William Barlow III

Anna was raised in McMinnville, and after college and living and working throughout the US she and her husband returned to raise their family here as well. Growing up Anna spent many hours at the pool, library and parks, and she participated in a wide variety of Parks and Recreation Programs. In her teens these programs also provided some of her first employment opportunities refereeing sports, working the Joe Dancer concessions stand and being a site supervisor for Kids on the Block. Wanting to ensure these same experiences are available for the youth of McMinnville and the surrounding area, Anna is honored to be part of MAC PAC as it supports a diverse and deserving community (of all ages!) move into a new era with exciting opportunities and fresh facilities. When not working as an educator at Duniway Middle School (where her husband also teaches and both of her kids are students), Anna can be found gardening, trail running and encouraging her kids to stay off screens.
