October 21, 2020

McMinnville City Finance Director Jennifer Cuellar,

Please consider this my second formal complaint against Scott Hill, candidate for McMinnville Mayor. Mr. Hill's PAC name is "Re-Elect Scott Hill Mayor" and his PAC number is 20862. I believe Mr. Hill is in violation of city ordinances 5092 and 5096 that state that "dominant contributors" who contribute over \$1,000 in aggregate contributions should be listed on campaign materials.

Mr. Hill received a contribution in the amount of \$2,500 on 10/5/2020 from the political action committee "Oregonians for Affordable Housing", directly associated with Homebuilders Association of Metropolitan Portland.

In addition to the mailers, printed and digital ads described in my first complaint, Mr. Hill has continued to print and advertise digitally in non-compliance of city ordinances 5092 and 5096. Please see attached examples of the violations.

Some of the ads have changed from what was listed in my first complaint, however others have not changed to include the necessary dominant contributors. As you can see, some of his ads now show "Major donors: Oregonians for Affordable Housing, Steven Rupp, Patricia O'Leary, Edward Gormley, Alan Larsen". But, they do not list Oregonians for Affordable Housing PAC's top donors.

Per City Ordinances 5092 and 5096, if dominant contributors include a political action committee, and that committee itself has aggregate contributions of over \$1,000, that committee's top 5 donors must also be listed on each campaign piece. Oregonians for Affordable Housing has multiple large contributions totaling over \$1,000.

Mr. Hill posted an expenditure of \$1,856.00 to News Register Publishing Company on 10/12/20. He also posted an expenditure of \$3443.30 to Oregon Lithoprint on 10/12/20. These expenditures are for printed newspaper advertising and direct mail. The material he is advertising does not meet the campaign finance requirements of City Ordinances 5092 and 5096. In addition, the volume of newspaper ads being published in the News Register does not match the expenditure levels. I believe Mr. Hill has not timely recorded all of his expenditures based on Oregon campaign finance laws. The cost of the volume of his printed and digital advertising in the News Register far exceeds what has been reported.

I believe Mr. Hill has violated state and city campaign finance laws and is subject to penalty.

I appreciate your prompt attention to this matter.

Thank you,

 10/21/2020

James Goings
2126 NW Elm Street
McMinnville, OR 97128
(503) 434-7646

Why I am Asking You to Re-Elect Mayor SCOTT HILL

The governing of McMinnville is currently at a crossroads. We need a person with a calming, gentle hand to effect the changes we need. We need a person with experience to lead us for the next four years—that person is Mayor Scott Hill.

I had the honor of serving 24 years as McMinnville's Mayor. Needless to say, the knowledge I had of managing the city grew immensely from the time I started to the time I retired. I have always spoken about the apprenticeship I served to be able to manage the role of McMinnville's Mayor.

I had two wonderful people to help work with me, both long serving city managers—Joe Dancer and Kent Taylor.

Likewise, Scott Hill has served that apprenticeship. He first became involved in learning the management of our city as a member of the Budget Committee, eventually chairing the committee.

After watching Scott's work with the city, his work at his church, his time as president of the McMinnville Area Chamber of Commerce, and his association with the McMinnville Downtown Association while he managed Key Bank, I encouraged him to run for an open city council seat. He was elected in 2017. We were very fortunate to have Scott as part of the team.

Based on his long experience, it was only natural that Scott stepped up to be our Mayor when Mayor Olson was elected to the County Commission.

Scott has lead us through four years of stress and change with the hiring of a new city manager, a change in city attorney, a homeless crisis (that continues), and now this pandemic.

The governing of McMinnville is currently at a crossroads with the angst of the business community, the homeless crisis problem, housing issues, social unrest, contested city council seats and the pandemic. In my experience and logic, this is not the time to change the top leadership position in McMinnville.

We need a person with a calming, gentle hand to effect the changes we need. We need a person with that kind of experience to lead us for the next four years—that person is Mayor Scott Hill.

~ Edward J. Gormley,
Mayor of McMinnville, 1988 to 2012

RE-ELECT MAYOR SCOTT HILL

There's no shortcut for experience!

Scott Hill will:

Grow our Economy and Restore Living-Wage Jobs

"It has been heart-breaking to watch hard-working men and women lose their jobs during this pandemic. As we emerge from these tough economic conditions, restoring living-wage jobs across our diverse industries will be my top priority."

Make our Community Even Safer

"Demonstrations across the nation have caused us all to re-think the best use of our brave policemen and women. With our police department, I am engaged in programs to make our community even safer and more livable."

Expand the Urban Growth Boundary to Increase Livability

"The exorbitant cost of land is driving up housing prices. I am actively working on the complicated process of expanding our urban growth boundary."

★ 28 YEARS IN MCMINNVILLE

Scott knows what makes McMinnville special and is working to maintain our livability.

★ 26 YEARS SERVING YOU AND THE CITY OF MCMINNVILLE

Scott will make the tough calls to give you the most efficient government possible.

★ 37 YEARS IN BANKING

Scott has the experience and know-how to guide our recovery from COVID-19 impacts.

Scott and Donna Hill with grandchildren Ryfynn, Seth and Audrey.

The News-Register Endorses Scott Hill

"We need a mayor proven to... navigate the convoluted policymaking processes on the upcoming docket. Scott Hill is clearly the better option."
