1. Disc Golf is played like ball golf, using a flying disc. One stroke is counted for each throw, and when a penalty is incurred. The winner is the golfer with the lowest score.
2. After teeing off, the player whose disc is farthest from the hole always throws first. The player with the least amount of strokes on the previous hole(s) is first to tee-off on the next hole.
3. A disc that hits the target zone is a successful completion of that hole.
4. Any disc that comes to rest more than 2 meters (6 1/2 ft) above the ground is considered unplayable. The disc must be thrown from the ground directly below the disc. 1 throw penalty.
5. A throw that lands out-of-bounds (OB) must be played from the point where the disc went OB. Water, roads, pavilions, and walkways are normal disc OB. 1 throw penalty.
6. Never throw until the players ahead of you are out of range, and until the fairway is completely clear of spectators and park guests.
