assets or incurrence of liabilities (or combination of both) from delivering or producing goods, rendering services or carrying out other activities that constitute the entity's ongoing, major or central operations.

Fiscal year (FY) – A 12-month period to which the annual operating budget applies at the end of which a government determines its financial position and the results of its operation. The City's fiscal year is July 1st through June 30th.

Full faith and credit obligations (FFCO) – debt backed by the full faith, credit of the government, including the general fund.

Full time equivalent (FTE) – One FTE is the equivalent of one employee who works 40 hours per week on average. A .50 FTE equals one employee who averages 20 hours per week of work. Two people working 20 hours per week equal one FTE.

Fund – A fund is a fiscal and accounting entity with a selfbalancing set of accounts, recording cash and other financial resources, together with all related liabilities and residual equities or balances, and changes therein, which are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. **Fund balance** – The balance remaining in a fund after expenditures have been subtracted from resources.

Fund type – One of eleven fund types in general categories including general fund, special revenue, debt service, capital projects, permanent funds, enterprise, internal service, pension trust, investment trust, private purpose trust, and agency funds. [GAAFR 26/27]. Descriptions of all the City's funds and respective fund types are found in the Financial Overview section of the budget document.

General Fund – A fund established for the purpose of accounting for all financial resources and liabilities of the governmental entity except those required to be accounted for in other funds by special regulation, restrictions, or limitations.

General obligation (GO) bonds – A bond backed by the full faith, credit, and taxing power of the government. GO bonds must be approved by the voters.

Generally accepted accounting principles (GAAP) -

Uniform minimum standards and guidelines for financial accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules, and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guidelines or general application, but also detailed practices and procedures.

Governmental accounting – The composite activity of analyzing, recording, summarizing, reporting and interpreting the financial transactions of governments.

Governing body – County court, board of commissioners, city council, school board, board of trustees, board of directors, or other managing board of a local government unit.

Grants – Contributions or gifts of cash or other assets.

Indirect service – Allocated costs of general administrative departments that are required to manage the city and provide support to all funds.

Infrastructure – Facilities on which the continuance and growth of a community depend, such as roads, bridges, and drainage system.

Interfund Ioan – Loans made from one fund to another (ORS 294.468). The City has used interfund borrowing to fund capital needs at a lower interest rate and transactional cost of borrowing.

Internal service funds – Funds established to account for any activity that provides goods or services to other funds, departments or agencies of the primary government and its component units, or to other governments, on a cost-reimbursement basis. (ORS 294.343). The City has two that provide Information Services and Insurance Services to the organization.

Kids on the Block (KOB) – An after-school enrichment program currently managed by the City Parks and Recreation Department.

Length of Service Awards Program (LOSAP) – LOSAP is the City's retirement benefit plan for volunteer firefighters and is included in the General Fund's budgeted beginning balance but is excluded from the calculation of the City's operating reserve level.

Levy – The amount of ad valorem tax certified by a local government for the support of governmental activities.

Liabilities – Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future.

Local option tax – Taxing authority (voter-approved by a double majority, except in even numbered years) that is in addition to taxes generated by the permanent tax rate. Local option taxes can be for general operations, a specific purpose or capital projects. They are limited to five years unless designated for a capital project, in which case they are limited to the useful life of the project or 10 years, whichever is less.

MacTown 2032 – City's strategic plan which articulates its *vision* – a collaborative and caring city inspiring an exceptional quality of life, *mission* – delivering high-quality services in collaboration with partners for a prosperous, safe and livable community, and *values* – stewardship, equity, courage and accountability. The plan, issued in January 2019 after an interactive process that included over 100 community members, local organizations and 1,000 survey takers, lays out community defined strategic priorities that will ground the work of the City for the next 15 or more years.

Materials and services – An expenditure category encompassing non-capital, non- personnel expenditures. These include expenses for travel and training, operational and program needs, and contracted services.

Maximum assessed value (MAV) – The maximum taxable value limitation placed on real or personal property by the constitution. It can increase a maximum of three percent per year on existing property. The three percent limit may be exceeded if there are qualifying improvements made to the property, such as a major addition or new construction.

Modified accrual basis of accounting – A basis of accounting where revenues are recognized when they are both measurable and available and expenditures are recognized at a time when liability is incurred pursuant to appropriation authority.

Non-spendable beginning balance – the category established by GASB 54 to mean funds which are unable to be spent in the fiscal year; City of McMinnville non-spendable items are pre-paid expenses.

Operating budget – That portion of an annual budget that applies to non-capital projects, non-capital outlays, transfers, contingency and unappropriated ending fund balance. The combined categories of personnel services and materials and services can be combined to provide the operating budget. **Ordinance** – A formal legislative enactment by the governing body. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the jurisdiction.

Oregon revised statues (ORS) – The set of laws established by a vote of the people or the Oregon State legislature.

Part time plus employees – Employees that work 20 hours or more a week, compensated on an hourly basis, with a limited rage of fringe benefits.

Personnel services – An expenditure classification encompassing all expenditures relating to employees. This includes union and non-union labor costs, employee benefits, and payroll tax expenses.

Permanent tax rate – The maximum rate of ad valorem property taxes that a local government can impose exclusive of other voter approved levies. Taxes generated from the permanent rate limit can be used for any purpose. No action of the local government or its voters can increase or decrease a permanent rate limit. The City's permanent rate is \$5.02 per \$1,000 taxable assessed value.

Program – A group of related activities performed by one or more organized units for the purpose of accomplishing a function for which the governmental entity is responsible (subunit or categories or functional areas).

Program budget – A method of budgeting whereby resources are allocated to the functions or activities rather than to specific items of cost. Services are broken down into identifiable service programs or performance units. A unit can be a department, a division, or a workgroup. Each program has an identifiable service or output and objectives.

Public Employee Retirement System (PERS) – State government, public schools, community colleges, and many local governments (cities, counties, and special districts) participate in PERS. Approximately 900 public employers, covering about 95 percent of all public employees in Oregon. The City contributes the employer rate (changes each biennia) and the employee's rate (the 6% pick up).

Publication – Public notice given by publication in a newspaper of general circulation within the boundaries of the local government.

Real market value (RMV) – The amount in cash which could reasonably be expected by an informed seller from an informed buyer in an arm's-length transaction as of the assessment date. In most cases, the value used to test the constitutional limits. **Reserve** – The City of McMinnville calculates its reserve as the sum of contingencies and unappropriated, unrestricted ending fund balance. The City Reserve Policy states that all funds (with a few specified exceptions) must budget to achieve an ending fund balance of two month's worth of operating expenses (Personnel Services and Materials and Services). The General Fund has a five year plan to rebuild its reserve to this target level (by FY2025-26).

Resolution – A formal order of a governing body; of lower legal status than an ordinance.

Resources – Total amounts available for appropriation including estimated revenues, transfers in and beginning net working capital.

Restricted beginning balance – the category established by GASB 54 to mean funds which are committed for specific use by contract, law or grant agreement.

Revenue – Receipts for the fiscal year including transfers and excluding beginning net working capital. The major categories of revenue include taxes, intergovernmental revenues, grants, charges for services, interest and rents, fines and forfeitures, other revenues and transfers in.

Revised budget – A budget which includes all changes made to the original adopted budget as a result of budget adjustments and the supplemental budget process.

Special revenue funds – Funds used to account for receipts from revenue sources that are legally restricted or otherwise designated for special projects.

Supplemental budget – A financial plan prepared to meet unexpected needs or to spend resources not anticipated when the original budget was adopted. It cannot be used to authorize a tax.

System development charge (SDC) – A fee paid at the time a permit is issued which is restricted to projects which will mitigate the impact on a specific service.

Tax levy – The total amount eligible to be raised by general property taxes.

Tax rate – The amount of tax levied for each \$1,000 of assessed valuation. The tax rate is multiplied by the assessed valuation to determine the tax imposed.

Transfers – Legally authorized interfund transfers of resources from one fund to another fund.

Transient Lodging Tax (TLT) – a tax imposed by a unit of local government on the sale, service or furnishing of transient lodging. ORS 320.300(4). The City's tax rate is 10% of rental income. The law requires a minimum of 70% of revenues to be spent on tourism. Visit McMinnville (VM), a non-profit marketing organization with the sole purpose of marketing McMinnville as a tourist destination, receives 70% of the TLT collected and the remaining 30% is transferred to the General Fund.

Unappropriated ending fund balance – A classification for those resource amounts not appropriated for any purpose and reserved for ensuing fiscal years. This may include specific reserves for buildings or equipment or may be generally reserved funds for no specific purpose.

Urban Renewal District – a district is activated when the city or county governing body declares by ordinance that a blighted area exists in the city or county and there is a need for an urban renewal agency (URA) to function in the area. The City of McMinnville Urban Renewal Agency is an example of a URA.

User fees – The payment of a fee for direct receipt of a public service by the party benefiting from the service.

Voluntary Employees Beneficiary Association plan

(VEBA) – An employer-sponsored trust used to help employees pay for qualified medical expenses. All benefits eligible employees have a V EBA plan as part of their benefit package.

Date: 04-13-2021

City of McMinnville - 2021 Budget Hearing - City Council:

Encompass Yamhill Valley is requesting funds from the City of McMinnville 2021 Budget Hearing. We are a new 501(c)(3) nonprofit taking the place of Champion Team in McMinnville.

Our mission is to: Provide, coordinate and support housing and services to those in Yamhill County who are "houseless." Build a broad coalition of community partners to seek solutions that will ultimately bring our "houseless crisis" to an end.

Encompass Yamhill Valley is a diverse community of partners including houseless neighbors, that advocates, coordinates and supports low barrier affordable housing and services.

We appeal to your collaborative nature to assist our Encompass Yamhill Valley endeavor through funding us with \$10,000.00 to allow us to move forward as quickly as possible to help those the underserved houseless citizens with services, referrals, and assistance.

Thank You for your consideration!

Howie Harkema

FY2021-22 Budget Public Comment – from web form on city website

Submitted on Friday, May 7, 2021 - 8:31pm

Name Gretchen Freeman

I live in the City of McMinnville Yes

Question/Comment 1

What is causing the City's budget shortfall with more than 200 new homes in northwest McMinnville now paying property taxes and \$7.5 million in ARPA federal assistance funding on its way? ARPA funds in particular are meant to stabilize operations and return people to work during the pandemic, not to build up a reserve fund while parks, recreation and library services are throttled.

Question/Comment 2

I understand that furloughed non-Union employees will work a shortened work week but receive full compensation through state and federal unemployment benefits. The City plans to direct the furloughed salary savings into its reserve fund. It seems to me that both the employees and the City are beneficiaries of this new arrangement--but City residents have lost access to the Aquatic Center and other services due to inadequate staffing. Why not pause the reserve fund policy instead of banking reserve funds in the middle of forced closures?

Question/Comment 3

When does the Council intend to review its decision to furlough City employees with the intent to restore services to residents to pre-pandemic levels?

Question/Comment 4

Through what channel should a resident such as myself ask questions about City government or finances and expect to receive responses when both email and voicemail inquiries have been unanswered by the City Manager and the Mayor's office?

Hello Budget Committee (by blind copy) and Executive Team,

Attached you will find three documents:

- 1. Questions from Budget Committee members and Answers on the FY2021-22 budget
- 2. An Oregon Department of Transportation 2-pager associated with one of the questions
- 3. A proposed budget adjustment to include American Rescue Plan dollars in the budget

I do not include additional public comments from the web site as we've only received the one that was already sent to you last week by Claudia.

In the end we received questions from five members of the budget committee – thanks SO much for your engagement and close reading of the document.

See everyone Wednesday at 6pm for both the City and Urban Renewal Budget Committee meetings!

Jennifer

Jennifer Cuellar Finance Director, City of McMinnville 503-434-2350

FY2021-22 Proposed Budget Questions from Budget Committee Members

Just curious why we are including Safer grants we have not received in the Budget? Also curious as to how many firefighters, 3 or 5. I thought we voted for 5?

The safer grant was budgeted because Council voted on making the application and I was concerned Council or community members might wonder why it was not incorporated into the budget. If the City doesn't receive the grant, the appropriated funds will not be spent. FY22 year 1 SAFER grant estimate amount (\$137,587) is found on page 215 of the Fire Department section.

The clearest presentation regarding the FY22 Full Time Equivalent (FTE) staffing level impact for the SAFER grant is in the Personnel Services section described on page 49 and in the table on page 51. Council did vote for 5 fire fighters. In FY22, the staffers would come on board in Feb 2022 which means a prorated FTE number for this year of 2.1 staff members. The total net change in Fire Department staffing is just under 1.5 FTE compared to the prior year due to the choice to reduce part time, extra help hours. The net change can be seen on page 50 and in the Fire Department section's FTE graph on page 208.

Can you talk me through what makes up the \$18 million in property tax in the Financial Overview section on page 15? That seems higher than what I thought the City's property tax amount is each year.

The city's total property tax includes the permanent rate portion for the City of McMinnville, \$5.02 per \$1,000 assessed property value, plus the taxes collected for voter-approved capital bond measures.

\$15,272,000 + \$2,767,000 = \$18,039,000

The City includes the \$15 million component noted above in the general fund to support the basic operating expenses of much of the city's public service portfolio including police, fire, parks and recreation programming, parks maintenance, library, municipal court, planning, engineering, city administration and financial services.

The second component are funds restricted to the payment of debt service on bonds that pay for capital investments in transportation/street projects, park infrastructure and the Public Safety/Courtroom/Civic Center buildings.

FY22 includes a milestone for the City: the Parks and Recreation Department's 2011 Refunding bond will be retired. This results in a reduction of property tax rates for McMinnville residents: FY2020-21's rate for bond's was \$1.27 and it is estimated to be \$0.93 in FY2021-22, a decrease of over 25%. In many communities, a replacement bond will be brought before the voters in order to keep up with capital investment needs. The McMinnville Programming Advisory Committee (MacPAC), is examining the future of recreational facilities, library and other programs that serve the community which may ultimately culminate in a new bond measure for the city.

More discussion of property tax can be found in the Financial Overview on pages 23 – 25, 28; in the General -Non-departmental section on pages 337, 339, 342; and in the Debt Service section on pages 433-434, 436.

Note: the Urban Renewal District collects property tax as well but this is not included in the City's budget document. It is described in the separate Urban Renewal Budget document.

Also in the Financial Overview graph on page 15, I see the beginning balance of \$54,361,000. I compare that to the ending balance (37,515,000) plus contingency (5,682,000) for a total of \$43,197,000. Should I be concerned about our budget plan that will see a decline of \$11,119,000 from the start of FY2021-22 to the end of the year?

The differential you are putting your finger on is an important one. It shows that the city as a whole plans to spend more in the FY2021-22 period than it will bring in during the year. A reduction in year end fund balance is not necessarily a bad thing though. In the case of the City of McMinnville's total budget, the primary driver of this decline is the **intentional** use of funds that have been saved over the last handful of years in the Wastewater Capital Fund. The Wastewater operation has a long-term capital plan that builds future capital construction needs, including repair and replacement of aging sewer lines, into its rate plan, and thus is able to save the rate payers of the system the cost of financing these projects.

The General Fund makes the second most substantial contribution to the decline in city-wide fund balance with negative \$1.86 million in net revenue on a current year basis. This is a negative current net revenue trend that is concerning because it represents a lack of financial sustainability for the fund. An approximate \$2 million gap exists between the city's available resources and the cost of delivering the current suite of services to the community each year. The City has been working to address this imbalance between the services the community needs and expects in a number of ways the last couple of years with the introduction of new franchise fees and identifying city services which should be supported by user-based, cost-recovery mechanisms. Perhaps most notably over the last year, the City embarked on a study and multi-jurisdictional discussion of the re-organization of fire-EMS service delivery across the region, which would ultimately contribute to creating a more sustainable financial footprint for vital city services.

A proposed Council goal for the upcoming year is to review options utilized in other Oregon municipalities to fund city services. Just last month, the City conducted a poll which asked McMinnville voters about two funding options which would raise \$2 million annually; the amount was based on this funding gap for current service levels. As with the recent policy commitment to incremental improvement in the City's reserve levels, combined action by the governing body and staff to make progress on addressing financial sustainability in the General fund will also be seen as a positive indicator for the future health and creditworthiness of the City.

Also of note is the negative \$850,000 current FY2021-22 net revenue seen in the Debt Service Fund which is also of the planned variety. It is due to the timing of the last payment for the Parks and Recreation bond that is being retired. That final payment will be made in August 2021 so it was funded from FY2020-21 property tax collected in November 2020 (waiting until November 2021 would be too late!).

Attached is a summary of current FY2021-22 net revenue for each fund in the City's budget with a separate column for the two funds in the Urban Renewal Agency's budget. This financial data presentation is not available in the budget document elsewhere and may be of interest to the Budget Committee.

"Current Net Revenue" =

Current FY2021-22 revenue (all sources except beginning fund balance) minus current FY2021-22 expenses (all outlays except budgeted contingency and/or ending fund balance)

(11.119.29400)

Net G rand Totals:

Personnel services are the biggest category of expenditure in the City-wide budget at almost \$28 million and, in the General Fund, personnel make up 73% of that budget. PERS is the highest proportion of those costs after wages and seem to only be going up – is there anything we can do about retirement costs?

Unfortunately, the very short answer is that the City can do very little to influence PERS retirement costs as the rates are set at the state level and are a product of actuarial science, the value of the PERS investment portfolio every other December 31 and a handful of other non-local factors. Near term, there is continued expectation that demographic realities of the current workforce and retired members will mean increases in employer rates over the next several biennia. BUT we are seeing for the first time data that represents the eventual demographic shift which will begin to bring rates down from their highs in the future. On page 46 in the Personnel Services section there is a table comparing the prior 2019-21 biennial rates with the upcoming FY2021-23 rates which go into effect on July 1, 2021. If you look closely, there is one retirement category which has a declining employer rate next biennium: PERS Tier 1/Tier 2 members 27.8% of covered wages down from 28.4%.

Does the city move employees up a step on the grade every annual anniversary based on successful evaluation and is that step 5%? If yes, what would you say is the percentage of employees who don't receive a step increase annually?

When doing the class/comp study, was any consideration given to 2.5% steps and increasing the number of steps from 6 to 9 or 11?

I ask because if employees move each year that would be a very generous progression in just 6 years, adding considerably to personnel costs which are already a big percentage of general fund. I just don't want to assume the annual step. I would consider 5% per year too much especially if COLA is added into the mix.

The City has worked on a classification and compensation study for general service employees to position the organization to be able to recruit and retain talented employees in our various lines of service. One of the realities in the City's current wage structure is that the great majority of non-represented employees are at the top of the scale and do not earn step increases. This was a key factor driving the need to recalibrate our structure using a market-based wage analysis. Increasing the number of steps is also a recommendation that we anticipate will be a feature of the new structure as well.

The implementation of the class and comp study has been delayed over the course of the last year for a number of reasons; predominantly it has fallen victim to the opportunity cost of meeting the unanticipated and unique human resources and support services needs arising during the pandemic year.

The general service wage tables presented in the budget are the old wage scales that had been built over the course of the last several decades; some have consistent distance between steps, others do not. The budget anticipates funding to implement the initial year of the classification and compensation study.

Wage structures for represented staff are evaluated and negotiated frequently and, as such, do not risk becoming unterhered to market level wages in the way the balance of the workforce's structure can.

I could see the big storm damage and park clean up came from the divisions currently allocated resources. Where exactly were those funds from and were any services lost as a result? How much did the clean up cost approximately. I can see it is still ongoing in the parks and I worry we will just get finished in time for the next winter and that it is likely we will continue to have more extreme weather. Was any allowance made for clean up in this year's parks budget? I realize the city has contingency funds but they were assumed inaccessible this year so would prefer to see some contingency within parks budget.

Since the proposed budget was balanced, we have gotten word that FEMA public assistance grants will be available to offset a portion of the City's costs of the winter storm (typically they are reimbursed at 75% but we have yet to get all of the contract details). As I understand it, this funding source will help offset costs to date as well as future projects as the clean up has not been completed.

Had these funds not become available, they would have been covered by general fund dollars. The parks maintenance and parks and recreation staff continue to work together to keep balancing the need to clean up and restore parklands damaged by the storm with the limited financial resources available.

P2 Each department was asked to present second round requests that were 10% lower than first round numbers. –what were first round numbers??

The reports the city presents historically doesn't include this round; we could consider adding it in to the custom report that we use for the budget book.

The negative ending fund balance number in the initial budget was what we needed to address to get back to zero and then we targeted funding the reserve (contingency plus ending fund balance (EFB) without the Length of Service Award Program portion in the EFB) at minimum of the FY2020-21 budget level. That's the approximate \$3.5 million budget gap referred to in the Budget Message.

Annual Budget by Fund Category Report Report by: Account Classification

City of McMinnville Budget Committee May 19, 2021 meeting document

P3 what would trigger the extension of furlough days? What would signify the ability to get rid of furloughs?

How actuals play out through the end of the 2020-21 fiscal year would be primary trigger this summer whether further austerity measures are needed.

P8 "An "estimated not to be received" collection factor of 7.5% has been used to calculate current property tax revenue." How does that compare to elsewhere? Could we do anything to bring that down?

Every year this factor is calculated by the state for each county based on its collections for the year and is pretty durable over time. It's based on how quickly people pay their annual property taxes. State law also plays a role as effectively it takes five years for a property to be foreclosed on due to unpaid property tax. I don't think there is much direct action the City can take to move the needle on this metric.

P105 professional services in 2021 was \$12,000. Budget for 2022 is \$1,230 is that right? Similarly Accounting goes from \$6,800 in 2021 to \$16,200 – big difference

The 7750 line item across the organization holds some allocated services across the organization (as noted: audit fee, section 125 admin fee – a payroll cost – and city-wide trainings) as well as department-specific outlays. For FY2020-21, I was unfamiliar with these practices and included a much higher professional services budget than was needed.

7840-05 holds the items that the Information Services team purchases for each department/fund. In FY2021-22 we are adding a debt tracking software application that the city did not have previously. The 5-year cycle of replacing computers is higher than the prior year for two reasons: more units hit their "birthdays" next year and I requested more computing power and that all replacements be mobile in nature as opposed to the tradition of purchasing desktops.

Description	t Ø	Number of Units 🛛 🔅	Amount per Unit 🛛 🔅	2022 Total Amount 🔹
♥ Contains		∀ l Equals	∀ l Equals	∀ l Equals
Add new row				
Debt tracking software app		1.0000	\$6,500.00	\$6,500.00
Lexmark printer maintenance		1.0000	\$300.00	\$300.00
Mobile computers / docking stations		3.0000	\$2,400.00	\$7,200.00
Office 365 licensing		5.0000	\$240.00	\$1,200.00
Scanner		1.0000	\$1,000.00	\$1,000.00

nature as opposed to the tradition of purchasing desktops Balance of Transactions \$16,200.00

P113 engineering fees go from \$50,000 to \$100,000 - why?

This is part of the "sharpening the pencils" activity. I advocate that when staffers are budgeting, they look at actuals and trends and, unless they know something specific that would indicate averages of past years actuals are not a good representation, use that information in their budget as opposed to the City's traditional methodology of budgeting conservative estimates. In this case, the average for past 5 years is \$99,000 so budgeting a round \$100,000 is a reasonable projection to make. In this specific case

as well, the engineering department became aware of more projects that will likely join the queue so budgeting \$100,000 from that perspective as well was comfortable for them.

P121 huge difference in Planning> intergovernmental from 2021 actual to 2022. I assume that was COVID related relief?

In the prior year, planning had a \$225,000 Oregon Department of Land Conservation grant (not covidrelated). This year a similar grant is not on the table for the Planning Department. Grant supported activities are often one-time projects that do have the effect of swinging revenue and associated expense lines significantly from one year to the next.

I do not understand why Planning Dept has numbers in 2019 and only zeroes in 2021 and 2022

In FY2019-20, the Planning department moved to tracking costs discretely for current and long-range planning programs. Oregon budget law requires that data be available for the prior three years in the budget document so the FY2020-21 budget has these 0's because there still is data in the FY2018-19 period. Next budget cycle this portion of the planning departments account code will be phased completely out of the budget document.

P155 Police – difference in intergovernmental is substantial – why? Is this the grant for body worn cameras?

Yes – the swing in the intergovernmental category is the \$385,000 grant for body and in-car cameras is a one-time grant scheduled for FY2021-22 (p. 156 in the budget book as printed).

P174 Police – mid-valley reserve training. Why this year and not others?

The City of McMinnville just this year began coordinating this multi-jurisdictional program as the prior community which managed these funds is going to a different methodology for reserve training. For this reason, the budget category is appearing for the first time.

P206 why were parking fees so high in 2021 (\$18,000) and anticipated to be so low (\$6,000) in 2022?

This revenue differential is directly linked to Covid-19. Many fees have gone down in this period. While the FY2020-21 budget was \$18,000 the actuals we anticipate for the year are looking to be around \$5,000 and FY2021-22 represents a small uptick relative the current year actuals.

Library - could friends of the library fundraise for Volunteer Recognition and/or new computers?

This is a question that can be asked of the Library Director during the budget meeting. I'll send her the question so she has the information for you.

Library Resources - misc is Huge \$61,000 last year and \$51,000 this year - what is that?

The Miscellaneous Revenue category (p. 325 as printed) is made up of a number of smaller items these are listed on pages 329-330 (as printed) which in the main are fairly stable year over year.

Odd question - How are Friends of the Library and Library Foundation different??

I'll ask Library Director to send this information out to the Budget Committee.

General Fund - Transfers in - insurance company drops from \$599,000 to under \$200,000 = why?

In FY2020-21 (and in the year prior to that), a distribution back to departments from the Insurance Services Fund was made as the fund balance for the Insurance Services Fund well exceeded the amount needed to pay for insurance coverage. Now that the fund balance is at a more reasonable level, there is not excess to distribute back to the funds that originally paid into this internal service cost center. Some additional discussion of this is found on p. 530 (as printed).

P347 Resources St marijuana money drops from \$167,000 to \$56,000. Why? Page 337- The year needs to be changed in a number of places.

This is a direct result of the passage of Ballot Measure 110 in the November elections which uses state recreational marijuana tax to support mental health services. The portion originally allocated to go to cities and counties has been significantly reduced. The FY2021-22 budgeted amount is a projection based on the League of Oregon Cities information on the subject.

Also of note, it appears that the entire narrative section for General Fund-Non-Departmental (p. 337-338 as printed) was not updated relative the prior year data and budget book. This is completely my bad (JCS).

P370 "past sins" balance???? I do not know this term.

It appears that 2001 an agreement was reached with TCI/ATT to allocate a pot of money for the City's use to make up for some past error or bad business practice of some sort and it was referred to as "past sins." From the narrative, the settlement appears to have been fully paid out in FY2010-11.

P440 why are property taxes expected to be nearly \$1MM less in 2022???

In FY2021-22, the City will levy \$2,904,650 in property taxes for principal and interest debt service payments on general obligation bonds. This levy will result in an estimated tax rate for debt service of \$0.9301 per \$1,000 of assessed property value. This tax rate is down over one quarter from last year's rate of \$1.2685 per \$1,000 because the Park Bond will be paid off in August 2021 prior to the November FY2021-22 tax collection cycle. Additional discussion of the retirement of this debt can be found on p. 433 (as printed).

Page 16 - The Transfers In and Transfers Out correspond, but why aren't they equal amounts?

Transfers are flows of money from one fund to another, including from/to the Urban Renewal Agency (URA) to the City. The difference between City Transfer in and out is a positive \$233,410 and for the URA it is a negative 233,410. Most of that (\$187,000 – p. 345 as printed) is for the debt service; the URA uses tax increment financing dollars (the property tax it collects) to reimburse the City for a loan it took out to pay for Alpine Avenue street improvements within the URA's boundaries. The balance is the budget estimate for reimbursing the cost of administering the URA by city staff.

Page 29- The page seems to begin mid sentence? I just wanted to double check it wasn't missing information.

It appears the construction value graph on the prior page somehow was placed on top of some narrative information - I've never seen that happen before! The language missing is:

General Fund Expenditures – With Personnel Services making up 73% of all General Fund expenditures, economic trends which

influence wages and fringe benefits can have a considerable impact of the City's cost of delivering services to the public.

Page 35- What are federal exchange dollars and Oregon federal exchange dollars?

This is a program where the state and local jurisdictions (cities and counties) partner to maximize the positive impact of federal transportation block grants allocated to smaller communities and rural, unincorporated areas of the state. Attached is a 2-page summary of the program produced by the Oregon Department of Transportation.

Pages 37-39 is a duplication of pages 34-36

You are right! I completely missed that we inserted the dupe when making the final review of the document. My apologies.

Page 40 - I wanted to double check that I understood correctly that the Wastewater Capital Fund is a Capital Fund Project and should be put in orange on the diagram.

It's actually both, a capital fund within an enterprise fund. But that isn't spelled out clearly. We'll look at this section and see how to better present the information regarding the dual nature of this fund. Thanks for pointing out the inconsistency of the categorization narratively with how it is presented graphically.

Page 42- Interest rates are at a historic low right now. Can we issue "refunding bonds" again? Or is there other debt that we can refinance to take advantage of current interest rates?

Federal and state laws as well as the tax code govern municipal bond refinancing activities – as well as other debt instruments used to finance capital projects. Typically a bond issue can only go through a refunding process a single time. Two of the cities current bond issues are refinances – the Parks Bond and the Public Safety/Civic Center Buildings.

We are looking at alternatives for restructuring one of the full faith and credit obligation loans (fire truck loan from 2014) in our portfolio as May 2021 is the first month we can consider new financing without incurring a penalty.

In the last two fiscal years, the City has pursued internal borrowing options for some capital equipment purchases as the most economical form of borrowing both in terms of transaction cost and interest rates the City has at its disposal. The proposal to pursue a more consistent program of internal borrowing and the trade-offs that involves is on Finance's list to bring to the Council in an upcoming worksession; it is my hope that we will be able to make time for that topic within the next six months, potentially as a part of the resources discussions that are getting underway.

Page 70- How does "A small investment in affordable housing expenses" fall under Administration in the General Fund? Is it like a discretionary fund for the city council?

Because the city doesn't have a housing department, the choice was made in FY2019-20 to budget Affordable Housing dollars in this category As I understand it, this line item didn't exist prior to two years ago. Depending on how the City's affordable housing program evolves, it may make sense to move it to another general fund department or potentially to a grant fund if restricted monies become available to support the work.

Page 199- How come the Credit Card fees under Materials and Services goes from averaging \$10,000 to \$0 in the proposed budget?

The Municipal Court is moving to a new merchant services vendor which offers online payments and a more affordable fee structure. Under some circumstances, municipal organizations that accept credit cards have the option to pass on a "convenience fee" to the payer as opposed to absorbing the fees. We plan to switch over to the convenience fee model when our new service line is implemented.

Surface Transportation Block Grant (STBG)

Fund Exchange Program

Fund Exchange

- Exchange rate: 94 cents per 1 dollar
- Applies to Cities with 5,000 –200,000 population, and all Counties.
- Does not apply to CMAQ, Local
 Bridge, TAP, or other federal funds

Types of Projects

- Paving roads
- Equipment purchase
- ADA (Sidewalks)
- Project planning
- Safety
- Transit
- Material purchase

Federal Policy on Fund Exchange

- Flexible local project funding
- Reduces oversight costs
- More cost-effective for small projects

Source: Government Accountability Office. 2014. Federal Highway Administration could further mitigate locally administered project risks (GAO-14-113).

What is Fund Exchange?

The Fund Exchange program provides local agencies a flexible funding option for delivering transportation improvements without being constrained by federal requirements. Funding may be used for projects to preserve and improve conditions on and performance of any federal-aid highway, bridge or tunnel project on any public road, or pedestrian and bicycle infrastructure within drivable right of way.

What authorizes Fund Exchange?

The Oregon Department of Transportation has an agreement, located <u>here</u> with the Association of Oregon Counties (AOC) and League of Oregon Cities (LOC) which provides Federal Surface Transportation Block Grant (STBG) funds to cities, counties, and non-Transportation Management Area (TMA) Metropolitan Planning Organizations. Fund Exchange provides an opportunity for local cities and counties to exchange their Federal STBG dollars for State Highway Fund dollars.

How does the Fund Exchange process work?

Fund Exchange provides an opportunity for local cities and counties to exchange their Federal STBG dollars for State Highway Fund dollars. Local agencies may exchange Federal STBG funds for state dollars at a rate of 94 cents in state funds for every 1 dollar of federal funds. Agencies may request funds on eligible projects through a reimbursement process.

What projects are eligible?

Projects which develop, improve and/or preserve existing transportation system, and be state gas tax eligible. Types of projects include, road paving and chip seal, ADA required improvements, transportation planning, or the purchase of equipment to maintain eligible roads.

How do I apply for Fund Exchange?

Submit application letter to your Region contact. Application letters should be on agency letterhead and include the following information:

- Name and location of project
- Type of project (roadway, equipment, material, etc.)
- Name of all roads/sidewalks on which agency will perform work
- Location of roads (must be within the city or county requesting funding)
- Jurisdiction authority of roadways included in project
- Does the project area cross, abut, or in any way intersect a state highway?

Note: Funding must be available in the year the project will be delivered. Agencies are not allowed to borrow from future allocations. No project work may begin and reimbursement will not be made without an executed Inter-

Fund Exchange Program

American Rescue Plan – Proposed Budget Adjustment

Staff is recommending that the funds for the American Rescue Plan (ARP) be added to the city's FY2021-22 budget. While there are still many unknowns associated with the funds, we do know that significant one-time funds will be coming so believe it is the most transparent and prudent course to include with the Budget Committee's adopted budget.

Staff proposes that the amount estimated by the Congressional Research Service for the City of McMinnville's share of the ARP of \$7,081,800 is added to the FY2021-22 budget as a single revenue and offsetting expense line. If we have the true number from the Treasury department in time, staff will update the number for the appropriated budget passed in June by the City Council. We further propose that the grant appear in Fund 05 (where Community Development Block Grant dollars are budgeted) so these funds are clearly identifiable in the city's overall budget.

The City must pursue a number of different tracks concurrently to assure that we make the best ultimate use of these one-time funds for the benefit of the community including:

- Establish the City's principles for selecting ARP investments. Inputs for drafting principles may include
 - MacTown 2032 priorities and values
 - State of Oregon Principles
 - o Clarification on ARPA rules and eligible uses
- Identify and begin talking with community partners
- City Council briefing and discussion regarding
 - o details known about grant program
 - finalizing principles for funding projects and investments
 - community engagement plan
 - timeline/process for gathering proposed uses
- Establish administrative framework for proposing, evaluating and reporting on funded activities

Further budget action during FY2021-22 is likely once choices have been made as to how to utilize these funds to add more detail to the City's budget.

Note – many communities are finding that their allocation from the Treasury Department has been considerably different from the original published amount. As of 5/18/2021 we do not have the official McMinnville award amount.
