**PUBLIC HEARING NOTICE
PLANNING COMMISSION REVIEW OF
COMPREHENSIVE PLAN AMENDMENT, ZONE CHANGE, PLANNED
DEVELOPMENT AMENDMENT, AND CONDITIONAL USE REQUESTS
1901 NW BAKER CREEK ROAD**

NOTICE IS HEREBY GIVEN that applications for a Comprehensive Plan Map amendment, a Zone Change, a Planned Development Amendment, and a Conditional Use have been submitted to the McMinnville Planning Department. The purpose of this notice is to provide an opportunity for surrounding property owners to submit comments regarding these applications or to attend the public meeting of the Planning Commission where this request will be reviewed and a public hearing will be held. Please contact Chuck Darnell with any questions at 503-434-7311, or chuck.darnell@mcminnvilleoregon.gov.

DOCKET NUMBER: CPA 2-19 / ZC 2-19 / PDA 1-19 / CU 2-19 (Comprehensive Plan Map Amendment, Zone Change, Planned Development Amendment, and Conditional Use)

REQUEST: The applicant is requesting the approval of four concurrent actions. The actions include: 1) Comprehensive Plan Map Amendment from a mix of Residential and Commercial designations to only Residential; 2) Zone Change from mix of R-1 (Single Family Residential) and EF-80 (remnant County Exclusive Farm Use zone from prior to annexation) to only R-1 (Single Family Residential); 3) Planned Development Amendment to remove the subject property from the Planned Development Overlay District governed by Ordinance 4633; 4) Conditional Use Permit to allow expansion of existing electrical power substation in the R-1 zone. The existing parcel contains multiple Comprehensive Plan and Zoning designations, and the proposal would bring the entire parcel under one Comprehensive Plan and Zoning designation to allow for the development of a use that is listed as a conditional use in the underlying R-1 zone. The site is the location of an existing electrical power substation, and the approvals listed above would allow for the expansion of the electrical power substation to serve future development in northern and western McMinnville.

APPLICANT: Samuel Justice, on behalf of McMinnville Water and Light

SITE LOCATION(S): 1901 NW Baker Creek Road (see attached map)

MAP & TAX LOT(S): R4418 00101

ZONE(S): R-1 (Single Family Residential) & EF-80 (Exclusive Farm Use)

MMC REQUIREMENTS: McMinnville City Code (MMC), Sections 17.74.020, 17.74.030, 17.74.040, & 17.74.070 (see reverse side for specific review criteria)

NOTICE DATE: June 6, 2019

PUBLIC HEARING DATE: June 27, 2019 at 6:30 P.M.

HEARING LOCATION: McMinnville Civic Hall Building
200 NE 2nd Street, McMinnville, OR, 97128

Proceedings: A staff report will be provided at least seven days before the public hearing. The Planning Commission will conduct a public hearing, take testimony, and then make a decision to either recommend approval of the application to the McMinnville City Council or deny the application.

Persons are hereby invited to attend the McMinnville Planning Commission hearing to observe the proceedings, and to register any statements in person, by attorney, or by mail to assist the McMinnville Planning Commission and City Council in making a decision. Should you wish to submit comments or testimony on this application prior to the public meeting, please call the Planning Department office at (503) 434-7311, forward them by mail to 231 NE 5th Street, McMinnville, OR 97128, or by email to chuck.darnell@mcminnvilleoregon.gov.

The decision-making criteria, application, and records concerning this matter are available in the McMinnville Planning Department office at 231 NE 5th Street, McMinnville, Oregon during working hours and on the Planning Department's portion of the City of McMinnville webpage at www.mcminnvilleoregon.gov.

Appeal: Failure to raise an issue in person or by letter prior to the close of the public hearing with sufficient specificity precludes appeal to the Land Use Board of Appeals (LUBA) on that issue.

The failure of the applicant to raise constitutional or other issues relating to proposed conditions of approval with sufficient specificity to allow the Commission to respond to the issue precludes an action for damages in circuit court.

The meeting site is accessible to handicapped individuals. Assistance with communications (visual, hearing) must be requested 24 hours in advance by contacting the City Manager (503) 434-7405 – 1-800-735-1232 for voice, or TDY 1-800-735-2900.

REVIEW CRITERIA:

MMC, Section 17.74.020: Comprehensive Plan Map Amendment and Zone Change - Review Criteria.

An amendment to the official zoning map may be authorized, provided that the proposal satisfies all relevant requirements of this ordinance, and also provided that the applicant demonstrates the following:

- A. The proposed amendment is consistent with the goals and policies of the Comprehensive Plan;
- B. The proposed amendment is orderly and timely, considering the pattern of development in the area, surrounding land uses, and any changes which may have occurred in the neighborhood or community to warrant the proposed amendment;
- C. Utilities and services can be efficiently provided to serve the proposed uses or other potential uses in the proposed zoning district.

When the proposed amendment concerns needed housing (as defined in the McMinnville Comprehensive Plan and state statute), criterion "B" shall not apply to the rezoning of land designated for residential use on the plan map.

In addition, the housing policies of the McMinnville Comprehensive Plan shall be given added emphasis and the other policies contained in the plan shall not be used to: (1) exclude needed housing; (2) unnecessarily decrease densities; or (3) allow special conditions to be attached which would have the effect of discouraging needed housing through unreasonable cost or delay.

17.74.030 Authorization to Grant or Deny Conditional Use. A conditional use listed in this ordinance shall be permitted, altered or denied in accordance with the standards and procedures of this chapter. In the case of a use existing prior to the effective date of this ordinance and classified in this ordinance as a conditional use, a change in the use or in lot area, or an alteration of any structure shall conform to the requirements for conditional uses. In judging whether or not a conditional use proposal shall be approved or denied, the Planning Commission shall weigh its appropriateness and desirability or the public convenience or necessity to be served against any adverse conditions that would result from authorizing the particular development at the location proposed and, to approve such use, shall find that the following criteria are either met, can be met by observance of conditions, or are not applicable:

- A. The proposal will be consistent with the Comprehensive Plan and the objectives of the zoning ordinance and other applicable policies of the City;

- B. That the location, size, design, and operating characteristics of the proposed development are such that it can be made reasonably compatible with and have minimal impact on the livability or appropriate development of abutting properties and the surrounding neighborhood, with consideration to be given to harmony in scale, bulk, coverage, and density; to the availability of public facilities and utilities; to the generation of traffic and the capacity of surrounding streets; and to any other relative impact of the development;
- C. That the development will cause no significant adverse impact on the livability, value, or appropriate development of abutting properties of the surrounding area when compared to the impact of permitted development that is not classified as conditional;
- D. The location and design of the site and structures for the proposal will be as attractive as the nature of the use and its setting warrants;
- E. The proposal will preserve environmental assets of particular interest to the community;
- F. The applicant has a bona fide intent and capability to develop and use the land as proposed and has no inappropriate purpose for submitting the proposal, such as to artificially alter property values for speculative purposes.

17.74.040 Placing Conditions on a Conditional Use Permit. In permitting a new conditional use or the alteration of an existing conditional use, the Planning Commission may impose, in addition to those standards and requirements expressly specified by this ordinance, additional conditions which it finds necessary to avoid a detrimental environmental impact and to otherwise protect the best interest of the surrounding area or the community as a whole. These conditions may include, but need not be limited to, the following:

- A. Limiting the manner in which the use is conducted including restrictions on the time a certain activity may take place and restraints to minimize such environmental effects as noise, vibration, air pollution, glare, and odor;
- B. Establishing a special yard or other open space, lot area, or dimension;
- C. Limiting the height, size, or location of a building or other structure;
- D. Designating the size, number, location and nature of vehicle access points;
- E. Increasing the amount of street dedication, roadway width, or improvements within the street right-of-way;
- F. Designating the size, location, screening, drainage, surfacing, or other improvement of a parking area or truck loading area;
- G. Limiting or otherwise designating the number, size, location, height and lighting of signs;
- H. Limiting the location and intensity of outdoor lighting and requiring its shielding;
- I. Requiring diking, screening, landscaping, or another facility to protect adjacent or nearby property and designating standards for its installation and maintenance;
- J. Designating the size, height, location, and materials for a fence;
- K. Protecting and preserving existing trees, vegetation, water resource, wildlife habitat, or other significant natural resource;
- L. Such other conditions as will make possible the development of the City in an orderly and efficient manner in conformity with the intent and purposes set forth in this ordinance.

MMC, Section 17.74.070: Planned Development Amendment - Review Criteria.

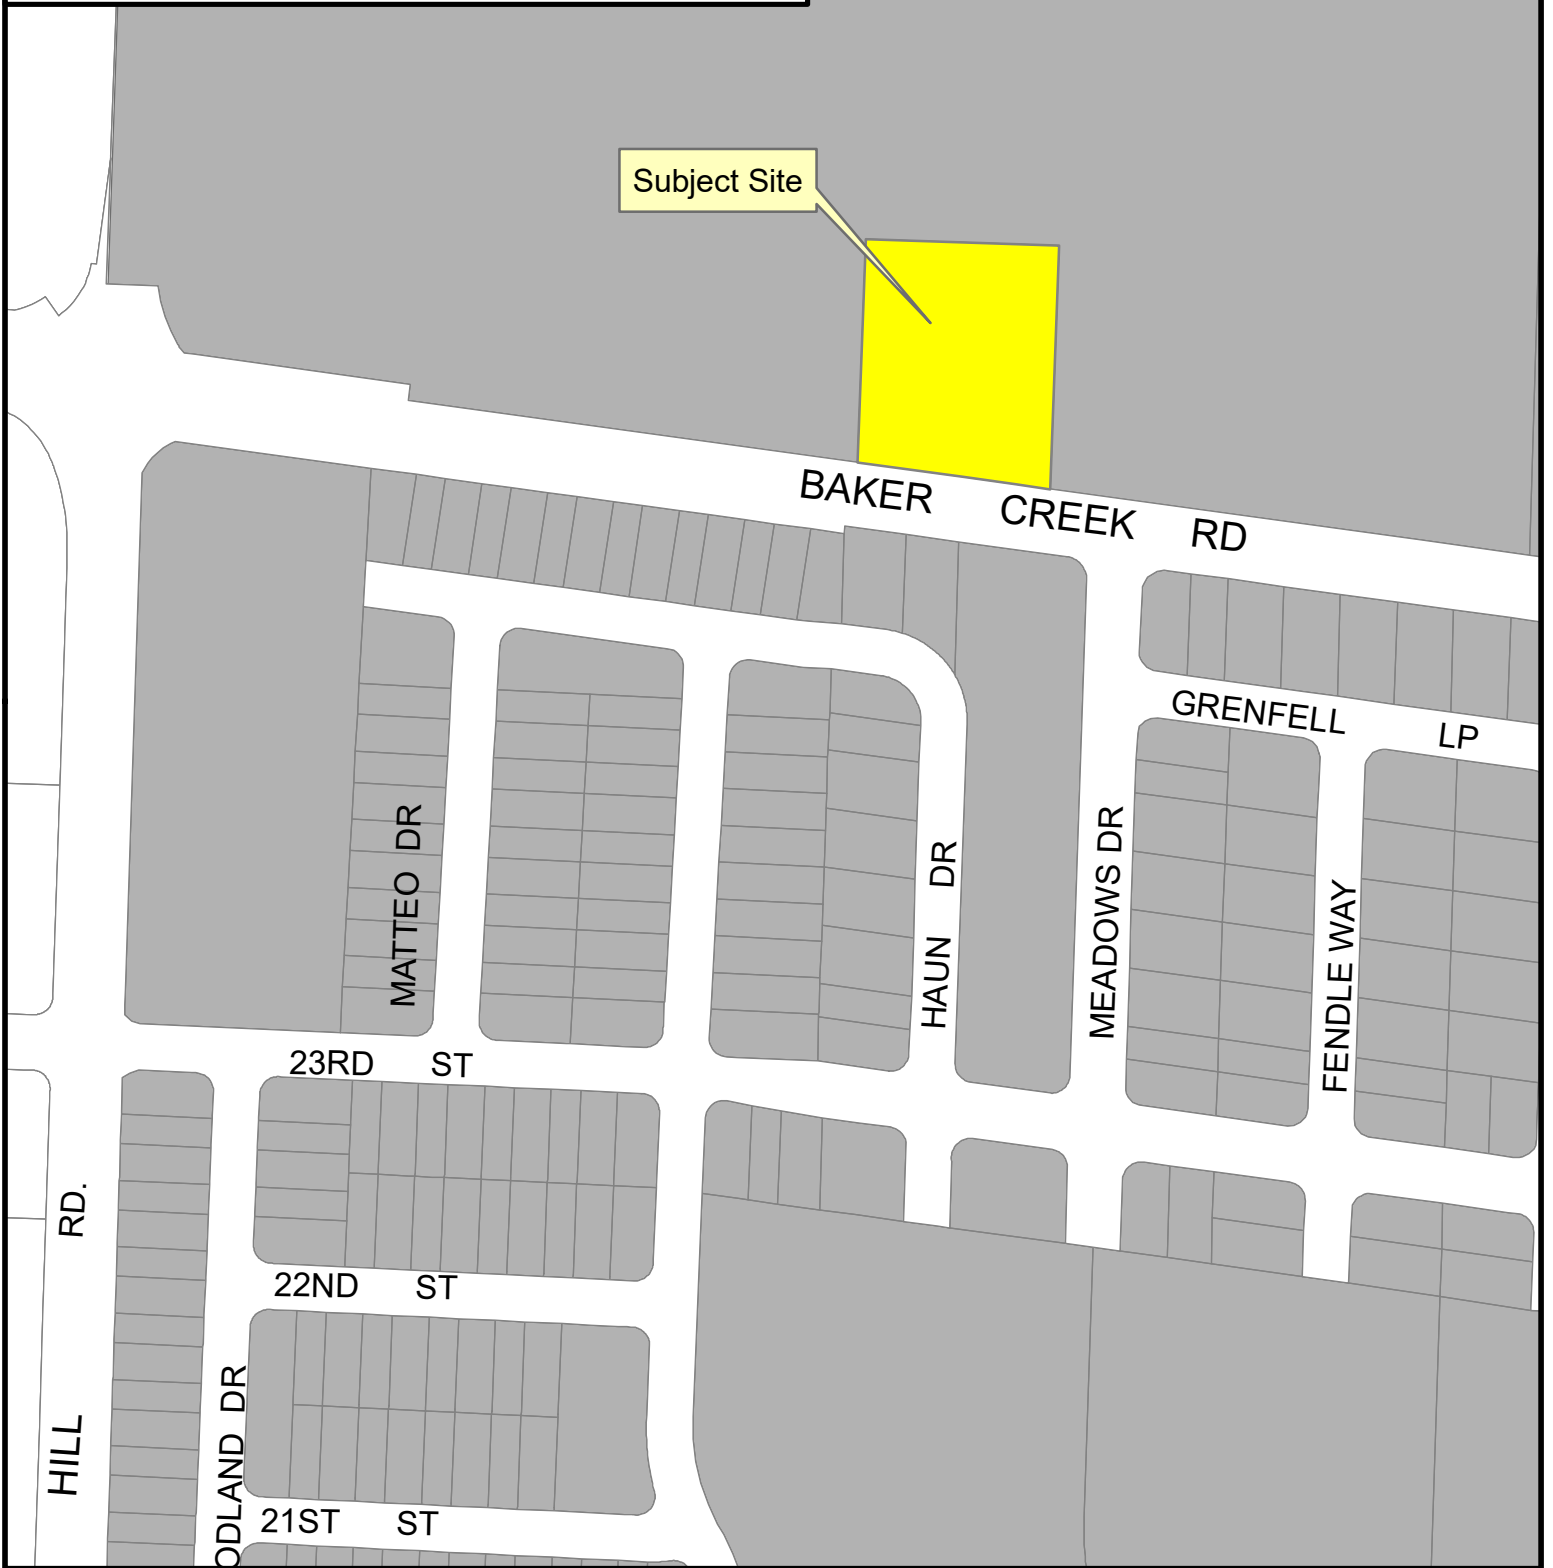

An amendment to an existing planned development may be either major or minor. Minor changes to an adopted site plan may be approved by the Planning Director. Major changes to an adopted site plan shall be processed in accordance with Section 17.72.120, and include the following:

- An increase in the amount of land within the subject site;
- An increase in density including the number of housing units;
- A reduction in the amount of open space; or
- Changes to the vehicular system which results in a significant change to the location of streets, shared driveways, parking areas and access.

An amendment to an existing planned development may be authorized, provided that the proposal satisfies all relevant requirements of this ordinance, and also provided that the applicant demonstrates the following:

- A. There are special physical conditions or objectives of a development which the proposal will satisfy to warrant a departure from the standard regulation requirements;
- B. Resulting development will not be inconsistent with the Comprehensive Plan objectives of the area;
- C. The development shall be designed so as to provide for adequate access to and efficient provision of services to adjoining parcels;
- D. The plan can be completed within a reasonable period of time;
- E. The streets are adequate to support the anticipated traffic, and the development will not overload the streets outside the planned area;
- F. Proposed utility and drainage facilities are adequate for the population densities and type of development proposed;
- G. The noise, air, and water pollutants caused by the development do not have an adverse effect upon surrounding areas, public utilities, or the city as a whole.
