

STATISTICAL SECTION

This part of the City's *Comprehensive Annual Financial Report (CAFR)* presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and supplementary information says about the City's overall financial health.

Financial Trends

The schedules on pages 141-149 contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

The schedules on pages 150-161 contain information to help the reader assess the City's most significant local revenue sources, property tax and sewer charges.

Debt Capacity

The schedules on pages 162-168 present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic and Economic Information

The schedules on pages 169-172 offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

The schedules on pages 173-178 contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The City implemented GASB Statement 34 in fiscal year ended June 30, 2003; schedules presenting government-wide information include information beginning in that year.

(a) The 1994 sewer system revenue bond issuance required the City to establish a sewer revenue bond debt service account with a trustee and to deposit monthly one-twelfth of the annual debt service. With the 2004 sewer revenue bond refunding, the requirement was eliminated from the bond issuance requirements as the City had 10 years of successful debt service payment history.

Last Four Fiscal Years
(modified accrual basis of accounting)

(c) During fiscal years ended 2003, 2004, and 2005, significant park construction, improvements, and land purchases occurred using the proceeds of the 2001 Park Improvement Bonds and park system development charges.

(d) During fiscal year ended June 30, 2006, the City received \$884,000 from Virginia Garcia Memorial Health Care Center to supplement the capital grant to build the Virginia Garcia Memorial Health Care Center, a primary care center.

(e) During fiscal year ended June 30, 2006, the City expended approximately \$1,817,000 to build the Virginia Garcia Memorial Health Center, a primary care clinic. The City does not own the facility and therefore did not capitalize the expenditures.

Source: Yamhill County Assessor's Office

Note: Prior to 1998 maximum assessed value equaled estimated real market value. Effective fiscal year ended June 30, 1998, with the implementation of Oregon Ballot Measure 50, maximum assessed value was reduced to 1995 estimated real market value less ten percent. Future increases are limited to three percent plus exceptions, which include but are not limited to new property and new improvements to property.

(a) 1998 values are extrapolated, except total maximum assessed value of \$1,063,998,935 due to change in property tax valuation methodology.

(b) Excludes tax-exempt property.

Note: Beginning fiscal year ended June 30, 1998, property tax rates are limited by an amendment to Oregon's constitution referred to as the permanent rate limit. Districts can levy a property tax rate every year that is less than or equal to this limit without additional voter approval. Voters can approve bond levies and local option levies in addition to the permanent rate levy.

(a) Yamhill County Extension Service, Yamhill County Soil & Water District, Yamhill County Emergency Communications District, Willamette Regional Education Service District, Chemeketa Library, and Chemeketa Community College.

(b) The City's permanent property tax rate limit established by Measure 50 is \$5.02 per thousand of assessed value.

(a) Sewer rates are applied to water consumption amounts to derive sewer revenue.

(b) Commercial sewer customers that do not have irrigation systems are billed according to actual water usage for all months.

(c) Commercial sewer customers that have irrigation systems are billed according to actual water usage during the winter months (December - March) and are billed on the previous winter's monthly average water consumption or actual water usage, whichever is less, during the remaining months (April - November).

(d) Residential sewer customers are billed according to actual water usage during the winter months (December - March). The remaining months (April - November) sewer charges are based on the previous winter's monthly average water consumption or actual water usage, whichever is less.

Note: Sewer rates are set by City Council taking into consideration the City's *Sewer Master Plan* which provides recommendations for future operational and capital needs.

(a) Beginning fiscal year ended June 30, 2005, the *City of McMinnville 2004 Sewer Rate Equity Review* was implemented. The *Review* recommendations implemented were a three-year gradual shift of sewer costs to non-residential and high water usage residential customers and the finding that sewer user fees needed to increase 2.75 percent per year through fiscal year ending June 30, 2012 to cover operating costs, cost of capital improvements, and to build an approximate \$7.5 million reserve for future water reclamation facility expansion.

Total overlapping debt			<u>47,719,558</u>
Total direct and overlapping debt			<u>\$ 57,771,611</u>

Source: Oregon State Treasury Debt Management Division

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

(a) The percentage of overlapping debt applicable is estimated using estimated real market values. Applicable percentages were estimated by determining the portion of another governmental unit's estimated real market value within the City's boundaries and dividing it by each governmental unit's total estimated real market value.

Note: The 2004 Master Sewer Revenue Bond Declaration includes two rate covenants:

- The first bond covenant test provides that the City's net sewer revenue (operating net income, plus depreciation, and development charges and fees) must be at least equal to 100% of the fiscal year's annual debt service on the 2004 sewer system revenue refunding bonds plus 100% of the fiscal year's annual debt service on all outstanding subordinated debt which is the OECD W/WWF 2000 note payable (see note III. F. 5.).
- The second bond covenant test provides that the City's net sewer revenue must be at least equal to 120% of the fiscal year's annual debt service on the 2004 sewer system revenue refunding bonds.

The City met and exceeded each of these bond covenant tests.
