

Tall Oaks Neighborhood in Opposition to MP 6 - 20

Who are Earl & Sheryl Anderson

Silent Majority

- We are retired professionals, typically quiet and respectful of our neighbors and our community

Senior Citizens

- We are long standing residents of McMinnville for over 36 years

Trusting

- We see the McMinnville Planning Commission as our most important safeguard in maintaining and improving the city's livability and protecting our quality of life

Fixed Income

- We have religiously paid our property taxes and supported local charities and initiatives. We do not wish to leave McMinnville, nor do we have significant resources to start over in another location

In addition to David Koch's Presentation
**Why are we opposed
to MP 6-20**

Choice of living in a natural setting

- One of the few locations within McMinnville that still resides in a green natural setting.

Wildlife

- Deer birds and other wildlife routinely visit our back yard which gives us great joy and peace.

Peace and Quiet

- The Cozine Creek area provides a soul nurturing break from the noise and congestion of the city and surrounding areas. Bedrooms in Tall Oaks are typically on the Cozine side of the house affording only the breeze in the trees and the birds to greet the day.

Privacy

- We entertain our family and guests in the back yard in full view of the birds and trees and deer. We endeavor to keep it that way for our grandchildren.
