

## STATISTICAL SECTION

This part of the City's *Comprehensive Annual Financial Report (CAFR)* presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and supplementary information says about the City's overall financial health.

### Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

### Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue sources, property tax and sewer charges.

### Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

### Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

### Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in fiscal year ended June 30, 2003; schedules presenting government-wide information include information beginning in that year.

(a) The 1994 sewer system revenue bond issuance required the City to establish a sewer revenue bond debt service account with a trustee and to deposit monthly one-twelfth of the annual debt service. With the 2004 sewer revenue bond refunding, the requirement was eliminated from the bond issuance requirements as the City had 10 years of successful debt service payment history.

(b) As of fiscal year 2008-09, the Building Division moved from a governmental activity to a business-type activity. Net assets restricted for Building Division shrank by half in fiscal year 2008-09.

(a) During fiscal years 2005-06 and 2006-07, the City expended approximately \$1,817,000 and \$715,000, respectively, to build the Virginia Garcia Memorial Health Center, a primary care clinic. The City does not own the facility and therefore did not capitalize the expenditures.

(b) During fiscal years 2006-07, 2007-08 and 2008-09, the City subsidized the Ambulance business-type activity by \$300,000, \$300,000, and \$155,000, respectively, from the governmental activity Fire Fund. During fiscal year 2008-09, the Building Division moved from governmental activities to business-type activities for \$763,000.

(a) Since July 1, 2000, Oregon statute requires the accumulation of building fees over direct and indirect Building Division costs be reserved for exclusive use by the Building Division. Beginning fiscal year 2008-09, the Building Division moved out of the General Fund into a new enterprise fund, the Building Fund.

(b) The \$13.1 million 2006 Public Safety and Civic Buildings Bond proceeds were used to construct these two buildings during fiscal years 2006-07, 2007-08 and 2008-09.

(c) The \$9.5 million 2001 Park Improvement Bond proceeds are being used to construct new parks, renovate established parks, and purchase future park development land.

(d) Prior to fiscal year 2008-09, the Airport Maintenance Fund was a non-major fund. Beginning fiscal year 2008-09, the Airport Maintenance Fund is a major fund.

(e) As of fiscal year 2008-09, the Improvements, Fire, and Parks & Recreation Funds moved into the General Fund.

(d) During fiscal year 2004-05, the City received capital grants and contributions from the Federal Aviation Administration totaling approximately \$441,000 to improve and expand apron and safety areas at the McMinnville Municipal Airport.

(e) During fiscal years 2005-06 and 2006-07, the City received capital grants and contributions totaling approximately \$1,817,000 and \$715,000, respectively, to build the Virginia Garcia Memorial Health Center, a primary care clinic.

(f) During fiscal year 2006-07, the City earned interest of approximately \$424,000 on the 2006 public safety and civic buildings bond proceeds. Also, Municipal Court collections increased approximately \$100,000.

(g) During fiscal year 2006-07, the City received \$325,000 from Evergreen International Aviation to provide seed money for a new federal aviation administration grant for runway and taxiway improvements, \$92,000 of which was received in fiscal year 2006-07.

(h) Prior to fiscal year 2008-09, the Building Division was a governmental activity, included in Community Development. Beginning fiscal year 2008-09, the Building Division is a business-type activity.

(i) System development charges and subdivision capital contributions were significantly less in fiscal year 2008-09 due to a sharp down-turn in the construction industry.

(j) During fiscal year 2008-09, the City improved runways and taxiways at McMinnville Municipal Airport financed by capital grants from the Federal Aviation Administration.

Note: Prior to 1998 maximum assessed value equaled estimated real market value. Effective fiscal year 1997-98, with the implementation of Oregon Ballot Measure 50, maximum assessed value was reduced to 1995 estimated real market value less ten percent. Future increases are limited to three percent plus exceptions, which include, but are not limited to, new property and new improvements to property.

Note: Beginning fiscal year 1997-98, property tax rates are limited by an amendment to Oregon's constitution referred to as the permanent rate limit. Districts can levy a property tax rate every year that is less than or equal to this limit without additional voter approval. Voters can approve bond levies and local option levies in addition to the permanent rate levy.

(a) Yamhill County Extension Service, Yamhill County Soil & Water District, Yamhill County Emergency Communications District, Willamette Regional Education Service District, Chemeketa Library, and Chemeketa Community College.

(b) The City's permanent property tax rate limit established by Measure 50 is \$5.02 per thousand of assessed value.

(a) Sewer rates are applied to water consumption amounts to derive sewer revenue.

(b) Commercial sewer customers that do not have irrigation systems are billed according to actual water usage for all months.

(c) Commercial sewer customers that have irrigation systems are billed according to actual water usage during the winter months (December - March) and are billed on the previous winter's monthly average water consumption or actual water usage, whichever is less, during the remaining months (April - November).

(d) Residential sewer customers are billed according to actual water usage during the winter months (December - March). The remaining months (April - November) sewer charges are based on the previous winter's monthly average water consumption or actual water usage, whichever is less.

Note: Sewer rates are set by City Council taking into consideration the City's *Sewer Master Plan* which provides recommendations for future operational and capital needs.

(a) Beginning fiscal year 2004-05, the *City of McMinnville 2004 Sewer Rate Equity Review* was implemented. The *Review* recommendations implemented were a three-year gradual shift of sewer costs to non-residential and high water usage residential customers and the finding that sewer user fees needed to increase 2.75 percent per year through fiscal year 2011-12 to cover operating costs, cost of capital improvements, and to build an approximate \$7.5 million reserve for future Water Reclamation Facility expansion.

Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

The percentage of overlapping debt applicable is estimated using estimated real market values. Applicable percentages were estimated by determining the portion of another governmental unit's estimated real market value within the City's boundaries and dividing it by each governmental unit's total estimated real market value.

Note: The 2004 Master Sewer Revenue Refunding Bond Declaration includes two rate covenants:

- The first bond covenant test provides that the City's net sewer revenue (operating net income, plus depreciation, and development charges and fees) must be at least equal to 100% of the fiscal year's annual debt service on the 2004 sewer system revenue refunding bonds plus 100% of the fiscal year's annual debt service on all outstanding subordinated debt which is the OECDD W/WWF 2000 note payable (see note III. F. 4.).
- The second bond covenant test provides that the City's net sewer revenue must be at least equal to 120% of the fiscal year's annual debt service on the 2004 sewer system revenue refunding bonds.
- The City met and exceeded each of these bond covenant tests.

(a) Prior to fiscal year 2008-09, the Building Division was included in community development, a governmental activity. Beginning fiscal year 2008-09, the Building Division is a business-type activity.

(b) Fire and ambulance FTEs are a single group of employees whose time is allocated between the two functions. Prior to fiscal year 2008-09, fire and ambulance FTEs were associated with one function or the other and the costs were allocated via transfers. Beginning fiscal year 2008-09, FTEs are allocated between the two functions directly resulting in no transfers of costs.
