

Adult Technology Use Policy Internet and Word Processing Computers

- Upstairs Internet computers are for ages 13 and over.
- Word processing computers are available for all ages.
- There is a 1 hour limit per day for Internet computers. The hour can be split into more than one session a day.
- Word processing computers can be used for up to 2 hours per day.
- Reservations for Internet computers can be made in person for the same day. The library does not take computer reservations over the phone.
- Print copies are 5 cents for black and white and 50 cents for color.
- Only two people at a terminal at one time.
- Internet computers are unfiltered.
- Talking and other disturbances must be kept to a minimum.
- These terminals are for public use. Viewing and displaying sexually explicit sites is an illegal (O.R.S. 167.060) and inappropriate use of public property and a violation of the rights of others.

Violation of these policies will forfeit computer privileges. Repeat offenses will result in permanent suspension of computer use and possible imposition of legal sanctions.
